AGENDA

**CITY OF WESTMINSTER
Mayor and Common Council Meeting
Monday, May 11, 2020 at 7 pm
<https://www.facebook.com/westminstermd/>**

1. CALL TO ORDER

2. APPROVAL OF MINUTES

A) Mayor and Common Council Meeting of April 27, 2020

3. PRESENTATIONS

A) Mayoral Proclamation, declaring May 17 – 23, 2020 as National Public Works Week

B) FY 2019 Financial Reports – Wanda Lynn and Ashley Hershey of Brown Schultz Sheridan & Fritz

C) Quarterly Update – Westminster Fiber Network Project – Ms. Matthews and Val Giovagnoni of Ting Internet

4. REPORT FROM THE MAYOR

5. COVID-19 PANDEMIC UPDATE

6. REPORTS FROM STANDING COMMITTEES

A) Arts Council

B) Economic and Community Development Committee

C) Finance Committee

D) Personnel Committee

E) Public Safety Committee

F) Public Works Committee

G) Recreation and Parks Committee

7. COUNCIL COMMENTS AND DISCUSSION

8. ORDINANCES & RESOLUTIONS

- A) Adoption of Ordinance No. 922 – An Ordinance of the Mayor and Common Council of Westminster, Maryland Approving and Adopting a Budget for the Fiscal Year Beginning July 1, 2020 and Ending June 30, 2021 – Ms. Palmer
- B) Approval of Resolution No. 20-03 – Approving and Adopting Plan Documents for the City’s Cafeteria Benefits Plan Including Its Flexible Spending Account – Ms. Childs
- C) Adoption of Emergency Ordinance No. 923 – An Ordinance Deferring the Effective Date of the City’s Plastic Bag Distribution Restrictions – Ms. Matthews

9. UNFINISHED BUSINESS

10. NEW BUSINESS

11. DEPARTMENTAL REPORTS

12. CITIZEN COMMENTS

Please submit comments to Shannon Visocsky, City Clerk, at Comments@westgov.com. If you would like your comments to be submitted as part of the record, please provide your full name and address. The Council President will read submitted comments that include the required information during the meeting, and they will be reflected in the meeting minutes.

13. ADJOURNMENT

13. ADJOURNMENT

MINUTES

CITY OF WESTMINSTER
Mayor and Common Council Meeting
Monday, April 27, 2020 at 7 pm
<https://www.facebook.com/westminstermd/>

CALL TO ORDER

Elected Officials Present: Councilmember Chiavacci, Councilmember Dayhoff, Mayor Dominick, Councilmember Gilbert, President Pecoraro, and Councilmember Yingling.

Staff Present: Director of Human Resources Childs, Director of Community Planning and Development Depo, Comprehensive Planner Gerhard, Director of Public Works Glass, Police Chief Ledwell, City Attorney Levan, City Administrator Matthews, Assistant Director of Recreation and Parks Mullendore, Director of Finance and Administrative Services Palmer, Director of Housing Services Valenzisi, and City Clerk Visocsky.

Guests: Graham Dodge, Executive Director of Mid-Atlantic Gigabit Innovation Collaboratory (MAGIC); and Kelly Shaffer Miller, Attorney of Shaffer & Shaffer, LLP.

APPROVAL OF MINUTES

President Pecoraro requested a motion to approve the minutes of the Mayor and Common Council Meeting of April 14, 2020.

Councilmember Chiavacci moved, seconded by Councilmember Dayhoff, to approve the minutes of April 14, 2020.

VOTE

AYES: President Pecoraro, Councilmember Chiavacci, Councilmember Dayhoff, Councilmember Gilbert, and Councilmember Yingling.

NAYS: None.

PRESENTATIONS

Mayoral Proclamations

Mayor Dominick presented Mayoral Proclamations, declaring the following:

- May as National Preservation Month;
- May 3 – 9, 2020 as Public Service Recognition Week; and,
- May 10 – 16, 2020 as National Police Week.

Quarterly Progress Report – Mid-Atlantic Gigabit Innovation Collaboratory (MAGIC)

Mr. Dodge, Executive Director of MAGIC, provided his quarterly update. A copy of Mr. Dodge's presentation is attached to these minutes and incorporated herein by reference.

President Pecoraro thanked Mr. Dodge for his presentation. Councilmember Yingling asked Mr. Dodge to elaborate on the potential grant opportunities cited during the presentation; Mr. Dodge replied that MAGIC had applied for two grants, totaling approximately \$90,000.

During the presentation, Mr. Dodge stated that MAGIC envisioned Westminster to be the next technology hub to emerge in the United States, following in the footsteps of Mountain View, California, Boulder, Colorado, and Austin, Texas. MAGIC has titled its project Silicon Main Street.

In response to Councilmember Chiavacci's inquiry concerning what MAGIC needed from the City, Mr. Dodge responded an executable economic development plan. Mr. Dodge added that such a plan would include promotion of the City's existing opportunity zone and the leveraging of the Town Center Corporation, with the goal of providing a return on investment to the City.

Councilmember Chiavacci stated that he would like the City to assist in promoting MAGIC, adding that Main Street Manager Sandy Anderson regularly communicates with the downtown businesses. Councilmember Chiavacci encouraged Mr. Dodge to speak with Ms. Anderson about how the City could support MAGIC's efforts.

Mayor Dominick noted that the redesign of the City's website, which he is working on with City staff, provided an opportunity to highlight the Westminster Fiber Network more prominently. He added that the discussion of Silicon Main Street ties into a long-term discussion of the City's staffing needs and new goals. Mayor Dominick stated that the City's Main Street initiative has historically focused on restaurants and retail businesses.

Mayor Dominick noted the inclusion of his picture and the reference to his company (Gauge Digital Media) in Mr. Dodge's presentation. He clarified that his company provided support for the featured co-work space, but that the donation was unrelated to MAGIC or to his role with the City. Mayor Dominick then requested that Mr. Dodge refrain from any future use of Gauge Digital Media's logo and his picture in future MAGIC presentations to avoid any potential promotion of his company or ethical concerns.

Mayor Dominick then asked Mr. Dodge when MAGIC would learn whether its funding applications were approved, and whether the any awarded funding would be recurring. Mr. Graham responded that MAGIC should learn the status of its applications in the June/July 2020 timeframe; he added that one grant would likely provide one-time funding, but the other grant program had the potential to provide recurring funding.

Councilmember Dayhoff echoed the comments of Councilmember Chiavacci and Mayor Dominick regarding opportunities for the City to cross-promote with MAGIC. He expressed his support for the Silicon Main Street initiative, adding that having a niche was a critical component of any economic development strategy. Councilmember Dayhoff concluded his comments by thanking Mr. Dodge for his excellent presentation.

Councilmember Yingling stated that, when he joined the Common Council, he was advised that MAGIC's focus was to bring economic development to the City, providing a return on the City's investment in the organization. He advised his colleagues that he had reached out to Mr. Graham to invite him to a future meeting of the Economic and Community Development Committee so that these issues could be discussed. Councilmember Yingling stated that Mr. Dodge had accepted the invitation, and that a Committee meeting would be held in the near future.

Proposed FY 2021 Budget

Ms. Matthews presented the proposed Fiscal Year (FY) 2021 Budget. A copy of Ms. Matthew's presentation is attached to these minutes and incorporated herein by reference.

At the conclusion of Ms. Matthews' presentation, President Pecoraro noted that there would be two budget work sessions, which would allow plenty of time for the Mayor and Common Council to discuss the budget proposal.

PUBLIC HEARING

Constant Yield Tax Rate

Mayor Dominick conducted a public hearing regarding the Constant Yield Tax Rate.

Ms. Palmer stated that, pursuant to Maryland State Tax law, the constant yield tax rate is calculated by the Department of Assessment's and Taxation for each taxing authority in the State. It represents the property tax rate for the coming tax year that will generate the same amount of revenue that was generated during the current tax year. She informed the Mayor and Common Council that the Fiscal Year (FY) 2020 property tax rate was \$0.56 per \$100 of assessed real property. In accordance with the direction of the Mayor and members of the Common Council's Finance Committee, the City Administrator's proposed budget for FY 2021 assumes a continuation of this rate. She stated that the rate is 3% higher than the constant yield tax rate of \$0.5425 per \$100 of assessed real property and would generate \$329,223 in new real property tax revenues.

Ms. Palmer recommended that the Mayor and Common Council hold the public hearing to receive community input regarding the City's FY 2021 real property tax rate. She added that the City adopted its tax rate as part of the overall budget, noting that Ordinance No. 922 adopting the FY 2021 budget was scheduled for introduction later in the meeting.

Mayor Dominick asked Ms. Palmer to elaborate on the increase in revenues despite the tax rate staying the same. Ms. Palmer replied that the City would realize revenue growth due to the higher property values and growth.

Councilmember Chiavacci inquired if similar advertising procedures would be required if property values decreased. Ms. Matthews stated that this had occurred during the late 200s recession, and there were no State requirements if the same tax rate yielded less revenue.

Mayor Dominick asked staff for clarification regarding comments from the public. Ms. Matthews responded that, in the public hearing advertisement, interested parties were informed to provide their written comments to Ms. Visocsky prior to the meeting. No comments were received.

President Pecoraro recommended that the public hearing record remain open until the close of business on May 1, 2020. With no further discussion by the Common Council, Mayor Dominick stated that the public hearing would remain open until May 1, 2020 to allow additional time for public comments to be submitted.

CONSENT CALENDAR

President Pecoraro requested a motion to approve the Consent Calendar consisting of the following:

- Approval of March 2020 Departmental Operating Reports;
- Approval – Deed of Easement for McDaniel College Storm Water Management Facility; and,
- Approval of Good Cause Waivers 20-01 and 20-02.

Councilmember Chiavacci moved, seconded by Councilmember Dayhoff, to approve the Consent Calendar as presented.

VOTE

AYES: President Pecoraro, Councilmember Chiavacci, Councilmember Dayhoff, Councilmember Gilbert, and Councilmember Yingling.

NAYS: None.

REPORT FROM THE MAYOR

Mayor Dominick stated that the City's website was one of the primary methods of communicating with the community. Given the City's desire to promote itself as tech forward, it was important that its website represent the City as such. Mayor Dominick stated that his goals in revamping the website were to enhance the user experience and information flow. He noted that 90% of the traffic on the City website concerned Recreation and Parks matters, such as special events information.

Mayor Dominick stated that he had participated in the recent Public Works Committee meeting regarding bulk item and yard waste collection.

Mayor Dominick shared with his colleagues that he was working with Ms. Matthews on a proposal to recognize the City staff members who continued to report to work during the COVID-19 pandemic. He anticipated having a final proposal with concrete numbers in the next 48 to 72 hours and would share the information with his colleagues at that time.

COVID-19 PANDEMIC UPDATE

Bulk Item and Yard Waste Collection during COVID-19 Pandemic

President Pecoraro noted the Mayor and Common Council's prior discussion of this matter on April 14, 2020. He then asked Mr. Glass to provide the staff report for this agenda item.

Mr. Glass stated that, in mid-March, the City modified the work schedules of many of its staff members in response to the COVID-19 pandemic. In most operational areas of Public Works, crews were divided in half to minimize potential disruption to the City's ability to provide critical services; if one crew becomes ill due to the coronavirus, the other crew would hopefully be healthy and available to work.

Mr. Glass noted that the amount of work that could be accomplished was reduced because Street Department staffing was cut in half during any given week; therefore, the decision was made to temporarily suspend bulk item and yard waste collection. The suspension impacted curbside collection of tree branches and brush, metal, yard waste, and large item collections such as furniture.

Mr. Glass stated that, as requested by the Mayor and Common Council on April 14, 2020, staff worked to develop a plan that would continue to prioritize employee safety, reduce the amount of paid administrative leave, avoid overtime costs, and allow some resumption of bulk item and yard waste collection service. As part of that effort, the Street Department staff assessed the extent of the uncollected items placed at the curb, and found that the majority of the items sitting at the curb were bags of grass clipping and leaves. Taking into account the concerns expressed at the April 14, 2020 meeting, and the data obtained through the Street Department assessment, Mr. Glass proposed the following:

- Removal of the current curbside debris on or around the last week of April, weather conditions permitting;
- A monthly collection of yard waste (grass clippings, tree limbs, etc.), with the service date advertised two weeks prior to the collection date through the City's customary communication channels;
- A quarterly collection of bulk items (furniture, mattresses, metal appliances, etc.), with the service date advertised two weeks prior to the collection date through the City's customary communication channels; and,
- A modified work schedule for Street and Utility Maintenance staff, with employees working 10 hours per day on a 3/2 split schedule to minimize employee contact and cross-contamination

from shared vehicles. This schedule would reduce paid administrative leave from 40 to 30 hours in a bi-weekly pay period and will not require the payment of overtime. Due to the 24/7 operation of the water plant and sewer plant, and the critical nature of those services, no change is proposed to the current seven days on, seven days off schedule.

Mr. Glass stated that staff would continue to monitor the latest public health guidance and Executive Orders issued by the Governor, and make adjustments in this plan as necessary.

President Pecoraro asked Mr. Glass if the Street Department had sufficient personal protective equipment to perform their work safely. Mr. Glass responded affirmatively.

Councilmember Dayhoff expressed his appreciation to everyone for working hard to pull together this proposal. He stated that this was indicative of how the Mayor and Common Council worked together to overcome differences of opinion. President Pecoraro thanked Councilmember Dayhoff for his communication with concerned citizens. Both Councilmember Gilbert and Councilmember Chiavacci stated that they were grateful for staff's efforts and were pleased that a modified pick up schedule could be put in place.

Councilmember Chiavacci asked Mr. Glass to clarify the work schedules of the Public Work staff going forward. Mr. Glass replied that water plant and sewer plant would continue to work seven days on, followed by seven days of administrative leave. The Street Department and Utility Maintenance Department staff would work ten hours per day under the new proposal, for a total of 50 hours worked and 30 hours of paid administrative leave during the bi-weekly pay period. Councilmember Chiavacci suggested that employees work on Saturdays and Sundays in order to reduce the amount of paid administrative leave. Mr. Glass noted that payment of overtime would be mandated under federal labor laws.

President Pecoraro stated that the pandemic situation was still evolving, and that adjustments would continue to be made. He noted that Mr. Chiavacci had raised an important point, and that staff understood his concern.

The Mayor and Common Council unanimously agreed to move forward with Mr. Glass' proposal.

Other Matters

Councilmember Pecoraro reminded everyone that the Westminster Flower and Jazz Festival, as well as the American Legion's Memorial Day Parade, had been canceled.

Ms. Matthews informed the elected officials that a decision to cancel the Westminster Beer and BBQ Stroll must be made by May 1, 2020 to avoid certain financial losses. Even if the Governor's Executive Order restrictions were lifted in the near future, there would not be sufficient time for the Recreation and Parks staff to make the necessary changes in the event structure to comply with anticipated requirements. For that reason, staff recommended that the City cancel the Stroll.

Mayor Dominick agreed with staff's recommendation, citing the timeline involved, the costs the City would incur by not making a decision by May 1, and the likelihood that restrictions on large gatherings would remain in place for the foreseeable future.

Councilmember Chiavacci asked Ms. Mullendore for a breakdown of the non-refundable costs the City would incur if it did not cancel the event by May 1. In response, Ms. Mullendore cited approximately \$3,400 in deposits for entertainment, \$366 owed to MissionTix, \$1,637 in equipment rental deposits, \$250 for the liquor license, and \$1,500 in refunds for VIP tickets. Ms. Mullendore stated that it was unclear whether vendors would be entitled to deposits due to the unforeseen circumstances of the COVID-19 pandemic.

Ms. Matthews and Ms. Mullendore also shared their concerns regarding the City's ability to provide proper disinfection for the safety of attendees, volunteers, and City staff, even if the Governor lifted his restriction on such large scale events. Councilmember Chiavacci suggested rescheduling the event to the fall. Ms. Mullendore reminded him that the Fallfest Festival and the Oyster Stroll were already scheduled a few weeks apart in the fall, and it would be difficult for staff to manage another event in this timeframe.

President Pecoraro recognized the difficult choice that needed to be made, but felt it was the best for the City to make a decision now rather than postpone it. Councilmember Dayhoff also shared his support for canceling the event.

Councilmember Gilbert suggested that consideration be given to offering some type of virtual event. Ms. Mullendore replied that Recreation and Park staff would be happy to explore possible options. As Chair of the Recreation and Park Committee, Councilmember Dayhoff expressed his support for Councilmember Gilbert's suggestion, stating that a virtual event would provide an opportunity to promote the Recreation and Parks Department while sharing the City's appreciation to its community.

Councilmember Dayhoff shared his appreciation for how the Westminster community has come together during a difficult time.

Councilmember Dayhoff noted that the Maryland Municipal League conference, generally held in Ocean City, Maryland, during the month of June, would be held virtually due to the COVID-19 pandemic. Ms. Matthews informed the elected officials that Ms. Schlitzer had canceled the hotel reservations. Staff had not yet registered the City's attendees given the uncertainty surrounding the conference, so no refunds needed to be processed.

Chief Ledwell informed the Mayor and Common Council that the Westminster Police Department was tracking City expenses related to the COVID-19 response. Other City departments were providing their expenses to the Police Department, which would aggregate the information and submit it to Carroll County Government as part of its CARES Act, a Coronavirus Relief Fund, filing.

Chief Ledwell reported that 403 COVID-19 cases had been reported in Carroll County: 47 fatalities and 71 released from isolation after testing positive. The Mayor and Common Council asked Chief Ledwell if these cases were broken down in more geographic detail. Chief Ledwell responded that these were the cases reported to the Carroll County Health Department, and no further information was available.

Councilmember Dayhoff asked Chief Ledwell for an update on Access Carroll's medical respite site at East Middle School. Chief Ledwell replied that nine homeless individuals were utilizing the respite site, none of whom were diagnosed with the coronavirus.

President Pecoraro thanked the Westminster Police Department and Public Works Department for continuing to provide services to the community.

REPORTS FROM STANDING COMMITTEES

There were no reports from the following Standing Committees: Economic and Community Development Committee, Personnel Committee, and Recreation and Parks Committee.

Councilmember Dayhoff, on behalf of the Arts Council, reported that the virtual PEEPshow prequel would continue until May 7, 2020. For more information, he asked that everyone check out the Carroll Arts Center's newly redesigned website. Councilmember Dayhoff also reported that installation of the new HVAC system at the Carroll Arts Center was delayed due the Public Works Department provided

an update that the installation of the HVAC system was delayed due to the system manufacturer's closure as a result of the COVID-19 pandemic.

President Pecoraro, on behalf of the Finance Committee, thanked Ms. Matthews and Ms. Palmer for their hard work on preparing the budget presentation for FY 2021. He looked forward to the budget workshops on April 30 and May 4, 2020.

Councilmember Chiavacci, on behalf of the Public Safety Committee, reported that crime rates in the City were continuing to decrease since 2019. He then expressed his appreciation for the police officers reporting to work as usual and being on the front lines during the pandemic.

Councilmember Yingling, on behalf of the Public Works Committee noted the recent visit to Capitol Hill by Mr. Glass and Watek, the City's engineering consultant for the pilot project, in conjunction with representatives from the WaterReuse Association; the parties met with the staffs of Senator Cardin and Senator Van Hollen to secure funding for the Alternative Water Source Grants Pilot Program. Councilmember Yingling reported that the lobbying effort was successful, as \$25 million per year was allocated in the draft Senate water infrastructure bill. The WaterReuse Association reported that Maryland's senators were instrumental in securing the funding's inclusion.

COUNCIL COMMENTS AND DISCUSSION

Councilmember Dayhoff expressed his appreciation for the excellent staff report provided in the agenda packet related to the Good Cause Waiver approved earlier in the agenda. He also thanked Ms. Matthews and Ms. Palmer for their hard work on the budget for FY 2021.

Councilmember Dayhoff shared his hope that the pandemic would provide time for the elected officials and staff to make progress on pending initiatives. He understood, however, that the pandemic had created new challenges to which the City had to respond.

Mayor Dominick thanked City staff and residents for their actions during the pandemic. Many were doing things that they customarily did not do, and some were at greater risk as a result. Mayor Dominick noted the recent work of the Public Works Committee and Finance Committee. He then thanked Ms. Matthews and the other members of the City staff for their work during the pandemic. Mayor Dominick noted that, despite the challenges and losses resulting from the pandemic, there were opportunities to be creative and to identify what could be done. He was proud that the City was approaching the situation in this manner.

ORDINANCES & RESOLUTIONS

Ordinance No. 922

Ms. Palmer informed the Mayor and Common Council that Ordinance No. 922, was an ordinance to approve and adopt a budget for the fiscal year beginning July 1, 2020 and ending June 30, 2021. She recommended that the Common Council introduce the ordinance. Ms. Palmer noted that the ordinance was scheduled for adoption on May 11, 2020.

Councilmember Chiavacci moved, seconded by Councilmember Yingling, to introduce Ordinance No. 922, approving and adopting a Budget for Fiscal Year Beginning July 1, 2020 and Ending June 30, 2021.

VOTE

AYES: President Pecoraro, Councilmember Chiavacci, Councilmember Dayhoff, Councilmember Gilbert, and Councilmember Yingling.

NAYS: None.

UNFINISHED BUSINESS

Annual Review of Automated Enforcement Program – Year 10

Chief Ledwell noted that he presented the annual review for the Automated Enforcement Program (AEP) on April 14, 2020; at this time, the City's AEP consisted of a single red light camera located at Malcolm Drive and Nursery Road. As he noted on April 14, 2020, the Police Department was not opposed to terminating the AEP with the support of the Mayor and Common Council.

Chief Ledwell stated that, as requested by the Mayor and Common Council on April 14, 2020, he had compiled collision data for the intersection of Route 140 at Malcolm Drive, the previous location of four red light cameras that had been removed early in the history of the City's AEP. The elected body wanted to assess what happened in the wake of the removal of these cameras before making a decision on the remaining, single camera.

Councilmember Chiavacci stated that the data suggested that the AEP had reduced collisions. He noted that, since the remaining Site 505 camera was installed, a "no left turn" light was installed, which also contributed to the reduction in collisions. Councilmember Chiavacci concurred with the Police Department's recommendation to terminate the sole remaining red light camera.

Councilmember Gilbert and Mayor Dominick expressed their support for terminating Site 505. Mayor Dominick added that the data provided by Chief Ledwell supported the Police Department's recommendation to terminate the site, particularly given the program's operational impacts.

Councilmember Gilbert moved, seconded by Councilmember Chiavacci, to terminate the red light camera operation at Site 505.

VOTE

AYES: President Pecoraro, Councilmember Chiavacci, Councilmember Dayhoff, Councilmember Gilbert, and Councilmember Yingling.

NAYS: None.

NEW BUSINESS

Westminster Public Housing Agency FY 2020 Administrative Plan and 5-Year Plan

Ms. Valenzisi informed the Mayor and Common Council that the Public Housing Plan (PHA) was a comprehensive guide to PHA's policies, programs, operations, and strategies for meeting local housing needs and goals. There were two parts to the PHA Plan, The Five-Year Plan and the Annual Plan, which was submitted to the U.S. Department of Housing and Urban Development (HUD) every fifth PHA fiscal year and annually, respectively.

Ms. Valenzisi recommended certain changes to both the Five-Year Plan and the Annual Plan, as outlined in the staff report included in the agenda packet. She informed the Mayor and Common Council that the City's Advisory Board, comprised of randomly chosen participants in the City's Housing Choice Voucher Program, reviewed the proposed changes for the plans. Following their review, the board did not have any comments. If the Mayor and Common Council authorize the proposed changes, staff would then submit the plans to the HUD Field Office in Baltimore.

Councilmember Gilbert referred to the proposed change in Chapter 3 – Applying for Admission. She asked Ms. Valenzisi if the waitlist was accessible on the City's website. Ms. Valenzisi replied that a family could apply online at www.westminstermd.gov to be placed on the waitlist, at which time they could create an account that would allow them to check their placement number. Councilmember Gilbert then inquired how many were on the waitlist for the City's Housing Choice Voucher Program. Ms. Valenzisi replied that the waitlist consisted of more than 900 applicants.

Councilmember Gilbert then referenced Chapter 20 – Family Self-Sufficiency Program, asking Ms. Valenzisi the reason for deleting this chapter of the draft plan. Ms. Valenzisi replied that the City no longer receives grant funding for this program, and had previously satisfied the program's requirements.

Councilmember Chiavacci moved, seconded by Councilmember Gilbert, to approve the Westminster Public Housing Agency's FY 2020 Administrative Plan and Five-Year Plan as presented.

VOTE

AYES: President Pecoraro, Councilmember Chiavacci, Councilmember Dayhoff, Councilmember Gilbert, and Councilmember Yingling.

NAYS: None.

Possible Additional Work for 45 West Main Work

Ms. Matthews informed the Mayor and Common Council that the City requested pricing from Warner Construction for possible additions to the contracted scope of work for 45 West Main Renovation Project. Warner Construction provided final change order pricing for three items as described in the staff memo included in the agenda packet. Ms. Matthews then addressed each of the change orders for discussion.

- **Additional Telecommunications Items**

Ms. Matthews noted, that just prior to the meeting, Gant Brunnett Architects provided information on a less costly approach for the telecom items, reducing the pricing for this discretionary change order from \$32,423.85 to \$11,666.50. Mayor Dominick posed a technical question regarding the installation approach. Councilmember Chiavacci suggested that the Common Council move forward with a vote on this item, allowing Mayor Dominick to make the final decision after discussing the pending issue with City staff. He noted Mayor Dominick's expertise in this area.

Councilmember Chiavacci moved, seconded by Councilmember Dayhoff, to approve the Change Order for the additional Telecommunications items and to allow Mayor Dominick to execute the necessary paperwork after completion of his review.

VOTE

AYES: President Pecoraro, Councilmember Chiavacci, Councilmember Dayhoff, Councilmember Gilbert, and Councilmember Yingling.

NAYS: None.

- **Additional Storefront and Curtain Walls**

Ms. Matthews noted that she had emailed pictures of the various options, which included full replacement of the windows, keeping the existing windows and painting the spandrel panels to match the standing seam roof, or no change at all. The cost for painting the spandrel panels was pending, but would be considerably less expensive than the full replacement option. Following discussion and review of these options, the Mayor and Common Council agreed that it was not worth the expense to replace the windows. They directed Ms. Matthews to bring back pricing information for painting the spandrel panels to match the standing seam roofing.

- **Conduit Relocation**

Following review of the change order to relocate the electrical conduits discovered during demolition, Ms. Matthews recommended approval as presented.

Councilmember Chiavacci moved, seconded by Councilmember Dayhoff, to approve the Change Order for conduit relocation in the amount of \$2,033.90.

VOTE

AYES: President Pecoraro, Councilmember Chiavacci, Councilmember Dayhoff, Councilmember Gilbert, and Councilmember Yingling.

NAYS: None.

Ms. Matthews informed the Mayor and Common Council that, in addition to the above change orders, Warner Construction provided preliminary estimates for other proposed work at 45 West Main Street. These preliminary estimates would likely increase by 20 – 25% once all overhead and general conditions cost and fees were included. She stated that if the estimates were accepted, much of the work would be completed simultaneously and would not warrant the cumulative added workdays associated with each individual task. Ms. Matthews noted that Gant Brunnett reviewed the preliminary estimates submitted by Warner Construction for the informal request for proposals (IRFP), and found them to be reasonable as described in the agenda packet. She then presented each item for discussion by the Mayor and Common Council.

- **IRFP #1 – Parking Lot Paving (\$36,192.45)**
The Mayor and Common Council’s consideration of this matter included the most cost-efficient way to accomplish the work (by Warner Construction or by the City’s street paving contractor), operational disruption if the work was undertaken following building occupancy, and the financial impact of the COVID-19 pandemic on the FY 2021 budget.

Councilmember Yingling moved, seconded by Councilmember Gilbert, to approve Warner Construction to do the parking lot paving at the preliminary cost of \$36,192.45 as presented.

VOTE

AYES: President Pecoraro, Councilmember Gilbert, and Councilmember Yingling.

NAYS: Councilmember Chiavacci and Councilmember Dayhoff.

- **IRFP #2 – Parking Lot Lighting (\$20,219.85 + Estimated Engineering Fees of \$6,000)**
During the discussion of this matter by the Mayor and Common Council, staff was asked if the parking lot lighting needed to be replaced immediately. Ms. Glass stated that he would like the opportunity to inspect the fixtures. Matthews and Mr. Glass explained that the existing posts were deteriorating. The Mayor and Common Council unanimously agreed to have Mr. Glass assess the parking lot lighting before making a decision.
- **IRFP #4 – Masonry Air Shaft Walls (\$13,516.65)**
Ms. Matthews informed the Mayor and Common Council that the air shaft located in the rear of the building was surrounded by glazed brick walls that were beginning to crack. The proposal was to demolish the brick walls and replace them with a louvered mechanical-screen fence, Councilmember Dayhoff noted that the height and materials of the existing walls were designed as such to prevent car exhaust from being brought into the building. The Mayor and Common Council agreed to defer consideration of this item until a future date to allow staff to research Councilmember Dayhoff’s concerns. Ms. Matthews noted that this item was not time sensitive.
- **IRFP #5 – Detergent Wash Building Exterior (\$4,200.00)**
Due to the lateness of the hour, Ms. Matthews recommended deferring this item until a future meeting, as it was not time sensitive. The Mayor and Common Council concurred.

DEPARTMENTAL REPORTS

City Administrator

Ms. Matthews reported that, during the bi-weekly progress meeting for the 45 West Main Renovation Project on April 21, 2020, Warner Construction informed staff that it had moved to four 10-hour days for weeks when County inspections were scheduled. She explained that this was to accommodate the

restrictions put in place by the County, stipulating that the building must be vacant for 24 hours prior to the inspection. Additionally, Warner Construction reported that it had implemented a new safety precaution as of April 22, 2020, requiring all visitors to wear facemasks while on-site.

Ms. Matthews noted her report on April 14, 2020, during which she provided an update on the redevelopment of the former Stocksdale Property. Partners for Economic Solutions (PES), the firm retained by the City to assist us with marketing the property for redevelopment, reported that its initial outreach to the development community indicated an unwillingness to review new opportunities in this time of great uncertainty and financial strife. Ms. Matthews informed the Mayor and Common Council that PES recommended that the developer solicitation be delayed until the markets had a chance to recover and future prospects became clearer. After consultation with the Mayor and members of the Economic and Community Development Committee, Ms. Matthews informed PES that the developer solicitation was put on hold.

Ms. Matthews shared with the Mayor and Common Council that she had followed up with PES on the status of the preliminary Site Characterization Report. PES reported that they are in the process of refining the models and numbers, so the Report upload to the FTP site was delayed.

Westminster Volunteer Fire Department

Councilmember Dayhoff, on behalf of the Westminster Volunteer Fire Department President Daniel Plunkert, reported that the department continued to be busy. He stated that there were concerns about maintaining an adequate supply of personal protective equipment.

Community Planning and Development

Mr. Depo reported that, on May 5, 2020, the Board of Zoning Appeals would review the special exception for the Valvoline Service Station. He noted that the traffic concerns would be addressed, as raised by Councilmember Chiavacci on April 14, 2020.

On May 6, 2020, the Historic District Commission would review the following:

- Historic Tax Credit Applications;
- The Commission's Rules of Procedure for Tax Credits; and,
- The Commission's Rules of Order and Procedure.

Mr. Depo then informed the Mayor and Common Council that the Planning and Zoning Commission was tentatively scheduled to review the following at its meeting on May 14, 2020:

- Site Development Plan and Utility Easement Plan for Westminster Mission BBQ;
- Signage for Big Lots;
- Site Development Plan for Royal Farms;
- Site Development Plan for Family and Children's Services; and,
- The County's Annual report.

Westminster Police Department

Chief Ledwell reported that officers continued to enforce the Governor's Executive Orders prohibiting gatherings of more than ten people, operation of non-essential businesses, and face

covering not being worn. They also were periodically stopping by Access Carroll's respite site. Chief Ledwell shared that call volume remains below average; calls for service were mostly for domestic abuse and assault complaints, disorderly conduct calls, and emergency petitions for suicidal individuals.

Finance and Administrative Services

Ms. Palmer reported that the presentation of the 2019 Audit Financial Reports would be held during the Mayor and Common Council meeting on May 11, 2020. She stated that the City's current auditing firm was very detailed and specific in its findings, adding that she welcomed their feedback and the opportunity to improve City operations in conjunction with other staff members. Ms. Palmer encouraged the Mayor and Common Council to review the Reports prior to the presentation.

Housing Services Department

Ms. Valenzisi reported that her department was conducting virtual inspections due to the pandemic. In the case of an unoccupied unit, staff would conduct an on-site inspection. Housing Services continues to process applications for the Rental Housing License Program.

CITIZEN COMMENTS

President Pecoraro read a comment submitted by Kevin Wagman, 153 East Green Street. Mr. Wagman thanked the Street Department staff for their dedication and making the City look beautiful. He commented that having yard waste and tree limb pickup allows residents to maintain their properties. Mr. Wagman also discouraged City residents from making critical comments about the City. He shared his pride in being a Westminster resident, and expressed his appreciation to the Mayor, Common Council, and City staff.

ADJOURNMENT

President Pecoraro adjourned the meeting at 10:14 pm.

Respectfully Submitted,

Shannon Visocky, City Clerk

Mayoral Proclamation

Recognizing National Public Works Week 2020

Whereas, public works services provided in the City of Westminster are an integral part of our residents' everyday lives; and,

Whereas, the services provided the Westminster Public Works Department staff include utility maintenance, snow plowing, water treatment and distribution, sewage treatment, street repairs, facility maintenance, and repair of City equipment; and,

Whereas, the health, safety, comfort, and quality of life of the Westminster community greatly depends on these services; and,

Whereas, the quality and effectiveness of these services, as well as their planning, design, and implementation, is vitally dependent upon the efforts and skill of the City's public works employees; and,

Whereas, the Mayor and Common Council wish to publicly salute the service and contributions of the employees of the Westminster Public Works Department.

Now, THEREFORE, I, Joe Dominick, Mayor of the City of Westminster, in conjunction with the Common Council, do hereby proclaim May 17 - 23, 2020, as National Public Works Week in the City of Westminster; and

BE IT FURTHER PROCLAIMED THAT all residents are encouraged to join the Mayor and Common Council in commemorating this observance by thanking the members of the Public Works Department, past and present, for their dedicated service to the City of Westminster and for their efforts to maintain and enhance the quality of life in the Westminster community.

Adopted this 11th day of May, 2020.

Joe Dominick
Mayor

To: Mayor and Common Council

From: Tammy Palmer, Director of Finance and Administrative Services

Date: May 7, 2020

Re: Presentation – FY 2019 Audited Financial Reports

Background

In accordance with §4-12.B of the City Code, an audited statement of the finances of the City is prepared on an annual basis as of the end of the preceding fiscal year. As is required by Generally Accepted Accounting Principles (GAAP), the audit is performed by a firm of independent Certified Public Accounts (CPA's) and the auditor's opinion is included in the financial statements. An independent audit is essential to demonstrate the accountability of government officials' use of public resources and provides a basis for user acceptance of the audited financial statements. The City has contracted with Brown, Shultz, Sheridan, Fritz, CPAs to perform an outside audit and to prepare the City's annual Financial Reports.

The Mayor and members of the Common Council have received a printed copy of the Financial Reports for fiscal year 2019.

Discussion

The City's audit was conducted in conformity with Generally Accepted Auditing Standards (GAAS). These are the standards that a CPA must follow when auditing financial statements. In an independent audit, the CPA expresses an opinion as to whether the financial statements present fairly the financial position and results of operations for the year ended. The fiscal year 2019 audit report includes this unqualified opinion. The report includes the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards; the Independent Auditor's Report on Compliance for Each Major Program; and on Internal Control over Compliance required by the Uniform Guidance.

There were eight findings on the fiscal year 2019 financial statements. A brief summary of the eight findings is provided below:

- Finding 2019-001 concerns transactions not recorded in the period of benefit.
- Finding 2019-002 relates to the number of post-year adjustments.
- Finding 2019-003 involves Capital Assets being posted in the wrong period.
- Finding 2019-004 addresses inventory not correctly reflected on invoices.
- Finding 2019-005 relates to deposits not made to City accounts.

- Finding 2019-006 involves not allocating expenses to the Public Housing Agency consistently.
- Finding 2019-007 concerns the Public Housing Agency deposit agreement not being up to date.
- Finding 2019-008 addresses the Public Housing Agency Voucher Management System not being updated in a timely manner.

The Financial Reports reflect the reporting format (GASB 34) and classifications of fund balance (GASB 54), which are required for all government entities. The overall goal of the GASB 34 format is to answer the question of whether a government as a whole is in better or worse financial condition than the preceding year. In fiscal year 2019, the City of Westminster's government-wide change in financial position was a net increase of \$8,289,660. Net position is a term that most closely resembles equity in private sector financial statements, and represents the difference between the City's assets, deferred inflows of resources, deferred outflows of resources and liabilities.

The classifications of fund balance, required in governmental funds in accordance with GASB 54, serve to further clarify the constraints on the uses of funds by the level of authority where such constraints are placed. At June 30, 2019, the City's unassigned General Fund balance was \$16,038,737. All governmental funds ended the year with positive net positions.

Recommendation

Staff recommends acceptance of the Annual Financial Reports, as presented.

April 9, 2020

The Honorable Mayor and Common Council
and the Citizens of the City of Westminster:

State law requires that all general-purpose local governments publish a complete set of audited financial statements within six months of the close of each fiscal year. After receiving an extension, we hereby issue the comprehensive annual financial report for the City of Westminster, Maryland for the fiscal year ended June 30, 2019.

This report consists of management's representations concerning the finances of the City of Westminster. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal controls should not outweigh their benefits, the City of Westminster's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Westminster's financial statements have been audited by Brown Schultz Sheridan & Fritz (BSSF), a firm of licensed certified public accountants. Based on this audit, the independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion that the City of Westminster's financial statements for the fiscal year ended June 30, 2019 are fairly presented in conformity with Generally Accepted Accounting Principles (GAAP). The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of City of Westminster was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Government

Westminster was founded in 1764 by William Winchester of England. Winchester originally named his planned community "Winchester's Town." The community changed its name to Westminster in 1768 because mail was frequently mistakenly delivered to nearby Winchester, Virginia.

In 1764, Winchester located Westminster on one of the three main western-bound routes in what is now known as Carroll County. Today, these routes are known as Route 30, Route 140, and Route 26. These roadways were critical for the economic expansion of the fledgling colony of Maryland. Winchester established Westminster ten miles - one day's travel - between Reisterstown and Taneytown, Maryland. This resulted in Westminster quickly establishing hotels, eating establishments, and provisioning stores.

Westminster's first settlers were predominately Germans and Scotch-Irish, who moved to the Westminster area from southern Pennsylvania. Much of the early industry was agriculture, tanning, banking, and a wide variety of merchants and craftsmen. Hotels and restaurants were also an important part of local commerce, catering to westward bound travelers well into the late 1800s.

According to "What Ever Happened to our Hotels," written by former Historical Society curator Lillian Shipley in September 1971, as late as "around the turn of the (20th) century Westminster had 7 churches, 7 hotels, and 18 saloons." "The hotels (were the) Eastern or East End, the Main Court, the Central, the Westminster (Charles Carroll Hotel,) the Albion, the Montour House, and the Anchor."

Originally, Westminster sat on the boundary line between Frederick and Baltimore Counties. In 1837, Carroll County was created from portions of Frederick and Baltimore Counties.

Until a formal organized municipal government was adopted in 1818, the Union Meeting House, and its board of trustees, was utilized as a "governing body" for the early settlers. Westminster was originally incorporated in 1818 and provided for the community to be governed by a burgess and six commissioners elected annually. The 1818 incorporation also consolidated three adjoining towns into one town called Westminster: Westminster, New London, and Winter's Addition to Westminster. From the initial incorporation passed by the Maryland General Assembly in Chapter 128, Acts of 1818, through a subsequent incorporation in 1830, until 1856, Westminster had a Burgess and Commissioner form of government. The first "Mayor" of the City of Westminster was Francis Shriver, who served from 1856 to 1858.

Of note is that Westminster was not recognized as a "city" until the 1838 charter - incorporation was amended by Chapter 335 of the Acts of the Maryland General Assembly of 1856. This action re-characterized the municipality as a "city" and changed the titles of the elected officials to the Mayor and Common Council of Westminster.

The year after Carroll County was formed in 1837, Westminster was re-incorporated and made the county seat because of the aggressive advocacy of its citizens and because of Westminster's central location. Carroll County is the birthplace of Methodism in America and is near the home of Francis Scott Key, the author of our national anthem. The first countywide rural free delivery of mail started in Westminster in the late 1890s.

Today, Westminster is an exciting community of approximately 19,000 citizens. It has grown from its humble beginnings of 0.745 square miles to its current size of 6.55 square miles. It is located strategically in the rolling countryside foothills of the Blue Ridge Mountains, 30 miles northwest of Baltimore, Maryland and 60 miles north of Washington, D.C. Westminster is the county seat of Carroll County and is located in the middle of the county.

Westminster is governed by a Mayor and a five-member Common Council. The Mayor and Common Councilmembers are elected at large and serve staggered elected terms of four years each. The City Administrator oversees the day-to-day operations of the City government, assisted by the directors of each department. Westminster has a full-time equivalent staff of approximately 160 employees.

Westminster residents enjoy a high quality of life, with easy access to parks, recreational activities, places of religious worship, and meaningful employment. The community has a low crime rate. The Carroll County Public School System consistently ranks as one of the best in Maryland.

Local Economy

Westminster is steeped in tradition and history, but progressive when it comes to technology and business development. As the county seat of Carroll County, Westminster is the center of fast growing commercial and industrial sectors, with a strong manufacturing base located in the industrially zoned parcels near the County's only airport.

The City's retail spaces include large box retail along major thoroughfares and a mall. Downtown Westminster provides a unique shopping, dining, and cultural experience in a small town atmosphere; the Main Street area is pedestrian friendly, with wide sidewalks, mature shade trees, and brick crosswalks. The City hosts numerous downtown events, including Fallfest, the Miracle on Main holiday parade, the Celtic Canter, the Flower and Jazz Festival, a summer concert series, and numerous 5k runs. The City's renovation of the historic Carroll Theater into the Carroll Arts Center established Westminster as an emerging cultural heritage and arts destination.

During FY 2019, Westminster Technology Park Lot 5A was approved for 80,000 square feet of spec warehouse space; Westminster Technology Park is one of the City's two premier business/industrial parks. The estimated construction cost of the Lot 5A spec warehouse space is \$2,600,000.

The non-profit and government sectors of the economy saw growth as well in FY 2019. The Boys and Girls Club received approval to construct a 3,154 square-foot gymnasium addition to its building in the heart of Downtown Westminster; the estimated construction cost of the addition is \$500,000.

Westminster also continues to experience growth in residential construction. The City has seen approximately 50-100 new housing starts annually, since the availability of a new water source in 2015. Most new houses are in the middle range of value from \$400,000 to \$600,000.

In FY 2020, the Westminster Library, located in the heart of Downtown Westminster, is expected to break ground on the *Exploration Commons at 50 East Main Street*. This project entails renovation of approximately 13,600 square feet of unfinished basement area into various community uses, including a commercial kitchen, meeting rooms, a new maker space, and restrooms. In addition, the City will be undertaking renovation of its recently purchased building at 45 West Main Street, a key intersection in Downtown Westminster. Upon completion of the renovation project, the City will

relocate its administrative offices from its present leased space to 45 West Main. The renovation project is estimated to cost \$4,435,000.

Three of the City's largest employers are public sector agencies – Carroll County government, Carroll County Public Schools, and the City itself.

Westminster is also home to McDaniel College, formerly known as Western Maryland College. This nationally ranked liberal arts college was chartered in 1868.

Long-term Financial Planning

Real Property Tax Rate

The real property tax rate is set by the Mayor and Common Council annually during the adoption of the budget. For fiscal year 2019, the Mayor and Common Council adopted a real property tax rate of \$0.56 per \$100 of assessed value, unchanged from the prior year. This rate is split into two rates – one for operations and one for capital improvements. All tax revenues collected for capital improvements are restricted for use in the capital improvement budget in the General Fund.

Personal Property Tax Rate

The personal property tax rate is also set annually by the Mayor and Common Council during adoption of the budget. For fiscal year 2019, the Mayor and Council adopted a personal property tax rate of \$1.10 per \$100 of assessed value, unchanged from the prior year.

Utility Personal Property Tax Rate

The utility personal property tax rate is also set annually by the Mayor and Common Council during adoption of the budget. For fiscal year 2019, the Mayor and Common Council adopted a tax rate of \$1.40 per \$100 of assessed value, unchanged from the prior year.

Operating Budget

The City maintains a balanced Operating Plan and a six-year Capital Improvement Plan (CIP) for expenditures based on projected revenues. The development of these plans requires the City to evaluate the impact of current decisions on the long-term financial position of the City.

Capital Projects

The City's six-year Capital Improvement Plan (CIP) is focused on maintaining existing infrastructure, and improving and expanding economic development opportunities. The CIP projects include renovation of the City's future administrative office building located at 45 West Main Street, road improvements, an upgrade to the wastewater treatment plant for enhanced nutrient removal and improved biosolids processing and equipment, sewer main rehabilitation to reduce inflow and infiltration of extraneous water into the system, and continuation of the Gesell Well project to increase the City's available water capacity. Additional projects include replacement of aging technology equipment, water mains, and vehicles and equipment.

Debt Administration

The City plans long and short-term debt issuance to finance its capital budget based on cash flow needs, sources of revenue, available financing instruments, trends in bond market structures, and trends in interest rates. A financial advisory firm and bond counsel assist in developing a bond issuance strategy, preparing bond documents, and marketing bonds to investors.

Users of this document, as well as others interested in the programs and services offered by the City, are encouraged to read the City's Adopted Fiscal Year 2019-2020 Budget. The budget document details the City's long-term goals and financial policies; describes departmental activities, accomplishments, and initiatives; and provides more detail concerning the City's Capital Improvement Program. The budget document is available on the City of Westminster's website at www.westminstermd.gov.

Financial Policies and Practices

General

1. The City of Westminster's departments will carry out the Mayor and Common Council's goals, objectives, and policies through a service delivery system funded by the City's operating and capital budgets.
2. The City will take positive steps to improve the productivity of its programs and employees, and will seek ways to eliminate duplicative functions within the City government and between the City of Westminster and other public agencies in the community. Specifically, intensive reviews of the efficiency and effectiveness of certain City services will be periodically undertaken.
3. Whenever feasible, City activities will be considered enterprises if they will increase efficiency of service delivery or recover the cost of providing the service from the benefiting entity by user fees.
4. Adequate reserves will be maintained for all known liabilities.
5. Efforts will be coordinated with neighboring governmental agencies to achieve common policy objectives, share the cost of providing governmental services on an equitable basis, and support favorable legislation at the State and Federal level.
6. The City will seek out, apply for, and effectively administer federal, state, and foundation grants that address the City's current priorities and policy objectives.
7. The City will initiate, encourage, and participate in economic development efforts to create job opportunities and strengthen the local economy.
8. The City's Finance Department staff will carry out all policies responsibly, ethically, and professionally for the betterment of the City of Westminster.

Budget

1. The City Administrator, on behalf of the Mayor, will develop a recommended budget in conjunction with the City's department directors. The Finance Director will coordinate all aspects of the City's budget process. The recommended budget will be presented to the Common Council for its consideration and adoption.
2. The recommended budget will be developed based on the Government Finance Officer Association (GFOA) budget document development guidelines as a planning document, and will present key economic issues for public discussion.

3. As required by State law, the Common Council shall adopt a balanced budget by an ordinance appropriating funds prior to the beginning of the fiscal year.
4. All governmental fund budgets presented to the Mayor and Common Council for adoption will be balanced, with projected expenditures equal or less than projected revenues and applied fund balance.
5. The relationship between the operating and capital budgets will be explicitly recognized and incorporated into the budget process. Funding for these budgets shall be sufficient to provide municipal operating services, as well as maintenance or enhancement of capital assets needed to support public demand for City services.
6. Common Council approval is required to transfer balances from one department to any other department.
7. These financial policies will be included as part of the budget document.

Revenue Policies

1. Budgeted revenue estimates will be based on reasonably conservative and realistic expectations.
2. Non-recurring revenues and financing sources will not be used to finance continuing operations per City Code requirements.
3. Long-term financial commitments for continuing outlays will be avoided unless sustained revenue growth is assured.
4. The City will be aggressive in collecting revenues owed to it.
5. The City will establish all user charges fees at a level related to the full costs of providing the service. The City will review fees/charges periodically.
6. The City will consider market rates and charges levied by other area municipalities of similar size for like services in establishing rates, fees, and charges. The fee structure will be reviewed during the budget process and will be included in the budget document.
7. Enterprise operations will be self-supporting.
8. For the FY 2010 - 2011 budget year, the Common Council approved an increase in the real estate property tax rate for the intent of funding capital projects. Any and all revenue received above the FY 2009 - 2010 tax rate is hereby directed into a Capital Projects account to be used only in support of Common Council appropriated capital projects.
9. The City bills for services provided. These may include, but are not limited to, fees associated with levies authorized by legislation, fines issued for violations of City Code provisions, and charges for utility usage. Each receivable is booked when billed, and is associated with a customer account that represents an obligation to the City. It is assumed that charges incurred will be paid according to the terms and conditions of the obligation; however, not all receivables are honored in full and it may not be cost effective for the City to pursue in collection. As a result, a receivable may need to be written-off and bad debt expense recorded. A receivable should be written-off to

loss when cost-effective means to collect monies due have been performed and further effort would be more costly than the proceeds received. Cost-effective means include, but are not limited to, using City resources to provide notice to the obligor as provided for by City policy and Code, and filing liens as the laws of the State of Maryland provide. Each action taken is documented in accordance with internal control procedures, and is utilized to support the write-off decision.

Expenditure Accounts

1. The City shall operate on a current funding basis. Expenditures shall be budgeted and controlled so as not to exceed current revenues plus the planned use of fund balance accumulated through prior years.
2. The City shall take immediate corrective actions if at any time during the fiscal year expenditure and revenue re-estimates are such that an operating deficit is projected at year-end. Corrective actions may include a hiring freeze, expenditure reductions, fee increases, or use of contingencies. Expenditure deferrals into the following fiscal year, short-term loans, or use of one-time revenue sources shall be avoided.
3. The City Administrator shall undertake periodic staff and third-party reviews of City programs for both efficiency and effectiveness. Privatization and contracting with other governmental agencies will be evaluated as alternatives to service delivery. Programs that are determined to be inefficient and/or ineffective shall be reduced in scope or eliminated.
4. The City shall make every effort to maximize any discounts offered by creditors/vendors, and partnering with other governmental agencies for resource purchasing shall be encouraged.
5. If budgeted funds are not available, the Director of Finance shall be contacted to assist in identifying a funding source prior to the purchase occurring.
6. A department director is able to make transfers up to \$10,000. Any transfers over \$10,000 require the Common Council's approval, even if involving a reallocation of funds within the same department. Common Council approval is required for all transfers between departments.

Capital Improvement Policies

1. The City will develop a multi-year plan for capital improvements, which will be updated annually. The Capital Improvement Plan (CIP) will include a description of each project, its cost, and its funding source(s). All capital improvements during the year will be made in accordance with the CIP and City Code procurement requirements.
2. The City will maintain its physical assets at a level adequate to protect the City's capital investment and to minimize future maintenance and replacement costs. The budget will provide for adequate maintenance and orderly replacement of capital assets from current revenues whenever possible.
3. The capital budget process works in conjunction with the regular operating budget process. CIP projects are noted as funded or unfunded depending on whether or not the forecasted operating

budget can support or fund the project. All funded CIP projects are included in the adopted budget for the current fiscal year.

4. Carryover or multi-year projects will be included in the CIP.

Capital Asset Management Policy

1. Capital (fixed) assets are tangible items that are acquired by procurement, transfer, capital lease, donation, or other method that transfers ownership and have the following characteristics
 - a) Have an estimated useful life of five or more years;
 - b) Are not intended for sale in the ordinary course of operations; and,
 - c) Are acquired or constructed with the intention of being used, or being available for use, by the entity to conduct business.
2. The capitalization threshold used in determining if a given asset qualifies for capitalization is \$10,000 and a useful life of five years.
3. Adequate insurance shall be maintained on all capital assets consistent with the results of the annual physical count/inspection.

Accounting, Auditing and Financial Reporting Policies

1. The Director of Finance prepares and presents regular reports to the City Administrator and the Mayor and Common Council that analyze, evaluate, and forecast the City's financial performance, position, and economic conditions.
2. The Finance Committee of the Common Council and the State of Maryland require an independent audit to be performed annually. The audit results are available to the public on the City's website.
3. The City will issue annual financial reports in accordance with generally accepted accounting principles (GAAP) as outlined in the Governmental Accounting, Auditing, and Financial Reporting (GAAFR) publication.

Purchasing Policy

1. The City shall ensure that all purchasing actions are fair and impartial with no impropriety or appearance of impropriety. All qualified buyers and sellers will have equal access to City business and no individual or firm shall be arbitrarily excluded.
2. To the maximum extent possible, purchasing actions will be conducted in a competitive environment.
3. Purchases will be made by the Director of Finance. Responsibility for certain purchasing actions may be delegated to other senior City officials by the Director of Finance.
4. All budgeted purchase requisitions are subject to the following approvals:
 - a) Purchases up to \$25,000 are approved by the Mayor, City Administrator, or department director.

- b) Purchases above \$25,000 are approved by the Common Council.
 - c) Purchases of budgeted capital items and vehicles may be authorized by the City Administrator to take advantage of state, county, or other local purchasing options. The Common Council will be notified of such purchases.
5. Purchases up to \$100 may be made through petty cash.
 6. The City will maintain yearly open purchase orders to cover purchases from vendors that supply the City with a high volume of the same or similar goods or services during the year.

Investment Policy

1. Public funds will be invested in a manner consistent with the greatest safety and protection for the City's investments. This investing of funds will, while protecting the safety of the City's investments, produce the highest investment return for meeting the cash flow requirements of the City and conform to all Maryland State statutes, City ordinances, and policies governing the investment of public funds.
2. The standard of prudence to be applied by the Director of Finance in managing the City's overall portfolio shall be the "Prudent Person Rule" which states: "Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived."
3. The Director of Finance, acting in accordance with the City's Investment Policy and exercising due diligence, shall be relieved of personal responsibility for an individual security's risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.
4. All investments will be governed by the following objectives:
 - a) Safety of principal is the primary objective of the City's investment program. Investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. To achieve this objective, some diversification may be required in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio.
 - b) The City's investment portfolio shall be designed with the goal of attaining a market rate of return throughout budgetary and economic cycles, taking into account the City's investment risk constraints and the cash flow characteristics of the portfolio.
5. The Common Council will annually review the overall Investment Policy during budget deliberations as it relates to the City's financial objectives and make any necessary modifications to the Policy.

6. Officials and employees involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make unbiased investment decisions.
7. The Director of Finance will maintain a list of financial institutions and security dealers authorized to provide banking and investment services to the City.

Debt Management Policy

1. The City will ensure that future debt service payments can be made without jeopardizing the provision of essential services.
2. There will be an acceptable degree of flexibility to meet unanticipated expenditures.
3. Outstanding debt obligations will not threaten long-term financial stability.
4. The amount of outstanding debt will not place undue burden on community residents and businesses.
5. Debt issuance is subject to the City of Westminster's Charter and State of Maryland requirements.

Awards and Acknowledgements

The Government Finance Association of the United States of America and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Westminster, Maryland, for its comprehensive financial report for the fiscal year ended June 30, 2018. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for the preparation of state and local government financial reports.

In addition, the City also received the GFOA's Popular Annual Financial Reporting Award for its published Popular Annual Financial Report for fiscal year 2018.

The City also received the GFOA's Distinguished Budget Presentation Award for its fiscal year 2018 adopted budget document. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document had to be judged proficient as a policy document, a financial plan, an operations guide, and a communications device.

The preparation of the comprehensive annual financial report was made possible by the dedicated service of the entire staff in the Department of Finance and the cooperation of the entire City of Westminster organization. In closing, I would like to thank the Mayor and Common Council for their continuing support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Tammy Palmer

Independent Auditors' Report

Mayor and Common Council
City of Westminster
Westminster, Maryland

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund of the City of Westminster, Maryland, as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the City of Westminster's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The City of Westminster's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the City of Westminster, Maryland, as of June 30, 2019, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, budgetary comparison information, Schedule of Changes in the Total Other Postemployment Benefits Liability and Related Ratios, Schedule of the City's Proportionate Share of the Net Pension Liability and Schedule of the City's Pension Plan Contributions on pages 17 through 30 and pages 94 through 98 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Westminster, Maryland's basic financial statements. The introductory section, schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the Program Balance Sheet Summary and Program Revenue and Expense summary, as required by the U.S. Department of Housing and Urban Development, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedule of expenditures of federal awards and the Program Balance Sheet and Program Revenue and Expense Summary are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing

standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and the Program Balance Sheet and Program Revenue and Expense summary are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 9, 2020 on our consideration of the City of Westminster, Maryland's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Westminster's internal control over financial reporting and compliance.

Correction of Errors

As described in Note 22 to the financial statements, the beginning General Fund fund balance and governmental activities net position have been restated to correct an error regarding the overstatement of income taxes receivable. Additionally, beginning sewer fund, water fund, fiber fund, governmental activities and business-type activities net position have been restated to correct pension expense from the prior year. Our opinion is not modified with respect to this matter.

Westminster, Maryland
April 9, 2020

**CITY OF WESTMINSTER, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED
YEARS ENDED JUNE 30, 2019 AND 2018**

As management of the City of Westminster, Maryland, we offer readers of the accompanying financial statements this narrative overview and analysis of the financial activities of the City of Westminster for the fiscal year ended June 30, 2019. The objective of this discussion and analysis of the City's financial statements is to provide an overview of its financial activities for the past fiscal year.

Financial Highlights

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$127,769,324 (net position). Of this amount, \$50,024,270 was for governmental activities and \$77,745,054 was for business-type activities. The amount of net position that was unrestricted at year end was \$4,028,818 for governmental activities and \$17,462,528 for business-type activities. The total net investment in capital assets was \$100,047,449 at June 30, 2019 compared to \$94,303,656 at June 30, 2018.
- Total net position increased by \$8,289,774, or 7%, over fiscal year 2018's restated net position. Governmental activities increased by \$1,574,657 while business-type activities increased by \$6,715,117. The increases are attributed to capital grants received for improvement projects.
- As of June 30, 2019, the City's governmental funds reported combined fund balances of \$16,038,737 - an increase of \$800,504 from the prior year. Approximately 44% of the combined fund balance is available to meet the City's current and future needs (unassigned), 8% is restricted or committed for future use, 46% is assigned for items for which the City intends to use the funds and 2% is non-spendable, meaning it is in the form of receivables and inventory.
- At the end of fiscal year 2019, the unassigned fund balance of the general fund was \$7,048,923. This amount is available to meet the City's current and future needs.
- The City's real property tax rate remained unchanged at \$0.56 per \$100 of assessed value. The real property tax base increased by 3.2% from the prior year.
- A compensation and classification study of the City's salary and benefit structure was completed. As warranted, employee salaries were brought up to the minimum of the new pay range for their position's classification based on the study results. In addition, all employees received a 2% across-the-board salary increase. Total salary and benefit adjustments had an associated cost of approximately \$400,000. One full-time employee was added to the Fiber Fund.
- The City purchased real property located at 1117 Old New Windsor Road during fiscal year 2019, at a cost of \$822,000 using Sewer Fund reserves. The property adjoins the current Sewer Treatment Plant and can be utilized for future expansion of the Plant. It is currently being leased by the construction firm completing the ENR/Biosolids Upgrade Project.

**CITY OF WESTMINSTER, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED
YEARS ENDED JUNE 30, 2019 AND 2018**

- On June 27, 2019, the City refunded the Taxable General Obligation Bonds, Series 2015 A & B with SunTrust Bank used for construction of the Westminster Fiber Network. The City issued Taxable General Obligation Bonds Series 2019 A-1 & A-2 through the Maryland Department of Housing and Community Development Administration in the amount of \$16,215,000 to refinance the Westminster Fiber Network bonds. Additionally, the City entered into a Note in the amount of \$1,300,000 with the Governor's Office of Rural Broadband for operating expenses of the Fiber Fund. The Note is zero percent and is payable on demand in 30 years. None of the loan funds were disbursed as of June 30, 2019.
- Following completion of a comprehensive rate study, new water and sewer utility rates were set according to Ordinance 893; the ordinance established rates for a five-year period, with fiscal year 2019 being the first year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The basic financial statements are comprised of three components:

- 1) Government-wide financial statements,
- 2) Fund financial statements and
- 3) Notes to the financial statements.

This report also contains other required supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements: The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private sector business.

The *statement of net position* presents information on all of the City's assets and deferred outflow of resources, and liabilities with the difference between them reported as *net position*. Over time, changes in net position may serve as a useful indicator of whether the financial position and condition of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (for example, earned but unused annual leave).

**CITY OF WESTMINSTER, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED
YEARS ENDED JUNE 30, 2019 AND 2018**

Both of the government-wide financial statements referenced above distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety (police), public works (streets and sanitation), recreation and parks and community development (including the Public Housing Agency). The business-type activities of the City include the sewer, water and fiber services.

Fund Financial Statements: A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state or local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of the City can be divided into two different categories: governmental funds and proprietary funds.

Governmental Funds: *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison.

The City maintains two governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for:

- 1) The General Fund and
- 2) The Public Housing Agency Fund (PHA)

The City appropriates annual budgets for its governmental funds.

Proprietary Funds: The City maintains only one type of proprietary fund: *enterprise funds*. Enterprise funds are used to report the same functions presented in *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its sewer and water services, as well as its recently created fiber services.

**CITY OF WESTMINSTER, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED
YEARS ENDED JUNE 30, 2019 AND 2018**

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Sewer, Water and Fiber Funds, which are considered to be major funds of the City.

Notes to the Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information: In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information concerning the City. A budgetary comparison schedule has been provided for the General Fund and Public Housing Fund.

Financial Analysis of the City as a Whole

As noted earlier, net position may serve over time as a useful indicator of a government's financial condition and position. In the case of the City, assets and deferred outflow of resources exceeded liabilities and deferred inflow of resources by \$127,769,324 at the close of fiscal year 2019. The City's net position is divided into three categories: net investment in capital assets, restricted net position and unrestricted net position. The largest portion is the City's net investment in capital assets (e.g., buildings, improvements, streets, bridges, equipment, vehicles, sewer and water systems and furniture and fixtures, less any related debt used to acquire those assets that is still outstanding, and accumulated depreciation). These net capital assets represent 78% of the total net position reported. The City uses these capital assets to provide services to citizens; consequently, these capital assets are not available for future spending. Although the City's investment in its capital assets is reported net of debt, it should be noted that the resources needed to repay this debt must be provided from operating revenue since the capital assets themselves cannot be used to liquidate these liabilities.

Restricted net position of \$6,230,529 represents 5% of total net position. Restricted net position is resources that are subject to external restrictions or enabling legislation on how they may be used. Unrestricted net position of \$21,491,346 represents 17% of total net position and may be used to meet the government's on-going obligations to citizens and creditors.

At the end of fiscal year 2019, the City is able to report positive balances in all three categories of net position, for the government as a whole, as well as for its separate governmental and business-type activities, except for the Fiber Fund. The City continues to grow fiber network subscribers through Ting Network, the operator of the Westminster Fiber Network.

**CITY OF WESTMINSTER, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED
YEARS ENDED JUNE 30, 2019 AND 2018**

The following condensed presentation of the City's net position and changes in net position includes a restatement as of June 30, 2018 and for the fiscal year then ended. The restatement is based on prior period adjustments to eliminate an estimate related to income tax receivable and revenue in the governmental activities, and to correct the amortization of deferred inflows and outflows related to the pension plans in the governmental and business-type activities.

Financial Analysis of the Government's Funds:

As noted earlier, the City of Westminster, Maryland, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the analysis of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financial requirements. In particular, unreserved fund balance may serve as a measure of a government's net resources available for appropriation as revenue in the subsequent fiscal year.

As of June 30, 2019, the City's governmental funds reported combined ending fund balance of \$16,038,737. Approximately 2% of the fund balance (\$240,806) is restricted for the Public Housing Agency. An additional 8% has been restricted as follows:

- \$791,806 is restricted for future growth projects funded by benefit assessments; and,
- \$154,791 is restricted for forfeited proceeds awarded to the City by the judicial process.

Approximately 46% of the City's governmental fund balances (\$7,431,384) has been assigned by the City to the following items:

- \$475,953 for community development;
- \$1,467,321 as an emergency reserve, and
- \$5,488,110 to be used to offset fiscal year 2020's budgeted deficit, due largely for renovations at 45 West Main Street.

The total General Fund balance increased \$743,764 during fiscal year 2019, as a result of being under budget in expenditures. The Public Housing Agency fund balance increased \$56,740 due to moderate funding increases from the U.S. Department of Housing and Urban Development (HUD).

Proprietary Funds: The City's proprietary funds analysis provides the same type of information found in the governmental activities financial statements, but in more detail.

The Sewer, Water and Fiber Funds are the City's three enterprise operations. In the Water and Sewer Funds, there was an overall operating revenue decrease of \$214,207 from fiscal year 2018. This is primarily a result of conservation efforts of Carroll Hospital Center and Carroll Lutheran Village, two of the largest consumers of water. These conservation efforts negatively impacted the operating revenue in both the Water and Sewer Funds despite an increase in rates. Additionally, the sewer fund recognized a bay restoration grant in the amount of \$4,443,590 for construction of the Wastewater Treatment Plant ENR/Biosolids Upgrade Project. The Fiber Fund increased revenue \$248,821 due to more subscribers to the system.

General Fund Budgetary Highlights

The budgetary statement for the General Fund shows actual revenues of \$17,631,950 compared to the budgeted amount of \$18,451,302, an overall shortfall of \$819,352. The major differences between the final budgeted amounts and the actual revenues are summarized below:

- A shortfall in intergovernmental revenues was primarily due to \$820,897 of project grants that have not yet been approved, or have been delayed, thereby reducing the need to seek grant reimbursement.
- A budget revision in the amount of \$628,487 for Insurance Rebates was subsequently found to be unnecessary, as the rebate was posted as a credit against expense.

Actual General Fund expenditures were less than budget by \$5,023,239, primarily driven by:

- \$2,896,680 of Capital Improvement Projects that were either delayed or adjusted downwards in scope. Funding for some of these capital outlay items were re-appropriated during the fiscal year 2020 budget process.
- \$750,000 in grant-related expenses where the grant was not expended or delayed.
- \$488,262 in personnel-related expenses due to vacancies in Public Safety.

Capital Asset and Debt Administration

Capital Assets: The City of Westminster's investment in capital assets for its governmental and business-type activities as of June 30, 2019, amounted to \$132,157,218 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, streets, bridges, equipment, vehicles, sewer and water systems, furniture and fixtures and construction in progress.

YEARS ENDED JUNE 30, 2019 AND 2018**

Major capital asset activities during fiscal year 2019 included the following:

- Police Department HVAC and floor improvements;
- Replacement of Public Safety and Public Works vehicles;
- The 45 West Main Street Renovation Project;
- Road paving and sidewalk curb replacement;
- Storm water management facilities improvements;
- Improvements to retaining walls;
- Purchase of real property at 1117 Old New Windsor Road;
- Continued construction of the citywide Fiber Optic Network.
- The Wastewater Treatment Plant ENR/Biosolids Upgrade Project;
- Pump station upgrades and
- Continued construction of the Gesell Well and Stream Reconstruction Project.

**CITY OF WESTMINSTER, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED
YEARS ENDED JUNE 30, 2019 AND 2018**

The City is committed under the following contracts for projects as of June 30, 2019:

Project	Contract amount	Amount outstanding at June 30, 2019
45 West Main Street renovations - architectural services	\$ 348,470	\$ 76,213
Governmental activities	<u>\$ 348,470</u>	<u>\$ 76,213</u>
Sewer fund:		
Sewer construction and rehabilitation	\$ 1,172,100	\$ 594,187
Enhanced nutrients removal and biosolids upgrade to waste water treatment plant	61,429,842	55,287,707
Water fund:		
Installation of liner and cover for reservoir	91,860	64,302
Design and construction of Little Pipe Creek	<u>475,604</u>	<u>128,730</u>
Business-type activities	<u>\$ 63,169,406</u>	<u>\$ 56,074,926</u>

Under federal court order, the U.S. Environmental Protection Agency was ordered to implement a Chesapeake Bay clean up. The State of Maryland established a storm water management fee program to fund projects to direct nitrogen away from streams that feed into the Chesapeake Bay. This program will be implemented through a National Pollutant Discharge Elimination System (NPDES) permit for Carroll County, Maryland (the "County"). In October 2014, the City along with seven other municipalities entered into a cost-sharing of storm water mitigation project with the County to comply with NPDES requirements. The annual amount for each municipality was calculated based on \$25,000 per impervious acre and on total number of impervious acres required to be restored/mitigated by the permit over the five-year period of this project. For its share of this project, the City is required to pay 20% and the County is covering the remaining 80%. For the year ended June 30, 2019, the City's portion of these costs was \$189,045, which were capitalized as an infrastructure asset. An additional 5% increase will be applied annually to these estimated costs per the agreement. The City made its final committed payment in the amount of \$198,497 under this agreement subsequent to year end.

**CITY OF WESTMINSTER, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED
YEARS ENDED JUNE 30, 2019 AND 2018**

See Note 4 in the Notes to Financial Statements section for more detailed information on the City's capital assets.

Long-Term Debt: At the end of fiscal year 2019, the City had total bonds outstanding of \$31,108,771, backed by the full faith and credit of the City. Of this amount, \$6,327,700 represents General Fund infrastructure bonds. Water Fund Drinking Water bonds totaled \$6,793,727 while Sewer Fund Water Quality Bonds totaled \$1,772,344. Fiber Fund Infrastructure construction bonds equaled \$16,215,000.

See Note 8 of the Notes to Financial Statements section for more detailed information concerning the debt issuances and debt outstanding of the City.

There are five other types of long-term obligations of the City that do not have mandatory payment terms:

- A non-interest obligation to the Carroll County Commissioners of Maryland related to agreements to provide sewer service totaling \$188,568.
- Compensated absences in the amount of \$672,864. Compensated absences are the total amount of leave liability that the City would owe employees upon their termination.
- Accrued Other Postemployment Benefits (OPEB) totaling \$4,974,664. This is a liability identified per the requirements of GASB 45 for retiree benefits.
- Net Pension Liability totaling \$11,241,148. This is a liability identified per the requirement of GASB 68 related to the City's share of the total liability of the Maryland State Retirement System, in which the City participates.
- The City owes the Westminster Town Center Corporation \$100,000 once it is re-established.

Subsequent Events and Economic Factors

The City of Westminster adopted the fiscal 2020 budget appropriation for the General Fund of approximately \$14.76 million. Real property tax continues to be the main source of fund revenue at 47%, and the tax rate will remain the same at \$0.56 per \$100 of assessed valuation.

The City purchased real property located at 17-25 West Main Street for downtown revitalization purposes. The purchase amount was \$750,000, and the City used reserves.

**CITY OF WESTMINSTER, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED
YEARS ENDED JUNE 30, 2019 AND 2018**

In December 2019, a novel strain of coronavirus ("COVID-19") was reported to have surfaced in China. The World Health Organization has declared COVID-19 to constitute a "Public Health Emergency of International Concern" and characterized COVID-19 as a pandemic. The U.S. government has also implemented enhanced screenings, quarantine requirements and travel restrictions in connection with the COVID-19 outbreak. The spread of this virus has the potential to cause business disruption to the City's tax base, due to state government-imposed shutdowns of businesses and other results of the illness. While the City expects this matter may negatively impact its results, the extent of the impact of the COVID-19 on the City's operational and financial performance will depend on future developments, including the duration and spread of the outbreak, related travel advisories and restrictions, and the impact of the COVID-19 on overall economic trend, all of which are highly uncertain and cannot be predicted.

CITY OF WESTMINSTER

**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO
THE STATEMENT OF NET POSITION**

YEAR ENDED JUNE 30, 2019

Total fund balance, governmental funds	\$ 16,038,737
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets, net of accumulated depreciation, used in governmental activities are not financial resources and, therefore, are not reported in the funds.	51,135,749
Certain receivables are offset by unavailable revenue in the governmental funds since they are not available to pay for current period expenditures. This is the amount of deferred inflows of resources related to these receivables.	56,455
Net pension liability and related deferred amounts in governmental activities are not current financial resources and, therefore, are not reported in the governmental funds.	(7,050,362)
Total other postemployment benefits liability and related deferred amounts are not payable in the current period and, therefore, are reported as employee benefits in the period during which the benefit occurs in the fund financial statements.	(3,363,126)
Accrued compensated absences are not payable in the current period and, therefore, are reported as wages in the period during which the absence occurs in the fund financial statements.	(408,876)
Bond issue costs incurred by governmental activities are not available financial resources, and therefore, are not reported in the fund financial statements.	(8,340)
Long-term liabilities, including both current and noncurrent portions of bonds and interest payable, are not due and payable in the current period and, therefore, are not reported in the fund financial statements.	<u>(6,375,967)</u>
Net position, governmental activities	<u>\$ 50,024,270</u>

See notes to financial statements.

CITY OF WESTMINSTER

**RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES**

YEAR ENDED JUNE 30, 2019

Net change in fund balances, governmental funds		\$ 800,504
Amounts reported for governmental activities in the statement of activities are different because:		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. The amount by which capital outlays exceeds depreciation in the period is as follows:		
Capital outlays	\$ 2,712,569	
Depreciation expense	<u>(2,988,929)</u>	(276,360)
The net effect of various miscellaneous transactions involving capital assets (i.e., sales and trade-ins) is to decrease net position.		(448)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		(34,196)
The change in the deferred outflows and inflows of the net pension and total other postemployment benefits liabilities is not reported in governmental funds.		397,264
Principal payments on long-term debt is reported as expense on fund financial statements, but not included on the statement of activities.		1,299,000
Amortization of bond issue costs.		(8,340)
The change in accrued interest expense is not reported in the governmental funds.		6,295
The change in the net pension and total other postemployment liabilities is not reported in governmental funds.		(594,203)
The increase in the accrued compensated absence liability is not reflected as an expense in the fund statements, but is included in the statement of activities.		<u>(14,859)</u>
Change in net position of governmental activities		<u>\$ 1,574,657</u>

See notes to financial statements.

Net cash provided by operating activities	<u>\$ 2,173,370</u>	<u>\$ 2,003,382</u>	<u>\$ 33,066</u>	<u>\$ 4,209,818</u>

See notes to financial statements.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

1. Nature of operations and summary of significant accounting policies:

Reporting entity:

The City of Westminster, Maryland, (the "City") was incorporated as a city by Chapter 418 of the Acts of 1838. That charter was amended by Chapter 335 of the Acts of 1856, which characterized the municipality as a city known as the Mayor and Common Council of Westminster.

The City operates under a Mayor-Council form of government and provides the following services as authorized by its charter: general administrative, planning and zoning, public safety, highways and streets, parking, sanitation, culture and recreation, community development and public housing, water, sewer and fiber services.

The City's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations).

In evaluating how to define the City for financial reporting purposes, management has considered all potential component units for which the City is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization, or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the City. Based upon the application of these criteria, there are no separate component units of the City.

Basic financial statements - government-wide financial statements:

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The City's general government (general administrative, planning and zoning), public safety, public works (highways and streets, parking, and sanitation), culture and recreation and community development and public housing services are classified as governmental activities. The City's water, sewer and fiber services are classified as business-type activities.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

1. Nature of operations and summary of significant accounting policies (continued):

Basic financial statements - government-wide financial statements:

In the government-wide statement of net position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, and (b) are using the economic resources measurement focus and accrual basis of accounting, which recognizes all long-term assets, receivables and deferred outflows of resources, as well as long-term debt and obligations and deferred inflows of resources. Generally, the effect of interfund activity has been removed from these statements. The City's net position is reported in three parts - net investment in capital assets, restricted net position and unrestricted net position. The City first utilizes restricted resources to finance qualifying activities.

The government-wide statement of activities reports both the gross and net cost per functional category (public safety, public works, etc.), which are otherwise being supported by general government revenues. The statement of activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants and contributions. The program revenues must be directly associated with the function or business-type activity. Program revenues include revenues from fines, licenses and permit fees and charges for services. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grant column reflects capital-specific grants. Taxes and other general revenues not restricted to specific program functions are reported instead as general revenues.

The net costs (by function or program) are normally covered by general revenue (property and income taxes, intergovernmental revenues, interest income, etc.). The City does not allocate indirect costs.

This government-wide focus is on the sustainability of the City as an entity and the change in the City's net position resulting from the current year's activities.

The financial transactions of the City are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, deferred inflows and outflows of resources, fund balance, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The City utilizes various criteria (percentage of the assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

1. Nature of operations and summary of significant accounting policies (continued):

Basic financial statements - fund financial statements:

Governmental funds:

Governmental funds are those through which most governmental functions of the City are financed. Governmental funds reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid.

The difference between governmental fund assets, liabilities and deferred inflows of resources is reported as fund balance. The following is a description of the City's major governmental funds:

General Fund - The General Fund is the primary operating fund of the City. It is used to account for all financial resources except those legally or administratively required to be accounted for in another fund.

Special Revenue Fund - The Public Housing Agency Fund is used to account for the proceeds of federal funds regulated by the Department of Housing and Urban Development, and for the expenditures that are legally restricted for low-income housing program purposes.

Proprietary funds:

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary fund's principal ongoing operations. The principal operating revenues for the City's proprietary funds are charges for water, sewer and fiber optic leasing services. Operating expenses for the City's proprietary funds include administrative and general, fiber optic cable maintenance, water and sewer transmission and distribution costs, source of supply, water and sewer treatment and pumping costs and depreciation on capital assets. All revenues or expenses not meeting this definition are reported as non-operating revenues and expenses.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

1. Nature of operations and summary of significant accounting policies (continued):

Basic financial statements - fund financial statements:

Proprietary funds:

The City's proprietary funds are all classified as enterprise funds. Enterprise funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity meet any of the following criteria; (a) government officials elect to report the activity as an enterprise fund (b) financed with debt that is solely secured by a pledge of the net revenues, (c) third-party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (d) establishes fees and charges based on a pricing policy designed to recover similar costs. The following is a description of the City's major enterprise funds:

Sewer Fund - The Sewer Fund is used to account for the revenues generated from the charges for sewer services provided to residential and commercial users of the City and associated expenses.

Water Fund - The Water Fund is used to account for the revenues generated from the charges for distribution of potable water to residential and commercial users of the City and associated expenses.

Fiber Fund - The Fiber Fund is used to account for the revenues generated from the charges for the use of a high-speed fiber optic network provided to residential and commercial users in the City and associated expenses.

Basis of accounting:

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Accrual - Both governmental and business-type activities in the government-wide financial statements and the proprietary fund financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligible requirements imposed by the provider have been met.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

1. Nature of operations and summary of significant accounting policies (continued):

Basis of accounting:

Modified accrual - The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual (i.e., both measurable and available). Available means collectible within the current period or within 60 days after year end. The City considers all revenues to be available if they are collected within 60 days after the end of the current fiscal year. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, are recognized when due.

In applying the susceptible to accrual concept to intergovernmental revenues, the provider should recognize liabilities and expenses and the recipient should recognize receivables and revenue when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met should, under most circumstances, be reported as advances by the provider and as deferred inflows by the recipient.

Cash and cash equivalents:

The City considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents. The carrying amount approximates estimated fair value because of the short maturity of those instruments.

Receivables:

All receivables are reported at the original amount less an estimate for uncollectible amounts. It is management's policy to use the aggregate of all accounts that are delinquent one year or more on police tickets and 85% of the aggregate housing assistance repayments as the basis and determination of the allowance for doubtful accounts. For proprietary funds, management determines the provision for doubtful accounts by regularly evaluating individual customer receivables and considering a customer's financial condition, credit history and current economic conditions. Accounts receivable are written off when deemed uncollectible. Recoveries of accounts receivable previously written off are recorded as revenues when received. The City maintains restricted receivables associated with Bay Restoration Fees billed and eventually collected, on behalf of the State, as well as taxes and other receivables restricted for use for capital projects.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

1. Nature of operations and summary of significant accounting policies (continued):

Unbilled services:

Unbilled customer service receivables for water consumption and related sewer charges are based upon the actual quantity of water used during the subsequent billing periods and the previous year's respective billing periods, depending on the availability of related consumption read information when unbilled services are estimated.

Prepaid items:

Payments made to vendors for services that will benefit periods beyond June 30, 2019 are reported as prepaid items using the consumption method by recording a current asset for the prepaid amount at the time of purchase and reflecting the expenditure/expense in the year in which services are consumed.

Inventory:

Inventories of materials are maintained in the General, Water, Sewer and Fiber Funds. Materials are carried in an inventory account at cost using the first-in, first-out method and are subsequently charged to expenditures when consumed.

Capital assets:

Capital assets in governmental fund type operations are accounted for in the government-wide financial statements, rather than in governmental funds.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

1. Nature of operations and summary of significant accounting policies (continued):

Capital assets:

All capital assets are valued at historical cost or estimated historical cost, if actual historical cost is not available. Donated capital assets are valued at their estimated acquisition value on the date donated. Capital assets with a value of \$10,000 or more are capitalized by the City. The City regularly evaluates its capital assets in order to determine the appropriate useful lives. Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Buildings and improvements	7-40 years
Furniture and fixtures	5 years
Improvements other than buildings	7-40 years
Infrastructure	10-100 years
Machinery and equipment	5-40 years
Utility plant and equipment	5-40 years
Vehicles	5-10 years
Water use rights	40 years

Government-wide financial statements:

Depreciation of all exhaustible capital assets is recorded as a direct expense in the statement of activities, with accumulated depreciation reflected in the statement of net position.

Additions are recorded at cost or, if contributed property, at their estimated acquisition value at time of contribution. Repairs and maintenance are recorded as expenses; renewals and betterments are capitalized. The sale or disposal of capital assets is recorded by removing cost and accumulated depreciation from the accounts and charging the resulting gain or loss to income.

Fund financial statements:

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide financial statements.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

1. Nature of operations and summary of significant accounting policies (continued):

Long-term obligations:

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental statements. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Changes in premiums and discounts are reported as part of long-term debt. Bond issuance costs are generally expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts as revenues or expenditures during the current period.

Deferred outflows and inflows of resources:

In addition to assets and liabilities, the statement of net position will sometimes report separate sections for deferred outflows and inflows of resources. These separate financial statement elements represent a consumption or acquisition of net position that applies to future periods and will not be recognized as an outflow (expense/expenditure) or inflow (revenue) of resources until that time. Deferrals related to pension and other postemployment benefits are disclosed in their respective notes below.

Interfund activity:

The City allocates to several funds a percentage of the salaries and wages and related costs of personnel who perform general and administrative services for such funds.

Sales of goods and services between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds, and after non-operating revenues/expenses in proprietary funds.

On fund financial statements, interfund loans are classified as interfund receivables/payables. These amounts are eliminated in the statement of net position, except for amounts due between governmental and business-type activities, which are presented as internal balances.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

1. Nature of operations and summary of significant accounting policies (continued):

Compensated absences:

Regular employees are granted vacation leave based on the number of continuous service years. A maximum of 40 days of annual leave may be carried over to subsequent years. Upon termination, the employees will be paid for the number of days they have accrued.

The salary-related payments representing the employer's share of Social Security and Medicare taxes have been accrued. The vested annual leave is expensed as incurred in the appropriate funds. The City estimates the current portion of compensated absences based on known or anticipated retirements for the forthcoming calendar year. The remainder of the obligation for compensated absences is reported as a long-term liability in the government-wide financial statements and the proprietary fund financial statements.

Unearned revenue:

The City has a number of agreements with homeowners' associations in the City for future maintenance of stormwater facilities. The fees are generally paid up front by the developers and revenue is recognized over the life of the agreement.

Memberships and deposits received for parks and rec services and events are reported as deferred revenue until the revenue is earned by the City.

Revenues received under reimbursable grant agreements are recognized in the period in which the qualified expenditures are incurred. Any unexpended funds are reported as unearned revenue.

Net position:

In the government-wide financial statements and proprietary fund financial statements, net position equals assets plus deferred outflows of resources less liabilities and deferred inflows of resources and is classified in the following three categories:

Net investment in capital assets - This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce this category.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

1. Nature of operations and summary of significant accounting policies (continued):

Net position:

Restricted net position - This category presents external restrictions imposed by creditors, grantors, contributors, laws or regulations of other governments, and restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position - This category represents the net position of the City which is not restricted for any project or other purpose. However, these funds may be designated for specific projects or purposes in the fund financial statements.

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the City's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

Fund balance:

In the governmental fund financial statements, the City classifies governmental fund balances as follows:

Nonspendable - This category includes fund balance amounts that cannot be spent either because they are not in spendable form or because of legal or contractual agreements.

Restricted - This category includes fund balance amounts that are considered restricted for specific purposes which are externally imposed by providers, such as creditors, or amounts constrained due to constitutional provisions or enabling legislation.

Committed - This category includes fund balance amounts for which constraints have been imposed by the government itself using the highest level of decision-making authority. A majority of the Mayor and Common Council must approve, by consensus vote, the establishment of a fund balance commitment, as well the elimination of any fund balance commitment.

Assigned - This category includes fund balance amounts intended to be used for specific purposes that are considered neither restricted nor committed. Fund balance may be assigned by the Mayor and Common Council.

Unassigned - This category includes the residual fund balance of the General Fund, which has not been classified within the other above mentioned categories.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

1. Nature of operations and summary of significant accounting policies (continued):

Fund balance:

When an expenditure is to be made for a purpose for which amounts are available in multiple fund balance classifications, the order in which resources will be expended is as follows: restricted fund balance, followed by committed fund balance, assigned fund balance and lastly unassigned fund balance.

Budgets and budgetary analysis:

The City prepares an annual operating budget for all funds on a basis consistent with accounting principles generally accepted in the United States of America. Appropriations for salaries and operating expenses lapse at the fiscal year end. Budget revisions receive approval of the Mayor and Common Council. There were several budget revisions approved by the Mayor and Common Council during the year ended June 30, 2019. Both original and final budgets of the General Fund and Public Housing Agency Fund have been included in the presentation of the City's required supplementary information.

Pensions:

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position of the Maryland State Retirement and Pension System (the "System"), and additions to/deductions from the System's fiduciary net position have been determined on the same basis as they are reported by the System. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

Use of estimates:

Management uses estimates and assumptions in preparing financial statements in conformity with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources, the disclosure of contingent assets and liabilities and the reported revenues and expenses. Actual results could vary from the estimates that were used.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

1. Nature of operations and summary of significant accounting policies (continued):

New accounting pronouncements adopted:

The following summarizes GASB Statements implemented by the City during the year ended June 30, 2019 and the relating effects on the financial statements presentation and disclosure, as applicable:

GASB Statement No. 83, *Certain Asset Retirement Obligations* - The objective of this Statement is to address accounting and financial reporting requirements for asset retirement obligations ("ARO"). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. The provisions of this Statement were effective for periods beginning after June 15, 2018, and were implemented by the City as of July 1, 2018, with no effect on financial statement presentation and disclosure.

GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements* - The objective of this Statement is to improve financial statement disclosures related to debt, including direct borrowings and direct placements, and it clarifies which liabilities governments should include when disclosing information related to debt. The provisions of this Statement were effective for periods beginning after June 15, 2018, and were implemented by the City as of July 1, 2018, with minimal effect on financial statement presentation and disclosure.

GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period* - The objective of this Statement is to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period. This Statement establishes accounting requirements for interest cost incurred before the end of a construction period to be expensed in the period incurred and not capitalized as historical cost of the project. The provisions of this Statement are effective for periods beginning after December 15, 2019, and were early implemented by the City as of July 1, 2018, with minimal effect on financial statement presentation and disclosure.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

1. Nature of operations and summary of significant accounting policies (continued):

New GASB pronouncements:

The GASB issued several pronouncements prior to the year ended June 30, 2019 that have effective dates that may impact future financial statement presentations. Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements of the City:

GASB Statement No. 84, *Fiduciary Activities*, will be effective for the City beginning with the fiscal year ending June 30, 2020. This Statement establishes criteria for identifying fiduciary activities. The focus of the criteria generally is on 1) whether a government is controlling the assets of the activity and 2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities.

GASB Statement No. 87, *Leases*, will be effective for the City beginning with the fiscal year ending June 30, 2021. This Statement removes the traditional classifications of leases as operating or capital and recognizes all leases as financing tools, resulting in the reporting of lease transactions as both a liability and an intangible right to use the leased asset. This Statement defines lease transactions and establishes the new accounting and financial reporting requirements.

GASB Statement No. 90, *Majority Equity Interests - an amendment of GASB Statements No. 14 and No. 61*, will be effective for the City beginning with the fiscal year ending June 30, 2020. This Statement improves the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment.

GASB Statement No. 91, *Conduit Debt Obligations*, will be effective for the City beginning with the fiscal year ending June 30, 2022. This Statement provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with 1) commitments extended by issuers, 2) arrangement associated with conduit debt obligations and 3) related note disclosures.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

2. Deposits and investments:

The deposits and investments held as of June 30, 2019 are as follows:

Type	Rating/ interest rate (unaudited)	Maturities (unaudited)	Carrying value
Deposits:			
Cash on hand	N/A	N/A	\$ 3,300
Held with escrow agent	N/A	N/A	20,000
Demand deposits	0.00% - 1.00%	N/A	20,036,776
Certificate of deposits	1.49% - 2.60%	7/2019 - 2/2020	15,655,990
Investments:			
Maryland local government investment pool	AAAm/2.22%	N/A	<u>6,713,819</u>
Total deposits and investments			<u><u>\$ 42,429,885</u></u>

The reconciliation to the statement of net position as of June 30, 2019 is as follows:

Current assets:	
Cash and cash equivalents:	
Unrestricted	\$ 236,498
Restricted	<u>200,883</u>
Total cash and cash equivalents	<u>437,381</u>
Equity in pooled cash and cash equivalents:	
Unrestricted	33,641,390
Restricted	<u>8,351,114</u>
Total equity in pooled cash and cash equivalents	<u>41,992,504</u>
Total current assets	<u><u>\$ 42,429,885</u></u>

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

2. Deposits and investments (continued):

The City follows Government Accounting Standards Board Statement 79, *Certain External Investment Pools and Pool Participants*, which requires disclosure of specific criteria regarding external investment pools. The City maintains a cash and investment pool that is available for use by all funds. The City is governed by the deposit and investment limitations of Maryland law. The City is a participant in the Maryland Local Government Investment Pool (MLGIP), which provides all local government units of the state an investment vehicle for short-term investment of funds. The MLGIP is rated "AAAm" by Standard and Poor's (their highest rating). The State Legislature created MLGIP with the passage of Article 95 22G, of the Annotated Code of Maryland. The MLGIP, under the administrative control of the State Treasurer, has been managed by a single financial institution. A MLGIP Advisory Committee of current participants reviews, on a quarterly basis, the activities of the fund and provides suggestions to enhance the pool. The fair value of the pool is the same as the value of the pool shares. As of June 30, 2019, all pool holdings were in cash and cash equivalents with a weighted average maturity of 38 days. The pool is managed in a "Rule 2(a)-7 like" manner and is reported at amortized cost pursuant to Rule 2(a)-7 under the Investment Company Act of 1940 and also issues a publicly available financial report that includes financial statements and required supplemental information for the MLGIP. This report can be obtained in writing: Maryland Local Government Investment Pool; c/o PNC Institutional Investments Group; One East Pratt Street; Baltimore, Maryland, 21202; by calling 1-800-492-5160, or the website, www.mlqip.com. As of June 30, 2019, the City had total investments in MLGIP of \$6,713,819, which have been reflected as equity in pooled cash and cash equivalents.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

2. Deposits and investments (continued):

Restricted cash and cash equivalents at June 30, 2019 consisted of the following:

	Governmental activities	Business-type activities
Bay Restoration Fee		\$ 157,222
Capital improvements projects	\$ 1,066,332	
City program commitments	1,110,613	
Debt service reserve fund		20,000
Developer deposits	190,170	
Employee flexible spending accounts	5,846	
Future infrastructure growth	772,606	5,043,126
Housing voucher program	3,684	
Judicial mandates	175,848	
Other escrows	6,550	
 Total restricted cash and cash equivalents	 \$ 3,331,649	 \$ 5,220,348

The City's formal investment policy follows the Maryland State Finance and Procurement Code Ann. § 6-222 (the "Code"). The Code authorizes the City to invest in obligations of the United States and related agencies, repurchase agreements of United States obligations, certain bankers' acceptances, bonds and commercial paper with the highest letter and numerical rating by at least one nationally recognized statistical rating organization, money market mutual funds operated in accordance with Rule 2A-7 of the ICA of 1940 and any investment portfolio created under the MLGIP.

Custodial credit risk:

Deposits in financial institutions, reported as components of cash and cash equivalents, had a bank balance of \$36,414,015 at June 30, 2019, of which \$11,612,700 was covered by federal depository insurance. The remaining amount of \$24,801,315 was fully collateralized by securities pledged and held by financial institution's trust department or agent, not in the City's name, as of June 30, 2019.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

2. Deposits and investments (continued):

Interest rate risk:

The City's formal investment policy manages its exposure to fair value losses arising from increasing interest rates by limiting investments in securities to those maturing within three years from the date of purchase. However, the City may collateralize its repurchase agreements using longer-dated investments not to exceed 30 years to maturity. Reserve funds may be invested in securities exceeding 30 days if the maturity of such investment coincides as nearly as practicable with the expected use of funds. Maturities of investments held at June 30, 2019 are disclosed under deposits and investments.

Credit risk:

The City's formal investment policy follows the Code. The Code authorizes the City to invest in obligations of the United States and related agencies, repurchase agreements of United States obligations, certain bankers' acceptances, bonds and commercial paper with the highest letter and numerical rating by at least one nationally recognized statistical rating organization, money market mutual funds operated in accordance with Rule 2A-7 of the ICA of 1940 and any investment portfolio created under the MLGIP.

Concentration of credit risk:

Based on the formal investment policy, the City invests no more than 70% of its total investment portfolio in any single security type or in any single financial institution, excluding the MLGIP. At June 30, 2019, the City had no concentration of credit risk.

3. Loan receivable and related forgiveness:

In February 1998, the City loaned \$50,000 to Human Services Program of Carroll County, Inc., a local not-for-profit organization, to assist with the organization's project to rehabilitate a shelter building. The agreement provided that no payments of principal or interest shall be due under the note and the principal shall be forgiven at the rate of \$1,650 per year while the property is utilized as a shelter for low- and moderate-income families and individuals. If not paid off by the organization due to modification of use, the entire indebtedness will be forgiven by February 25, 2028. As of June 30, 2019, \$15,350 remains outstanding on the loan, \$1,650 of which has been classified as a current asset.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

4. Capital assets:

A summary of governmental activities follows:

	Balance July 1	Increases	Decreases	Transferred to active status	Balance June 30
Capital assets not being depreciated:					
Land and land rights *	\$ 2,184,171			\$ 286,735	\$ 2,470,906
Construction in progress	2,318,934	\$ 2,205,594		(4,256,073)	268,455

5. Loan payable:

In February 2007, the City received \$100,000 in zero-interest financing from the Westminster Town Center Corporation to be used for the purchase and rehabilitation of certain properties to be sold as affordable housing to qualified buyers. The loan is payable upon the sale of the related properties. During 2015, the related properties were sold and the conditions for repayment were satisfied. As of June 30, 2019, the loan remains outstanding and will be paid upon the reestablishment of the Corporation and approval by City Council.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

6. Due to other governments:

In prior years, the City received \$478,000 from the Carroll County Commissioners of Maryland in relation to agreements to provide sewer service to the County Airport and County Industrial Park Complex in the amount of \$228,000 and for project costs for expanding permanent sewage infrastructure along Maryland Route 31 and the Adams Mill Road vicinity (the "Avondale" area) in the amount of \$250,000. Both amounts bear no interest. The City has assessed increased special benefit assessment charges for permits issued in these areas, of which the increased portions are to be used for repayment of the loans; therefore, the loans have been classified as noncurrent obligations of the City. As of June 30, 2019, \$39,531 and \$149,037 are outstanding on the County Airport and County Avondale obligations, respectively.

7. Deposits and escrows:

In May 2017, the City entered into agreements with various entities for improvements along MD 97, a State owned road. Under these agreements, the City is collecting funds from other entities and holding them in escrow until they are remitted to the State as they submit allowable costs for reimbursement. Under the agreements, \$500,000 of the escrow balance will be held by the City until the completion of construction. As of June 30, 2019, \$924,615 is held in escrow related to this project.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

8. Long-term debt:

General Obligation Bonds outstanding as of June 30, 2019 are composed of the following:

Governmental activities general obligation bonds payable:	
\$4,820,000 Infrastructure Bonds - 2005 Series A due in annual principal payments of \$199,300-\$232,500 plus interest paid semi-annually at rates of 4.20%-4.45%. The bond matures on May 1, 2025.	\$ 1,211,300

\$5,000,000 Infrastructure Bonds - 2017 Series A-1 and Series A-2 due in annual principal payments of \$207,000-\$329,500 plus interest paid semi-annually at rates of 2.9%-3.30%. The bonds mature on April 1, 2037.	<u>4,630,000</u>
Total governmental activities general obligation bonds payable	<u>6,327,700</u>
Business-type activities general obligation bonds payable:	
Water Fund:	
\$1,269,858 Drinking Water Bonds - Series 2000 due in annual principal payments of \$78,115-\$80,145 plus interest paid semi-annually at a rate of 2.6%. The bond matures on February 1, 2021.	158,260
\$9,850,906 Drinking Water Bonds - Series 2007 due in annual principal payments of \$586,321-\$622,392 plus interest paid semi-annually at a rate of 1.0%. The bond matures on February 1, 2027.	4,296,680
\$4,415,138 Drinking Water Bonds - Series 2008 due in annual principal payments of \$235,903-\$285,190 plus interest paid semi-annually at a rate of 2.4%. The bond matures on February 1, 2028.	2,338,787
Sewer Fund:	
\$27,606,475 Water Quality Bonds - Series 2019A of which \$272,344 is drawn. Due in annual principal payments of \$805,680-\$1,044,736 plus interest paid semi-annually at a rate of 0.9%. The bond matures on February 1, 2052.	272,344
\$1,500,000 Water Quality Bonds - Series 2019B accrues interest at a rate of 0.0%. The bonds will be forgiven on March 28, 2029 as long as the City is in compliance with the loan agreement.	1,500,000
Fiber Fund:	
\$16,215,000 Infrastructure Bonds - 2019 Series A-1 and Series A-2 due in annual principal payments of \$315,000-\$390,000 plus interest paid semi-annually at rates of 3.3%-4.0%. The bonds mature on April 1, 2049.	<u>16,215,000</u>
Total business-type activities general obligation bonds payable	<u>24,781,071</u>
Total general obligation bonds payable	<u>\$ 31,108,771</u>

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

8. Long-term debt (continued):

The City signed an agreement dated June 27, 2019 for a \$1,300,000 loan from the Maryland Department of Housing and Community Development, none of which has been disbursed at June 30, 2019. The loan will be disbursed over the next three years to provide for operating expenses for the Fiber Fund based on budgeted amounts. The loan accrues interest at 0% and repayment is due June 1, 2049. If the City sells, assigns or transfers more than 25% of the fiber assets, the total principal is payable immediately. If the City defaults on the loan by not paying the principal balance when due, the interest rate will change as of that date to the prime rate. The loan is subject to certain covenants requiring insurance coverage, current payment of taxes and financial reporting.

In March 2019, the City issued \$29,106,475 in water quality bonds titled Series 2019A and 2019B for the purpose of financing the planning, design and construction of Enhanced Nutrient Removal and Biosolids Upgrades at the Westminster Wastewater Treatment Plant.

In June 2019, the City issued \$16,215,000 in refunding bonds, titled 2019 Series A-1 and A-2, to currently refund \$15,784,652 of the outstanding 2015A Series and 2015B Series bonds to achieve economic savings, as well as to fix the interest rate on the debt, as the refunded bonds accrued interest at variable rates. The current refunding increased total debt service payments over the next 30 years by \$1,233,586. This resulted in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$387,160.

The following is a summary of changes in long-term debt for the year ended June 30, 2019:

	Beginning of year	Additions	Reductions	Ending balance	Due within one year
Governmental activities:					
General obligation bonds payable	\$ 7,626,700		\$ 1,299,000	\$ 6,327,700	\$ 564,800

	<u>\$ 6,327,700</u>	<u>\$ 1,715,786</u>	<u>\$ 24,781,071</u>	<u>\$ 12,219,948</u>

Interest costs incurred and charged to expense for the year ended June 30, 2019 for governmental activities and business-type activities were \$212,902 and \$1,034,254, respectively.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

9. Conduit debt:

From time to time, the City has issued Economic Development and Educational Facilities Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. The City is not obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of June 30, 2019, there were various series of Economic Development Revenue Bonds and Educational Facilities Revenue Bonds outstanding, with an aggregate principal amount payable of \$142,815,000.

10. Interfund transactions:

Interfund receivable and payable balances at June 30, 2019 consisted of the following:

Due to	Due from			Total
	Governmental funds	Enterprise funds		
	General Fund	Sewer Fund	Water Fund	
Governmental funds:				
General fund		\$ 39,528	\$ 34,776	\$ 74,304
Public housing agency fund	\$ 8,901			8,901

Total fund balance	<u>\$ 15,791,726</u>	<u>\$ 247,011</u>	<u>\$ 16,038,737</u>

Restricted net assets in business-type activities are limited to \$5,043,126 restricted in the Sewer Fund for future infrastructure growth from benefit assessment revenue.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

12. Property taxes:

The amount of the tax levy in the corresponding tax year shall constitute a determination of the amount to be raised. Property taxes are due and payable on the first day of July in the year for which they are levied and become overdue and in arrears on the first day of the following October. The Mayor and Common Council also have the authority to levy a half-year tax on new construction due and payable on January 1 in the year such tax is levied. The tax rate for the year ended June 30, 2019 was \$0.56 per \$100 of assessed property value.

Personal property taxes are levied annually and are due within 30 days of billing, which occurs as assessment information is received by the state. Assessed values are established by the Maryland State Department of Assessments and Taxation. For tangible business and personal property, the rate per \$100 of assessed value was \$1.10 in fiscal year 2019. For tangible utility property, the rate per \$100 of assessed value was \$1.40 in fiscal year 2019.

13. Rental income agreements:

The City has entered into lease agreements for real estate at market rates with various unrelated parties. Additionally, the City leases two pieces of real estate to unrelated parties at a rate of \$1 per year. Rental income for the year ended June 30, 2019 was \$39,028. Future minimum annual rental receipts for the General Fund for the years ended June 30 is as follows:

2020	\$	13,202
2021		13,202
2022		4,202
2023		4,202
2024		4,202
2025-2029		<u>5,963</u>
	\$	<u><u>44,973</u></u>

The cost of the leased properties presented in building and improvements was \$812,446 with accumulated depreciation of \$410,754 as of June 30, 2019.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

13. Rental income agreements (continued):

On February 5, 2019, the City entered into a purchase contract with the lessee for one of the real estate properties leased to an unrelated party for \$1 per year. The property is at 7 Schoolhouse Avenue, Westminster, and the sales price is \$430,000. Settlement on the sale (closing) will occur no later than 18 months after February 5, 2019, except that the deadline for closing may be extended by three additional 180 day periods. As of April 9, 2020, the property sale was not completed.

In December 2018 the City entered into a lease agreement with the construction company who is building the new sewer facility for the property located next to the facility. The intention is that the construction company will be able to use the property during construction. The lease agreement expires in June 2022. Rental income for the year ended June 30, 2019 was \$32,500. According to the lease agreement, future minimum rental revenue for the sewer fund consist of \$36,869 for the years ended June 30, 2020 and 2021 and \$30,566 for the year ended June 30, 2022. The cost of the leased property, presented in building and improvements and land and land rights, was \$813,989 with accumulated depreciation of \$1,927 as of June 30, 2019.

The City has entered into communication tower lease agreements with various unrelated parties. All lease agreements have renewable terms for successive five-year periods at the lessees' discretion. Rental income for the year ended June 30, 2019 was \$277,406. Future minimum annual rental income for the Water Fund for the years ended June 30 is as follows:

2020	\$ 253,390
2021	262,227
2022	163,830
2023	<u>37,210</u>
	<u>\$ 716,657</u>

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

14. Fiber network infrastructure lease:

Effective February 9, 2015, the City entered into a ten-year lease agreement with an unrelated party, Ting Fiber, Inc., for the leasing of the City's fiber network infrastructure. The agreement offers an option to renew for two consecutive ten-year extensions. On a monthly basis, the lessee is charged by the City per subscriber to the internet and per possible subscriber (i.e., the fiber network infrastructure is in place on the street where the possible subscriber is located). The agreement also includes a debt service guarantee if the revenue generated by the City through this agreement does not cover the debt service. Any debt payments received from the lessee will be returned to the lessee if the revenue generated by the City through this agreement covers in excess of the debt service in future periods.

For the year ended June 30, 2019, the City generated revenue of \$557,890 from this agreement. The income is recognized as operating income because the purpose of the Fiber Fund is to provide a high-speed fiber optic network to residential and commercial users in the City.

15. Operating leases:

Effective August 1, 2018, the City entered into a one-year lease agreement with an unrelated party for the leasing of office space, with the option to renew for an additional three-to twelve-month period. The monthly minimum lease payment is \$14,000, which increases to \$14,300 during the renewal period.

In addition, the City has various operating leases with unrelated parties for copiers and office equipment through July 2024.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

15. Operating leases (continued):

The following is a schedule of future minimum rental payments required under the operating leases as of June 30, 2019:

<u>Years ending June 30,</u>	<u>Governmental activities</u>	<u>Business-type activities</u>
2020	\$ 66,608	\$ 124,639
2021	7,781	9,971
2022	5,596	7,880
2023	3,409	3,505
2024	1,794	
	<u>\$ 85,188</u>	<u>\$ 145,995</u>

Rent expense for governmental and business-type activities for the year ended June 30, 2019 was \$65,617 and \$122,839, respectively.

16. Defined contribution plans:

The City, in accordance with Common Council approval, has two defined contribution plans created in accordance with Internal Revenue Code Sections 457(b) and 401(a), respectively. The 457(b) plan is available to all regular full-time and part-time employees, and the 401(a) plan is available to those employees who are not members of the Law Enforcement Officers' Pension System (LEOPS) of Maryland with at least six months of employment service. Employees are fully vested in both plans immediately upon becoming eligible to participate in the plans. The 457(b) and 401(a) plans have 11 and 104 active participants, respectively, as of June 30, 2019.

The 457(b) plan permits employees to defer a portion of their salary until future years. Employees can defer the lesser of \$18,000, adjusted annually for cost of living increases, and up to an additional \$6,000 catch-up for employees age 50 or over, or 100% of their includable salaries over the plan year. In addition, the City's 457(b) plan contains a Roth IRA option allowing after-tax contributions up to an annual maximum of \$5,500, with an additional \$1,000 catch-up for employees age 50 or over. The City contributed \$3,837 to the 457(b) plan for the year ended June 30, 2019.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

16. Defined contribution plans (continued):

The 401(a) plan permits the City to contribute 2% of eligible employees' salary to a maximum of \$50,000 per employee, adjusted annually for cost-of-living increases, to this plan based on attaining six months of service. Employees are fully vested in this plan upon contribution. The City contributed \$83,027 to the 401(a) plan for the year ended June 30, 2019.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts and all income attributable to those amounts, property or rights are held in trust for the exclusive benefit of participants and their beneficiaries; thus, the plan assets are not reflected in the financial statements of the City.

17. Pension plans:

The City is a participating employer in the Maryland State Retirement and Pension System (the "System") - Employees' Pension System and the Maryland State Retirement and Pension System - Law Enforcement Officers' Pension System. Both are defined benefit pension plans.

General information about the pension plans:

Employees' pension system:

Plan description - City employees that work a minimum of 500 regular hours, excluding overtime, are provided with pensions through the Maryland State Retirement and Pension System, a cost-sharing multiple-employer defined benefit pension plan administered by the State Retirement Agency (the "Agency"). Responsibility for the System's administration and operation is vested in a 15-member Board of Trustees. The System issues a publicly available financial report that can be obtained at: https://sra.maryland.gov/sites/main/files/file-attachments/srps-cafr_2018-web.pdf

Benefits provided - The employees' plan provides retirement allowances and other benefits to participants and their beneficiaries. All employees' plan benefits are specified by the State Personnel and Pensions Article of the Annotated Code of Maryland. The employees' plan provides retirement, disability and death benefits.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

17. Pension plans (continued):

General information about the pension plans:

Employees' pension system:

For individuals who are members of the pension systems on or before June 30, 2011, retirement benefits equal 1.2% of average final compensation (AFC) for the three highest consecutive years as an employee multiplied by the number of years of creditable service accrued prior to July 1, 1998 plus 1.8% of the (AFC) for the three highest consecutive years as an employee multiplied by the number of years of creditable service accrued on or after July 1, 1998. Members are eligible for full service pension allowances upon accumulating 30 years of eligibility service regardless of age. Absent 30 years of eligibility service, members must meet one of the following conditions to be eligible for full service pension allowances: 1) age 62, and five years of eligibility service; 2) age 63, and four years of eligibility service; 3) age 64, and three years of eligibility service or 4) age 65 or older, and two years of eligibility service. Members are eligible for early service pension allowances upon attaining age 55 with at least 15 years of eligibility of service. Benefits are reduced by 0.5% per month for each month remaining until the retiree attains age 62. The maximum reduction for these members is 42%.

For individuals who are members of the pension systems on or after July 1, 2011, retirement benefits equal 1.5% of (AFC) for the five highest consecutive years as an employee multiplied by the number of years of creditable service accrued on or after July 1, 2011. Members are eligible for full service pension allowances when their combined age and eligibility service equals at least 90 years or they attain age 65 after 10 years of eligibility service. Members are eligible for early service pension allowances upon attaining age 60 with at least 15 years of eligibility of service. Benefits are reduced by 0.5% per month for each month remaining until the retiree attains age 65. The maximum reduction for these members is 30%.

All plan employees are eligible for accidental disability benefits regardless of length of service as long as the accident occurred in the course of their job performance. Accidental disability benefits are equal to the sum of an annuity determined as the actuarial value of the members' accumulated contributions and $\frac{2}{3}$ (66.7%) of their AFC. Five years of service is required for ordinary disability benefits. Ordinary disability benefits are equal to the full service pension allowance if the member is at least age 62 on the date of retirement. Otherwise, the benefit is equal to the full service pension benefit computed as though the member had continued to accrue service credits until age 62 without any change in the rate of earnable compensation.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

17. Pension plans (continued):

General information about the pension plans:

Employees' pension system:

To be eligible for death benefits, the member must have either accumulated one year of eligibility service prior to the date of death or died in the line of duty. Death benefits equal the member's annual earnable compensation on the date of death plus accumulated contributions and interest. Under certain circumstances, surviving spouses who were named sole primary beneficiaries may elect to receive either the aforementioned lump sum payment or a monthly allowance.

Contributions - Members are required to contribute 7% of their wages under the employees' plan. The City is required to make a contribution which is established by annual actuarial valuations using the Individual Entry Age Normal Cost method with projection and other actuarial assumptions adopted by the Board of Trustees. The City's required contribution rate for the year ended June 30, 2019 was 9% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the employees' pension plan from the City were \$485,324 for the year ended June 30, 2019.

Law Enforcement Officers' Pension System (LEOPS):

Plan description - Law enforcement officers are provided with pensions through the Maryland State Retirement and Pension System municipal pool, a cost-sharing multiple-employer defined benefit pension plan administered by the Agency. Responsibility for the System's administration and operation is vested in a 15-member Board of Trustees. The System issues a publicly available financial report that can be obtained at: https://sra.maryland.gov/sites/main/files/file-attachments/srps-cafr_2018-web.pdf

Benefits provided - The LEOPS plan provides retirement, disability and death benefits. Retirement benefits equal 2.3% of average final compensation (AFC) for the first 30 years of creditable service, plus 1.0% of AFC for each additional year. Full service pension allowances equal 2.0% of AFC for the five highest consecutive years as an employee, up to a maximum benefit of 65% of AFC (32.5 years of credit). LEOPS plan members are eligible for full service retirement allowances upon attaining age 50 or upon accumulating 25 years of eligibility service regardless of age. Allowances for members who fail to make all required contributions are reduced by the actuarial equivalent of the total unpaid contributions plus interest to the date of retirement. LEOPS plan members are not eligible for early service retirement allowances.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

17. Pension plans (continued):

General information about the pension plans:

Law Enforcement Officers' Pension System (LEOPS):

LEOPS plan members are eligible for ordinary disability retirement allowances upon completing five years of eligibility service. Ordinary disability retirement allowances for LEOPS plan members subject to retirement plan provisions equal the greater of the normal service retirement allowance or 25% of AFC. Ordinary disability retirement allowances for LEOPS plan members subject to pension plan provisions equal the full service pension allowance if the member is at least age 50 on the date of retirement. Otherwise, the allowances equal full service pension allowances computed as though the member had continued to work until age 50 without any change in the rate of earnable compensation.

LEOPS plan members are eligible for accidental disability benefits regardless of length of service as long as the accident occurred in the course of their job performance. Accidental disability allowances equal the sum of an annuity determined as the actuarial value of the members' accumulated contributions, and $\frac{2}{3}$ (66.7%) of AFC. Allowances may not exceed the members' AFC.

LEOPS plan members accumulating at least one, but less than two, years of eligibility service are eligible for ordinary death benefits equaling the members' annual earnable compensation at the time of death plus accumulated contributions. To be eligible for special death benefits, LEOPS plan members in service must have accumulated at least two years of eligibility service prior to the date of death or died in the line of duty. The special death benefit provided upon death for LEOPS plan members in service equals 50% of the applicable ordinary disability allowance.

Contributions - LEOPS plan members are required to contribute 7.00% of their wages under the plan. The City is required to make a contribution which is established by annual actuarial valuations using the Individual Entry Age Normal Cost method with projection and other actuarial assumptions adopted by the Board of Trustees. The City's required contribution rate for the year ended June 30, 2019 was 31.43% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the City were \$640,120 for the year ended June 30, 2019.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

17. Pension plans (continued):

Pension liabilities, pension expense, deferred outflows of resources and deferred inflows of resources related to pensions:

At June 30, 2019, the City reported a liability of \$11,241,148 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all participating employers, actuarially determined. At June 30, 2018, the City's proportion was 0.0536%, which was an increase of 0.0053% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the City recognized pension expense of \$1,521,459. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred outflows of resources</u>	<u>Deferred inflows of resources</u>
Change of assumptions	\$ 296,613	
Change in proportionate share	1,511,291	\$ 236,746
Contributions subsequent to the measurement date	1,125,444	
Difference between expected and actual experience		847,291
Net difference between projected and actual earnings on pension plan investments	<u>359,514</u>	
	<u>\$ 3,292,862</u>	<u>\$ 1,084,037</u>

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

17. Pension plans (continued):

Pension liabilities, pension expense, deferred outflows of resources and deferred inflows of resources related to pensions:

\$1,125,444 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows for the years ending June 30:

2020	\$ 595,066
2021	362,368
2022	(48,761)
2023	52,240
2024	<u>122,468</u>
	<u>\$ 1,083,381</u>

Actuarial assumptions - The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60% general, 3.10% wage
Salary increases	3.10% to 9.10%, including wage inflation
Investment rate of return	7.45%, net of pension plan investment expense, including inflation

Mortality rates were based on the RP-2014 Mortality Tables with generational mortality projections using scale MP-2014 (two-dimensional) mortality improvement scale.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study of the System for the period 2010-2014 after the completion of the June 30, 2014 valuations. Assumptions from the experience study including investment return, inflation, COLA increases, mortality rates, retirement rates, withdrawal rates, disability rates and rates of salary increase were adopted by the Board of Trustees for first use in the actuarial valuation as of June 30, 2015. New economic assumptions were adopted by the Board for the June 30, 2018 valuation.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

17. Pension plans (continued):

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocations and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset class	Target allocations	Long-term expected real rate of return
Public equity	37 %	5.8 %
Private equity	13	6.7
Rate sensitive	19	1.1
Credit opportunity	9	3.6
Real assets	14	4.8
Absolute return	8	3.2
	100 %	

Discount Rate - A single discount rate of 7.45% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.45%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate used for the June 30, 2017 valuation was 7.50%.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

17. Pension plans (continued):

Sensitivity of the net pension liability to changes in the discount rate - Regarding sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate of 7.45%, as well as what the plan's net pension liability would be in it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher:

	1% Decrease (6.45%)	Current discount rate (7.45%)	1% Increase (8.45%)
The city's proportionate share of net pension liability	\$ 16,191,118	\$ 11,241,148	\$ 7,133,038

Pension plan fiduciary net position - Detailed information about the pension plan's fiduciary net position is available in the separately issued Agency financial report.

18. Other postemployment benefits (OPEB) plan:

General information about the OPEB plan:

Plan description - The Mayor and Common Council of the City of Westminster, Maryland established the City of Westminster OPEB Plan (the "Plan"). The Plan provides postemployment healthcare benefits for active employees and other postemployment benefits for eligible retirees, their spouses and dependents. The Plan is administered under two City policies, the Retiree Insurance Policy (employees retiring prior to July 1, 2008) and the Retirement Medical Insurance Policy (employees hired prior to July 1, 2008 and retiring after July 1, 2008). The City Charter grants the authority to establish and amend the benefit terms and financing requirements to the Common Council and the Mayor.

Benefits provided - The Plan provides medical, hospitalization and prescription drug benefits to eligible active Plan members and retirees, their spouses and dependents, and is authorized by the City. The Plan provisions, benefits available and required reimbursements are governed by the Retiree Insurance Policy and the Retirement Medical Insurance Policy. Upon reaching eligibility for Medicare, retirees are no longer permitted to participate in the City's Plan, except for those eligible under the Retiree Insurance Policy.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

18. Other postemployment benefits (OPEB) plan (continued):

General information about the OPEB plan:

Under the Retiree Insurance Policy, all employees meeting the retirement eligibility requirements of the State Retirement and Pension System of Maryland, based on age and years of service for law enforcement and general employees, and the City, based on age and years of service, as well as retirement directly from the City and having continuous medical insurance coverage with the City after retirement, as of July 1, 2008 can participate in City-sponsored coverage.

The City subsidizes the retirees' individual premium cost up to 100%, based on the number of points (age plus years of service) at the age of retirement, and qualifying disabled participants all qualify for the 100% subsidy regardless of number of points. There is no City subsidy on spouses or dependents. Upon reaching eligibility for Medicare, retirees are eligible for a Medicare supplemental plan. Under the Retirement Medical Insurance Policy, all employees meeting the retirement eligibility requirements of the State Retirement and Pension System of Maryland, based on age and years of service for law enforcement and general employees, and the City, based on age and years of service, as well as retirement directly from the City and having continuous medical insurance coverage with the City after retirement, after July 1, 2008 can participate in City-sponsored coverage. The City subsidizes the retirees' individual premium cost up to 75%, based on the number of points (age plus years of service) at the age of retirement, and qualifying disabled participants all qualify for a 100% subsidy regardless of number of points. There is no City subsidy on spouses or dependents. Upon reaching eligibility for Medicare, retirees are no longer permitted to participate in the City's Plan.

Common Council and the Mayor have the authority to establish or amend benefits provided. Employees hired after July 1, 2008 are ineligible for any subsidy from the City for health coverage in retirement.

Membership of the Plan consisted of 85 participants, 58 of which are active Plan members, 25 are retirees receiving benefits, and 2 are inactive employees entitled to but not yet receiving benefits as of June 30, 2019.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

18. Other postemployment benefits (OPEB) plan (continued):

General information about the OPEB plan:

The Plan is unfunded, with retirees' premium payments being made by the City on a pay-as-you-go basis. For the year ended June 30, 2019, the City paid premium costs of \$156,165 related to retirees. There are no employee contributions to the Plan. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

Total OPEB liability:

The City's total OPEB liability of \$4,974,664 was measured at June 30, 2018 and was determined by an actuarial valuation as of July 1, 2017.

Actuarial assumptions and other inputs - The total OPEB liability in the July 1, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods in the measurement, unless otherwise specified:

Inflation	2.4%
Salary increases	6.2% per annum for general employees 7.2% per annum for law enforcement officers
Healthcare cost trend rates	5.40% for 2017, ranging from 5.10% to 9.20% for years 2018 and later

The discount rate of 3.62% for the June 30, 2018 roll forward was based on the municipal bond index as of June 30, 2018.

Mortality rates were based on the RP-2014 Mortality, Fully Generational with Scale MP-2014 Tables.

The actuarial assumptions used in the July 1, 2017 valuation were based on past experience under the Plan and reasonable future expectation which represents the best estimate of anticipated experience under the Plan. A recent actuarial experience study was not performed. Actuarial assumptions are approved by the Mayor and Common Council based on recommendations from the consulting actuaries.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

18. Other postemployment benefits (OPEB) plan (continued):

Changes in the total OPEB liability:

	Total OPEB liability
Balance at June 30, 2018	<u>\$ 4,929,845</u>
Changes for the year:	
Service cost	81,676
Interest	173,077
Experience gains	(44,604)
Changes in assumptions	(19,372)
Benefit payments	<u>(145,958)</u>
Net changes for the year	<u>44,819</u>
Balance at June 30, 2019	<u><u>\$ 4,974,664</u></u>

Changes of assumptions and other inputs reflect a change in the discount rate from 3.58% for June 30, 2018 to 3.62% for June 30, 2019.

Sensitivity of the total OPEB liability to changes in the discount rate - The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.62%) or 1-percentage-point higher (4.62%) than the current discount rate:

1% decrease to 2.62%	Current discount rate (3.62%)	1% increase to 4.62%
<u>\$ 5,489,265</u>	<u>\$ 4,974,664</u>	<u>\$ 4,519,817</u>

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

18. Other postemployment benefits (OPEB) plan (continued):

Changes in the total OPEB liability:

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates - The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates (see actuarial assumptions and other inputs for healthcare cost trend rates):

<u>1% decrease to 2.9%</u>	<u>Current healthcare cost trend rates (3.90%)</u>	<u>1% increase to 4.9%</u>
<u>\$ 4,398,024</u>	<u>\$ 4,974,664</u>	<u>\$ 5,648,587</u>

OPEB expense, deferred outflows of resources and deferred inflows of resources related to OPEB:

For the year ended June 30, 2019, the City recognized OPEB expense of \$70,190. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred outflows of resources</u>	<u>Deferred inflows of resources</u>
Differences between expected and actual experience		\$ 35,683
Change of assumptions		251,927
Contributions subsequent to the measurement date	<u>\$ 161,095</u>	
	<u>\$ 161,095</u>	<u>\$ 287,610</u>

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

18. Other postemployment benefits (OPEB) plan (continued):

OPEB expense, deferred outflows of resources and deferred inflows of resources related to OPEB:

\$161,095 reported as deferred outflows of resources related to OPEB resulting from City contributions subsequent to the measurement date will be recognized as a reduction to the total OPEB liability in the year ended June 30, 2020. Other amounts reported as deferred inflows of resources related to OPEB will be recognized as reductions in OPEB expense as follows for the years ending June 30:

2020	\$ 91,605
2021	91,605
2022	91,604
2023	<u>12,796</u>
	<u>\$ 287,610</u>

19. Commitments and contingencies:

The City participates in a number of federal, state and county programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the City may be required to reimburse the grantor government. As of June 30, 2019, significant amounts of grant expenditures have not been audited by the appropriate grantor government, but the City believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the City.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

19. Commitments and contingencies (continued):

The City is committed under the following contracts for projects as of June 30, 2019:

<u>Project</u>	<u>Contract amount</u>	<u>Amount outstanding at June 30, 2019</u>
45 West Main Street renovations - architectural services	\$ 348,470	\$ 76,213
Governmental activities	<u>\$ 348,470</u>	<u>\$ 76,213</u>

Water fund:		
Installation of liner and cover for reservoir	91,860	64,302
Design and construction of Little Pipe Creek	<u>475,604</u>	<u>128,730</u>
Business-type activities	<u>\$ 63,169,406</u>	<u>\$ 56,074,926</u>

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

19. Commitments and contingencies (continued):

Under federal court order, the U.S. Environmental Protection Agency was ordered to implement a Chesapeake Bay clean up. The State of Maryland established a storm water management fee program to fund projects to direct nitrogen away from streams that feed into the Chesapeake Bay. This program will be implemented through a National Pollutant Discharge Elimination System (NPDES) permit for Carroll County, Maryland (the "County"). In October 2014, the City along with seven other municipalities entered into a cost-sharing of storm water mitigation project with the County to comply with NPDES requirements. The annual amount for each municipality was calculated based on \$25,000 per impervious acre and on total number of impervious acres required to be restored/mitigated by the permit over the five-year period of this project. For its share of this project, the City is required to pay 20% and the County is covering the remaining 80%. For the year ended June 30, 2019, the City's portion of these costs was \$189,045, which were capitalized as an infrastructure asset. An additional 5% increase will be applied annually to these estimated costs per the agreement. The City made its final committed payment in the amount of \$198,497 under this agreement subsequent to year end.

The City is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of the City's management and counsel, the ultimate disposition of these matters will not have a material adverse effect on the City's net position or changes therein.

20. Risk management:

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. The City is a member of the Local Government Insurance Trust (LGIT), a public-entity risk pool, which is owned and directed by local governments (participants) that subscribe to its insurance coverages. LGIT is managed by a Board of Trustees and a contract administration company. The trustees are elected by a majority vote of the participants with each participant having one vote. The City does not exercise any control over LGIT's operations. The maximum coverage under the liability pool of LGIT is \$1,000,000 per claim. The City also participates in an excess liability pool, which has maximum coverage of \$5,000,000. Settled claims resulting from these risks have not exceeded insurance coverage for each of the past three years.

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

21. Concentrations and economic dependencies:

The City provides various services to its residents. The City is located in northern Carroll County, Maryland. Credit is granted to its residents for taxes, water and sewer bills. The City may place a lien on any property associated with unpaid taxes and water and sewer services; therefore, an allowance for uncollectible amounts is not considered necessary.

Substantially all revenues and receivables in the Fiber Fund are from Ting Fiber, Inc.

The City receives shared revenue from the county and state. The amounts of these funds are not guaranteed and may be reduced as a result of changes in the economy.

22. Prior period adjustment:

In the financial statements for the year ended June 30, 2018, an amount was recorded as due from other governments for the Maryland local reserve allocation which should not have been recognized because the allocation is based on significant estimates instead of actual income tax return data; and therefore, does not meet the requirements to be recognized based on the revenue recognition criteria discussed in Note 1. The fund balance for the general fund and net position of governmental activities as of June 30, 2018 have been restated to reflect this correction. Additionally, net position of governmental activities, business-type activities, water, sewer and fiber funds have been restated to correct errors in the amortization of deferred inflows and outflows related to the pension as of June 30, 2018. The following represents the related restatement changes to the fund balance/net position of the governmental activities and business-type activities:

	Governmental funds	Proprietary Funds			Government-wide	
	General Fund	Sewer Fund	Water Fund	Fiber Fund	Governmental activities	Business-type activities
Beginning net position/fund balance, as originally stated	\$ 15,180,634	\$ 35,630,171	\$ 33,976,629	\$ 1,431,986	\$ 48,479,868	\$ 71,038,786
Restatement for local reserve allocation	(132,672)				(512,705)	
Restatement for pension		(11,321)	(7,036)	9,508	482,450	(8,849)
Beginning net position/fund balance, as restated	<u>\$ 15,047,962</u>	<u>\$ 35,618,850</u>	<u>\$ 33,969,593</u>	<u>\$ 1,441,494</u>	<u>\$ 48,449,613</u>	<u>\$ 71,029,937</u>

CITY OF WESTMINSTER

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2019

22. Prior period adjustment (continued):

A portion of the prior period adjustments relates to years prior to June 30, 2018. The following represents the related restatement changes to the change in fund balance/net position of the governmental activities and business-type activities for the year ended June 30, 2018:

	Governmental funds	Proprietary funds			Government-wide	
	General Fund	Sewer Fund	Water Fund	Fiber Fund	Governmental activities	Business-type activities
Prior year change in net position/fund balance, as originally stated	\$ (207)	\$ 2,442,166	\$ 1,157,611	\$ (132,571)	\$ 1,438,467	\$ 3,467,206
Restatement for local reserve allocation	(99,094)				(99,094)	
Restatement for pension		(48,065)	(50,524)	(13,190)	(304,910)	(111,779)
Prior year change in net position/fund balance, as restated	<u>\$ (99,301)</u>	<u>\$ 2,394,101</u>	<u>\$ 1,107,087</u>	<u>\$ (145,761)</u>	<u>\$ 1,034,463</u>	<u>\$ 3,355,427</u>

23. Subsequent events:

In preparing these financial statements, the City has evaluated events and transactions for potential recognition or disclosure through April 9, 2020, the date the financial statements were available to be issued.

In December 2019, the City purchased a commercial building at 17 West Main Street for \$750,000 for future economic development.

In December 2019, a novel strain of coronavirus (“COVID-19”) was reported to have surfaced in China. The World Health Organization has declared COVID-19 to constitute a "Public Health Emergency of International Concern" and characterized COVID-19 as a pandemic. The U.S. government has also implemented enhanced screenings, quarantine requirements and travel restrictions in connection with the COVID-19 outbreak. The spread of this virus has the potential to cause business disruption to the City’s tax base, due to state government-imposed shutdowns of businesses and other results of the illness. While the City expects this matter may negatively impact its results, the extent of the impact of the COVID-19 on the City’s operational and financial performance will depend on future developments, including the duration and spread of the outbreak and related travel advisories and restrictions and the impact of the COVID-19 on overall economic trend, all of which are highly uncertain and cannot be predicted.

SCHEDULE OF CHANGES IN TOTAL OTHER POSTEMPLOYMENT BENEFITS (OPEB) LIABILITY
AND RELATED RATIOS

LAST TWO FISCAL YEARS*

(Required supplementary information)
(unaudited)

	2019	2018
Total OPEB liability:		
Service cost	\$ 81,676	\$ 91,537
Interest	173,077	147,458
Experience gains	(44,604)	
Changes of assumptions	(19,372)	(394,049)
Benefit payments	(145,958)	(178,101)
Net change in total OPEB liability	44,819	(333,155)
Total OPEB liability:		
Beginning of year	4,929,845	5,263,000
End of year	\$ 4,974,664	\$ 4,929,845
Covered employee payroll	\$ 3,020,987	\$ 3,161,863
Total OPEB liability as a percentage of the covered employee payroll	164.67%	155.92%

*The amounts presented were determined as of the end of the prior fiscal year. This schedule will eventually cover the ten most-recent fiscal years; however, this is the information available as of the implementation year of GASB No. 75.

Notes to Schedule:

Changes of Assumptions - Changes of assumptions and other inputs reflect the effects of changes in the discount rate in each period. The following are the discount rates used in each period:

2019	3.62%
2018	3.58%
2017	2.85%

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB statement No. 75 to pay future OPEB obligations.

CITY OF WESTMINSTER

SCHEDULE OF THE CITY'S PROPORTIONATE SHARE OF THE NET PENSION LIABILITY

LAST FIVE FISCAL YEARS*

CITY OF WESTMINSTER

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

YEAR ENDED JUNE 30, 2019

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal award activity of the City under programs of the federal government for the year ended June 30, 2019. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net assets or cash flows of the City.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the schedule of expenditures of federal awards are reported on the accrual basis of accounting. Federal expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3. Indirect Cost Rate

The City did not elect to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

Independent Auditors' Report on Internal Control over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance with Government Auditing Standards

Mayor and Common Council
City of Westminster
Westminster, Maryland

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities and each major fund of the City of Westminster, Maryland, as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the City of Westminster's basic financial statements, and have issued our report thereon dated April 9, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Westminster's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Westminster's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Westminster's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiencies in internal control described in the accompanying schedule of findings and questioned costs as items 2019-001 to 2019-003 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control described in the accompanying schedule of findings and questioned costs as items 2019-004 and 2019-005 to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Westminster's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Westminster's Responses to Findings

The City of Westminster's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City of Westminster's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Brown Schultz Steidan & Fritz

Westminster, Maryland
April 9, 2020

Independent Auditors' Report on Compliance
for each Major Program; Report on
Internal Control Over Compliance in Accordance
with the Uniform Guidance

Mayor and Common Council
City of Westminster
Westminster, Maryland

Report on Compliance for Each Major Federal Program

We have audited the City of Westminster's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the City of Westminster's major federal program for the year ended June 30, 2019. The City of Westminster's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance of the City of Westminster's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations (CFR) Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the major federal program occurred. An audit includes examining, on a test basis, evidence about City of Westminster's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the City of Westminster's compliance.

Opinion on Each Major Federal Program

In our opinion, the City of Westminster complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the major federal program for the year ended June 30, 2019.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2019-007 and 2019-008. Our opinion on the major federal program is not modified with respect to these matters.

The City of Westminster's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs and corrective action plan. The City of Westminster's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control over Compliance

Management of the City of Westminster is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Westminster's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Westminster's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies; and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified certain deficiencies in internal control over compliance, described in the accompanying schedule of findings and questioned costs as items 2019-006 and 2019-007, that we consider to be significant deficiencies. We identified a certain deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2019-008, that we consider to be a material weakness.

The City of Westminster's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs and corrective action plan. The City of Westminster's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CITY OF WESTMINSTER

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

YEAR ENDED JUNE 30, 2019

II. FINDINGS - FINANCIAL STATEMENT AUDIT

Finding reference: 2019-001

Material weakness in internal control over financial reporting—prior period adjustments

Condition: Prior period adjustments were necessary to correct income tax receivables and deferred outflows related to pensions.

Criteria: 1) Income tax revenue should be reported when all eligibility criteria have been met; 2) deferred outflows of resources for the change in proportionate share of the City's net pension obligation should be recognized in pension expense over the expected remaining service lives of all employees provided pensions through the plan.

Context: 1) The June 30, 2018 financial statements included the local reserve allocation from the Comptroller of Maryland as a receivable as of June 30, 2018; however, the receivable did not meet the criteria for recognition; 2) Deferred outflows relating to the change in proportionate share of the net pension liability were expensed in full during the year ended June 30, 2018.

Effect or Potential Effect: See Note 22.

Cause: Improper guidance from prior auditors and management oversight.

Recommendation: We recommend the City 1) only record receivables which meet the criteria for revenue recognition, 2) amortize deferred outflows related to the change in proportionate share of the net pension liability over the expected remaining service lives of all employees provided pensions through the plan.

Views of Responsible Official(s) and Planned Corrective Actions: See corrective action plan.

Finding reference: 2019-002

Material weakness in internal control over financial reporting—fiscal year-end reporting

Condition: Many adjustments were required to the City's accounts after turned over by the City to the external auditors.

Criteria: The City's fiscal year-end account balances should include all significant transactions from the reporting period and should be reconciled at fiscal year end.

CITY OF WESTMINSTER

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

YEAR ENDED JUNE 30, 2019

II. FINDINGS - FINANCIAL STATEMENT AUDIT (CONTINUED)

Finding reference: 2019-002 (continued)

Context: While management informed us that adjustments would be required after the trial balance was provided to us for audit, many of the subsequent adjustments provided by management were the result of our questions and findings. These adjustments included cash and equity restrictions, interest income accruals, accounts receivable, inventory, capital assets, accounts payable retainage payable and housing revenues.

Effect or Potential Effect: The City's account balances were materially misstated at and for the year ended June 30, 2019 prior to adjustments being made to correct material misstatements. Because of this, there is concern that the monthly reports submitted to the City Council for review contained inaccurate information due to the number of journal entries required. It is important that accurate financial reports are provided to City Council throughout the year so that they have accurate information to base their decisions on.

Cause: Internal personnel turnover causing there to be a lack of internal review of account balances prior to audit.

Recommendation: We recommend that the City reviews their current internal control processes and procedures over financial reporting to ensure that all material transactions are recorded in the City's financial statements, and that their balances are materially correct at fiscal year end and throughout the fiscal year. Finance should work to ensure that the financial reports are as accurate as possible and that any material adjustments are made before providing to Council.

Views of Responsible Official(s) and Planned Corrective Actions: See corrective action plan.

CITY OF WESTMINSTER

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

YEAR ENDED JUNE 30, 2019

II. FINDINGS - FINANCIAL STATEMENT AUDIT (CONTINUED)

Finding reference: 2019-003

Material weakness in internal control over financial reporting—capital assets

Condition: Significant reconciliations were necessary between the fiscal year 2018 financial statements, the City's fixed assets system, and the City's general ledger system because all three did not align with the totals of the capital asset categories. There were assets sold in fiscal year 2018 that were not disposed of in the fixed assets system until fiscal year 2019. The proceeds from the sales were recognized in fiscal year 2018, but the fixed assets were still listed on the fiscal year 2018 financial statements. On the fiscal year 2018 financial statements, there were several construction in progress projects that were completed and should have been placed in service during fiscal year 2018 or earlier. Also, there was a project that was completed in fiscal year 2019 that was not put into service. In the fixed assets system, there were multiple assets that had in service dates of June 30, 2019 instead of when they were actually acquired during the year. The City does not have formal procedures in place to determine the impairment of long-lived assets.

Criteria: Capital assets should be capitalized at their historical cost or estimated acquisition value and depreciated based on the date the asset is placed in service. Construction in progress projects should be evaluated annually to determine if they should be placed in service and depreciated. Assets that are no longer in service should be removed from the capital asset schedules. Long-lived assets should be evaluated annually for impairment.

CITY OF WESTMINSTER

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

YEAR ENDED JUNE 30, 2019

II. FINDINGS - FINANCIAL STATEMENT AUDIT (CONTINUED)

Finding reference: 2019-003 (continued)

Context: Some reconciliations between the 2018 fiscal year financial statements, the City's fixed assets system, and the City's general ledger were material, including a variance of \$1,556,114 for the Water Fund Utility Plant & Equipment category. Assets were properly removed from the general ledger in a prior year, but the assets were not removed from the fixed asset system. The reconciliations were completed after we received the trial balance for the audit. This caused significant delays in the completion of the audit. Assets sold in fiscal year 2018, but not disposed until 2019 caused variances of \$66,845 for Water Fund and \$90,888 for governmental activities. Also, a police car that was totaled in fiscal year 2019 was not disposed of, causing an error of \$26,420. In addition, some proceeds from the sale of assets were not recorded to the fund that was carrying the capital asset. For instance, two Water Fund assets were sold, but the proceeds were split in half and recorded in the Water Fund and the Sewer Fund. Overall, there were material misstatements caused by assets not being properly disposed of. Construction in progress projects completed in 2018, but not placed in service when they should have been totaled \$1,899,763 for governmental activities and \$1,517,237 for the Water Fund. There were multiple assets that had in service dates of June 30, 2019 instead of when they were actually acquired during the year causing depreciation expense to be calculated incorrectly. Also, functions for governmental activities assets were not coded properly for multiple assets tested during audit procedure which impacts which function the depreciation is booked to (for instance, a police vehicle being coded to public works instead of public safety).

Effect or Potential Effect: As described in Note 4, a reclassification of \$439,999 was made to the governmental activities to correct the asset category in which assets were recorded. The culmination of the other errors described above were corrected in the current year financial statements.

Cause: Unidentified errors from software setup and general ledger integration.

CITY OF WESTMINSTER

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

YEAR ENDED JUNE 30, 2019

II. FINDINGS - FINANCIAL STATEMENT AUDIT (CONTINUED)

Finding reference: 2019-003 (continued)

Recommendation: Now that the audited financial statements, the City's fixed assets system and the City's general ledger system reconcile, we recommend that the City continues to maintain reconciliations of these three areas to ensure that the trial balance is not misstated and depreciation expense is calculated properly. We recommend that sales proceeds and insurance proceeds are reviewed annually as a check to ensure that all assets are properly disposed of in the fixed assets system and general ledger. We also recommend that sales proceeds are reviewed to ensure that the correct fund is being credited for the sale of the asset. We recommend that project managers are contacted and completion dates of the projects are discussed to determine when the projects need to be put into service to avoid future misstatement. We recommend that the in service dates and the functions assigned to acquired assets be reviewed prior to posting depreciation expense to ensure that the depreciation expense will be recorded properly. The City should take a physical inventory of its fixed assets on a regular basis (such as every two to three years) to ensure that only active, in-service property and equipment is included on the City's financial statements. This will ensure that fixed assets are properly stated and that depreciation is being calculated from a reliable listing. We recommend that the City establishes procedures for evaluating impairment of long-lived assets on a regular basis. This will ensure that impaired assets are treated properly on the financial statements.

Views of Responsible Official(s) and Planned Corrective Actions: See corrective action plan.

Finding reference: 2019-004

Significant deficiency in internal control over financial reporting—inventory

Condition: A physical observation of inventory is performed annually at fiscal year end. The spreadsheet calculating the inventory valuation at June 30, 2019 contained a number of errors, which resulted in misstatements in the inventory balance recorded.

Criteria: Materials and supplies on hand at the reporting date should be recorded as an inventory asset, based on the first-in, first-out (FIFO) method, according to the City's accounting policies. Periodic physical inventories provide a basis for updating inventory balances and aid in detecting significant inventory shortages.

Context: The Fiber Fund inventory was not properly valued based on the chosen inventory valuation of first-in, first-out (FIFO), which caused an overstatement in inventory of \$31,959. We noted that there were numerous clerical errors in the final priced inventory listing, causing a misstatement in the amount recorded in the trial balance for inventory. Fiber inventory is abundant and is of high value, therefore, it is prone to potential theft. No physical inventory observation of the fiber is performed other than at fiscal year end.

CITY OF WESTMINSTER

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

YEAR ENDED JUNE 30, 2019

II. FINDINGS - FINANCIAL STATEMENT AUDIT (CONTINUED)

Finding reference: 2019-004 (continued)

Effect or Potential Effect: Numerous adjustments were necessary to properly state inventories at fiscal year end. Fiber inventory could potentially be stolen due to the lack of tracking, causing a loss for the City.

Cause: Management oversight and lack of procedures in place.

Recommendation: We recommend that inventory be valued based on the price per unit from the most recent invoice before year end. If that invoice does not have enough units purchased to account for all the items in inventory at year end, the invoice received before that invoice should be used to value the remaining inventory units, and so on. We recommend that someone not involved in the inventory count or initial compilation, check for clerical errors by re-footing and re-extending the inventory items on a test basis. We recommend that quarterly counts of the fiber inventory are completed because of the high value and high volume of the inventory on hand as of June 30, 2019. These additional inventory counts will help ensure that usage appears reasonable, theft is not occurring and will aid in the timely detection of errors and correction of causes.

Views of Responsible Official(s) and Planned Corrective Actions: See corrective action plan.

Finding reference: 2019-005

Significant deficiency in internal control over financial reporting—Community Foundation

Condition: Activity related to funds held by the Community Foundation of Carroll County for the benefit of the City of Westminster was not recorded on the City's financial statements.

Criteria: All deposits of the City, including external investment pools, should be reported as assets of the City.

Context: During the 2019 fiscal year, it came to the current senior management's attention that for several years three separate accounts were held by the Community Foundation of Carroll County with funds solicited by City employees and from City-sponsored events. It appears that several employees of the City maintained these funds without the knowledge of the current City Council or senior management. These same employees maintained complete control over the spending of the funds and determined which funding sources would be deposited into these funds. Additionally, one of these employees paid a portion of another employee's salary out of the funds at the Community Foundation. This was done in an effort to avoid the requirement of adding the employee to the City's pension plan based on the hours the employee was actually working.

CITY OF WESTMINSTER

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

YEAR ENDED JUNE 30, 2019

II. FINDINGS - FINANCIAL STATEMENT AUDIT (CONTINUED)

Finding reference: 2019-005 (continued)

Effect or Potential Effect: While the activity in these accounts at the Community Foundation during the 2019 fiscal year was immaterial to the City's general fund and the City's financial statements as a whole, the employees with control of the funds were able to bypass the controls in place by the City resulting in no review or approval of the spending or recording of the activity in the City's financial records. The employees could potentially use the funds to pay for non-City related items. Additionally, the portion of the employee's payroll which was paid out of the Community Foundation's funds were not appropriately recorded in the employee's wages reported on their W-2. However, they did receive a Form 1099 from the Community Foundation. With these additional hours worked, the employee should have been a participant in the Maryland State Retirement and Pension System. The City and the employee also did not pay any payroll taxes related to these wages.

Cause: Several employees bypassing the City's controls and maintaining funds with the Community Foundation without council or management's knowledge.

Recommendation: We understand the City has closed, or is in the process of closing, these accounts subsequent to year end. Our recommendation is to communicate to the Community Foundation that it is the intention of management and council that all activity that relates to the City should flow through the City's internal policies and procedures; and therefore, there is no need for future accounts to be created and maintained through the Community Foundation. Any donations received for City activities by the Community Foundation should be forwarded directly to the City.

Views of Responsible Official(s) and Planned Corrective Actions: See corrective action plan.

III. FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL AWARD PROGRAMS AUDIT

Finding reference: 2019-006

Federal Agency: Department of Housing and Urban Development
Federal Program: 14.871 Housing Choice Vouchers
Grant Period: 07/01/18 – 06/30/19
Requirement: Allowable Costs and Cost Principles
Type of Finding: Significant Deficiency

Condition: Administrative costs were charged to the Public Housing Agency using allocations that were not documented, were not consistent and were not reviewed.

CITY OF WESTMINSTER

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

YEAR ENDED JUNE 30, 2019

**III. FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL AWARD PROGRAMS AUDIT
(CONTINUED)**

Finding reference: 2019-006 (continued)

Criteria: Administrative costs should be allocated to the Public Housing Agency consistently. These allocations should be reviewed annually to determine if changes are necessary. All invoices require a signature of approval.

Cause: Management does not have procedures in place to review allocations being utilized for the Public Housing Agency fund. Procedures are in place to put an authorizing signature on each invoice, but due to oversight, several were missed.

Effect: Administrative costs could be charged to the program at an improper allocation rate or could be charged to the program when they shouldn't be.

Context: A sample of 20 transactions posted to non-payroll administrative accounts in the Public Housing Agency fund were tested. Of the 20 transactions tested, three invoices did not have support for the allocation utilized. Eight transactions utilized allocations that had not been updated for several years and it was unclear if the allocations were reasonable during the period under audit. Three invoices allocated to the Public Housing Agency fund did not have an authorizing signature present.

Recommendation: The City of Westminster should perform an analysis of administrative costs allocated across the funds to determine proper allocations for each type of cost. Once approved, these allocations should be distributed to the Finance Department and employees responsible for authorizing invoices. Authorizing signatures should be verified during the check signing or ACH process.

Views of Responsible Officials and Planned Corrective Actions: See corrective action plan

Finding reference: 2019-007

Federal Agency: Department of Housing and Urban Development
Federal Program: 14.871 Housing Choice Vouchers
Grant Period: 07/01/18 – 06/30/19
Requirement: Special Tests and Provisions
Type of Finding: Significant Deficiency; Noncompliance

Condition: The depository agreement was out of date and Public Housing Agency funds were not held in an interest-bearing account.

CITY OF WESTMINSTER

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

YEAR ENDED JUNE 30, 2019

**III. FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL AWARD PROGRAMS AUDIT
(CONTINUED)**

Finding reference: 2019-007 (continued)

Criteria: Public Housing Agencies are required to enter into a depository agreement with their financial institution in the form required by HUD and comply with the stated terms. Terms of the agreement state all monies deposited by the Public Housing Agency with the depository should be credited to a separate interest-bearing account.

Cause: Management was unaware that the depository agreement was out of date and that funds were required to be held in an interest-bearing account.

Effect: An expired agreement could put the safeguards around federal funds in jeopardy.

Context: The depository agreement in place was dated October 12, 2011 and was completed with HUD Form 51999. This Form expired on September 30, 2013. Funds were maintained in a non-interest bearing account at the depository.

Recommendation: The City of Westminster should contact the Depository to execute an HUD form and transfer the funds to an interest-bearing account. We commend management for addressing this finding as soon as it was brought to their attention.

Views of Responsible Officials and Planned Corrective Actions: See corrective action plan

Finding reference: 2019-008

Federal Agency: Department of Housing and Urban Development
Federal Program: 14.871 Housing Choice Vouchers
Grant Period: 07/01/18 – 06/30/19
Requirement: Reporting
Type of Finding: Material Weakness; Noncompliance

Condition: Monthly Voucher Management System (VMS) reports were filed with inaccurate balances and were not corrected timely.

Criteria: The Public Housing Agency is required to complete monthly reporting in the HUD VMS online system. Prior month corrections are to be made timely and not at the end of the reporting year.

CITY OF WESTMINSTER

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

YEAR ENDED JUNE 30, 2019

III. FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL AWARD PROGRAMS AUDIT (CONTINUED)

Finding reference: 2019-008 (continued)

Cause: The Housing Director completed the VMS submissions timely (22 days after month end). For any required corrections that happened during the year, the Housing Director updated the HAPPY software without entering a prior month correction in VMS. Monthly submissions to VMS were never reviewed for accuracy.

Effect: HUD utilizes the monthly submissions to VMS to adjust funding amounts provided to the Public Housing Agency. The failure to update incorrect amounts timely could result in incorrect funding.

Context: Out of eight months tested, four months had variances related to HAP vouchers and six months had variances related to portability vouchers that could not be explained by management. A full reconciliation was completed six months after year end to determine that four months tested were incorrect and a prior month correction was needed in the VMS system.

Recommendation: Each month, a reconciliation needs performed between the finance and housing department figures utilized for VMS reporting. If a reconciling item exists, it should be documented accordingly. Supporting documentation should be maintained for each filing submitted through VMS. If a correction occurs in a subsequent month after filing is complete, a prior month correction should be entered immediately into VMS. Since VMS requires corrections to be made in the month the voucher applies to and finance records are maintained on cash basis, there will be reconciling items from time to time. At the end of the reporting year, a reconciliation should be performed to determine if any corrections were missed.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

January 29, 2020

U.S. Department of Housing and Urban Development

City of Westminster respectfully submits the following summary schedule of prior audit findings for the year ended June 30, 2019.

Name and address of independent accounting firm:

Brown Schultz Sheridan & Fritz
205 E Main Street
Westminster, MD 21157

Please see below for the findings noted in the audit for the year ended June 30, 2018.

If you require additional information or have concerns, please contact Tammy Palmer, Director of Finance and Administrative Services (410-848-3274 or email: TPalmer@westgov.org).

Sincerely,

Tammy Palmer
Director of Finance and Administrative Services

PRIOR YEAR FINDINGS

Finding number 2018-001

Condition: During the audit, certain audit adjustments were required to adjust the recording of capital assets, pension, other postemployment benefits (OPEB), and fund balance/net position within the working trial balance after the City's year-end close of the accounting records.

Current Status: The City disagreed with this finding noted by the prior auditor. All journal entries are recorded in the proper fiscal year.

Finding number 2018-002

Housing Voucher Program, CFDA 14.871

Federal Agency: U.S. Department of Housing and Urban Development

Condition: As a result of our testing we noted the City did not submit their GAAP-based unaudited and audited financial information electronically to HUD.

Current Status: The written procedures for filing the City's financial reports were updated to include REAC requirements. Unaudited and audited filings for the year ended June 30, 2018 were submitted on November 8, 2018 and April 9, 2019, respectively. The unaudited filing for the year ended June 30, 2019 was submitted August 26, 2019, before the filing deadline. The Director of Finance will ensure the audited filing is submitted when the audit is final.

CORRECTIVE ACTION PLAN

Date: April 9, 2020

Department of Housing and Urban Development

The City of Westminster, Maryland respectively submits the following corrective action plan for the year ended June 30, 2019.

Name and address of independent accounting firm:

Brown Schultz Sheridan & Fritz
205 E. Main Street
Westminster, MD 21157

Audit Period: July 1, 2018 to June 30, 2019

The findings from the schedule of questioned costs for the year ended June 30, 2019 are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS – FINANCIAL STATEMENT AUDIT

Finding reference: 2019-001 – Material Weakness – Prior Period Adjustments

Recommendation: We recommend the City 1) only record receivables which meet the criteria for revenue recognition, 2) amortize deferred outflows related to the change in proportionate share of the net pension liability over the expected remaining service lives of all employees provided pensions through the plan.

Action taken: The Finance department will review the June 30, 2020 balances to ensure all receivables will be recognized in the correct period, and deferred outflows related to the change in proportionate share of the net pension liability will be amortized over the expected remaining service lives of all employees provided pensions through the plan. The Finance Department staff will receive training regarding pensions and amortizations by June 30, 2020.

Finding reference: 2019-002 – Material Weakness – Fiscal Year-End Reporting

Recommendation: We recommend that the City reviews their current internal control processes and procedures over financial reporting to ensure that all material transactions are recorded in the City's financial statements, and that their balances are materially correct at fiscal year-end and throughout the fiscal year. Finance should work to ensure that the financial reports are as accurate as possible and that any material adjustments are made before providing to Mayor and Common Council.

Action taken: Staff turnover created weaknesses in year-end reporting. New staff will be trained for year-end reporting by June 30, 2020.

Finding reference: 2019-003 – Material Weakness – Capital Assets

Recommendation: Now that the audited financial statements, the City's fixed assets system, and the City's general ledger system reconcile, we recommend that the City continues to maintain reconciliation of these three areas to ensure that the trial balance is not misstated and depreciation expense is calculated properly. We recommend that sales proceeds and insurance proceeds are reviewed annually as a check to ensure that all assets are properly disposed of in the fixed assets system and general ledger. We also recommend that sales proceeds are reviewed to ensure that the correct fund is being credited for the sale of the asset. We recommend that project managers are contacted and completion dates of the projects are discussed to determine when the projects need to be put into service to avoid future misstatement. We recommend that the in-service dates and the functions assigned to acquired assets be reviewed prior to posting depreciation expense to ensure that the depreciation expense will be recorded properly. The City should take a physical inventory of its fixed assets on a regular basis (such as every two to three years) to ensure that only active, in-service property and equipment is included on the City's financial statements. This will ensure that fixed assets are properly stated and that depreciation is being calculated from a reliable listing. We recommend that the City establishes procedures for evaluating impairment of long-lived assets on a regular basis. This will ensure that impaired assets are treated properly on the financial statements.

Action taken: The Finance Department staff will collect all capital invoices for equipment and enter into fixed assets prior to year-end. The Director of Public Works will provide a written report of which capital construction projects were complete at year-end. All completed projects will be entered into fixed assets from the Work in Progress schedule. All incomplete projects will be added to the Work in Progress schedule. All assets will be entered with the in-service date to ensure proper depreciation.

Finding reference: 2019-004 – Significant Deficiency - Inventory

Recommendation: We recommend that inventory be valued based on the price per unit from the most recent invoice before year-end. If that invoice does not have enough units purchased to account for all the items in inventory at year-end, the invoice received before that invoice should be used to value the remaining inventory units, and so on. We recommend that someone not involved in the inventory count or initial compilation check for clerical errors by re-footing and re-extending the inventory items on a test basis. We recommend that quarterly counts of the fiber inventory are completed because of the high value and high volume of the inventory on hand as of June 30, 2019. These additional inventory counts will help ensure that usage appears reasonable, theft is not occurring, and will aid in the timely detection of errors and correction of causes.

Action taken: Fiber inventory was acquired from the contractor during construction and was not counted as it was put into inventory and checked against the invoice. Counts were not accurate to what was billed. No further inventory is expected to be provided by a City contractor. All inventory will be checked by the acquiring department as it arrives from the manufacturer and Finance will use most current pricing from most current invoices to value inventory. All inventory counts will be performed at year end.

Finding reference: 2019-005 – Significant Deficiency – Community Foundation of Carroll County

Recommendation: We understand the City has closed, or is in the process of closing, these accounts subsequent to year-end. Our recommendation is to communicate to the Community Foundation that it is the intention of management and the Mayor and Common Council that all activity that relates to the City should flow through the City's internal policies and procedures, and therefore there is no need for future accounts to be created and maintained through the Community Foundation. Any donations received for City activities by the Community Foundation should be forwarded directly to the City.

Action taken: Accounts have been closed; no new accounts will be set up without specific authorization by the Mayor and Common Council.

FINDINGS – FEDERAL AWARD PROGRAM AUDIT

Finding reference: 2019-006 – 14.871 Housing Choice Vouchers – Significant Deficiency

Recommendation: The City of Westminster should perform an analysis of administrative costs allocated across the funds to determine proper allocations for each type of cost. Once approved, these allocations should be distributed to the Finance Department and employees responsible for

authorizing invoices. Authorizing signatures should be verified during the check signing or ACH process.

Action Taken: The Finance Department will perform an analysis of administrative costs to determine proper allocations between funds by the end of the fiscal year. Amounts charged to the Housing fund before the final analysis is performed will be assessed for reasonableness and any corrections that are required will be performed by June 30, 2020. Effective immediately, the Finance Department will ensure all invoices have authorizing signatures before they go to the check signers or the ACH transaction is completed.

Finding reference: 2019-007 – 14.871 Housing Choice Vouchers – Significant Deficiency; Noncompliance

Recommendation: The City of Westminster should contact the Depository to execute an HUD form and transfer the funds to an interest bearing account. We commend management for addressing this finding as soon as it was brought to their attention.

Action taken: HUD -51999, General Depository Agreement, was executed on January 17, 2020, and funds put in an interest bearing account at that time.

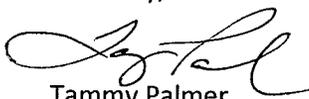

Finding reference: 2019-008 – 14.871 Housing Choice Vouchers – Material Weakness; Noncompliance

Recommendation: Each month, a reconciliation needs to be performed between the finance and housing department figures utilized for VMS reporting. If a reconciling item exists, it should be documented accordingly. Supporting documentation should be maintained for each filing submitted through VMS. If a correction occurs in a subsequent month after filing is complete, a prior month correction should be entered immediately into VMS. Since VMS requires corrections to be made in the month the voucher applies to, and finance records are maintained on cash basis, there will be reconciling items from time to time. At the end of the reporting year, a reconciliation should be performed to determine if any corrections were missed.

Action taken: Finance provides Housing with administrative costs at each month-end, and Housing will enter these costs into VMS. Starting with the March 2020 filing, housing will reconcile VMS to Finance reports monthly. Housing will maintain documentation for reconciling items in a Reconciling Items file for audit purposes. VMS filings previously completed for fiscal year 19-20 will be reconciled by the Housing Department and have supporting documentation produced.

If the Department of Housing and Urban Development has any questions regarding this response, please call Tammy Palmer, Direct of Finance and Administrative Services at 410-848-3274.

Sincerely,

Tammy Palmer

Director of Finance and Administrative Services

CITY OF WESTMINSTER

Re: Quarterly Update – Westminster Fiber Network

Background

The Westminster Fiber Network is the Mid-Atlantic’s first community-wide gigabit fiber network, creating a competitive local marketplace for Internet services and providing community access to affordable gigabit Internet speeds. The City of Westminster constructs, owns, and maintains the dark fiber network. Under a lease agreement, a private partner installs equipment, lights the network, and provides service to customers. Westminster’s private partner is Ting Internet.

As reflected in the attached map, the Westminster Fiber Network was constructed in phases. These phases are described below:

- The Pilot phase, which became operational in September 2015, focused on the commercial areas near Carroll County Airport and the residential area near Carroll Lutheran Village.
- Phase 1 of the Westminster Fiber Network, which became operational in February 2017, encompasses the northwest part of Westminster. This phase of the project includes Bolton Hill, Cliveden Reach, the Village of Meadow Creek, Stoneridge Overlook, and Whispering Meadows.
- Phase 2 of the Network is the area generally bounded by MD 140, MD 31, Bell Road, and Old New Windsor Road. It includes the neighborhoods of Avondale Ridge, Avondale Run, Eagleview Estates, Fenby Farm, Furnace Hills, The Greens, and Wakefield Valley. Phase 2 was fully operational as of September 2017.
- Phase 3 is generally bounded by MD 31 south to Bishop Street, the eastern and western City limits north of MD 27, and from Main Street to MD 140 south of MD 27. A small portion of Phase 3 became operational in June 2018; all areas were live as of mid-October 2018.
- Phase 4 is comprised of the Westminster Mall and parts of N. Center Street and Cranberry Road. South of MD 27, it follows the west boundary of the City to the area of Malcolm Drive and Market Street. With the exception of Stonegate in Area H, construction of Phase 4 was essentially complete as of March 31, 2019. All areas were live as of June 30, 2019.

Given the importance of the fiber project, staff provides quarterly status reports to the Mayor and Council. Val Giovagnoni, Ting Internet’s manager for the City of Westminster project, will join City staff in presenting the update on May 11, 2020.

Project Financial Information

The City issued bonds for \$16,215,000 through the Maryland Department of Community Development in Fiscal Year (FY) 2019. These bonds refunded the prior bonds issued through SunTrust Bank.

As of April 30, 2020, principal payments of \$315,000 and interest payments of \$547,720 have been made on the FY 2019 bond issuance.

In FY 2019, the City was issued a Note in the amount of \$1,300,000 from the Governor’s Office of Rural Broadband. The terms of the Note are 30 years, zero percent interest and are to be used solely for operating costs of the Westminster Fiber Network. The City drew \$503,458 for FY 2020; as of March 31, 2020, \$293,474 of this amount had been expended.

In accordance with the contract between the City and Ting Internet, Ting pays the City \$6.00 per month for each unit passed by the Network. The City also receives \$17.00 per month for each subscriber. As of March 31, 2020, the City had received \$591,996 in lease and miscellaneous revenues in FY 2020.

The chart below provides the total number of units in each phase of the project, the number of units, the number of passed premises, the number of subscribers, and the take rate (the number of subscribers divided by possible subscribers) as of March 31, 2020.

	# of Units	# of Passed Premises	# of Subscribers	Take Rate
Pilot Phase	272	272	105	38.6%
Phase 1	891	885	312	35.3%
Phase 2	1,882	1,846	507	27.5%
Phase 3	1,613	1,606	316	19.7%
Phase 4	1,409	1,107	175	15.8%
Total	6,067	5,716	1,415	24.8%

It should be noted that the total number of passed premises decreased by 128 from the report for the quarter ended December 31, 2019. The Deputy Public Works Director removed the addresses in question based on his determination that the addresses were in private areas not serviceable by the City, and therefore should not be counted as passed premises.

The decrease in passed premises reduces Fiber Fund revenues. It also increases the take rate due to the lower denominator used in the calculation.

Construction Activities

As of March 31, 2020, Southern Maryland Cable (the contractor that constructed the Network) has as-built information to complete.

The City has constructed approximately 94 miles of conduit, through which the majority of the approximate 110 miles of fiber optic cable was installed through. Approximately 1,800 drops had been installed citywide to date.

The following chart shows the status of access agreements as of March 31, 2020.

	Serviceable Addresses	Access Agreements Received	% Submitted
Phase 1	891	506	56.79%
Phase 2	1,882	947	50.32%
Phase 3	1,613	505	31.31%
Phase 4	1,409	328	23.28%
Total	5,795	2,286	39.45%

Network Maintenance

The Westminster Fiber Network Maintenance Team handles all new orders for installation city wide. Between January 1 and March 31, 2020, the Maintenance Team installed 52 drops for service through the internal 311 program. The Team also performed 56 field check or service calls, and replaced ten drops damaged during the February tornado.

As noted in the report for the quarter ended December 31, 2019, the City reached an agreement with Bella Vita Apartments to bring the Westminster Fiber Network into their community. That work was completed during the past quarter.

Additionally, the Maintenance Team undertook new construction activities in the Stonegate development. The work is being done in stages to accommodate the building schedule and to protect City assets while construction continues over the next several years. During the quarter ended March 31, 2020, several conduits and taps were installed in the areas of Stonegate Road, Scarlet Sky Drive, and Blue Moon Lane.

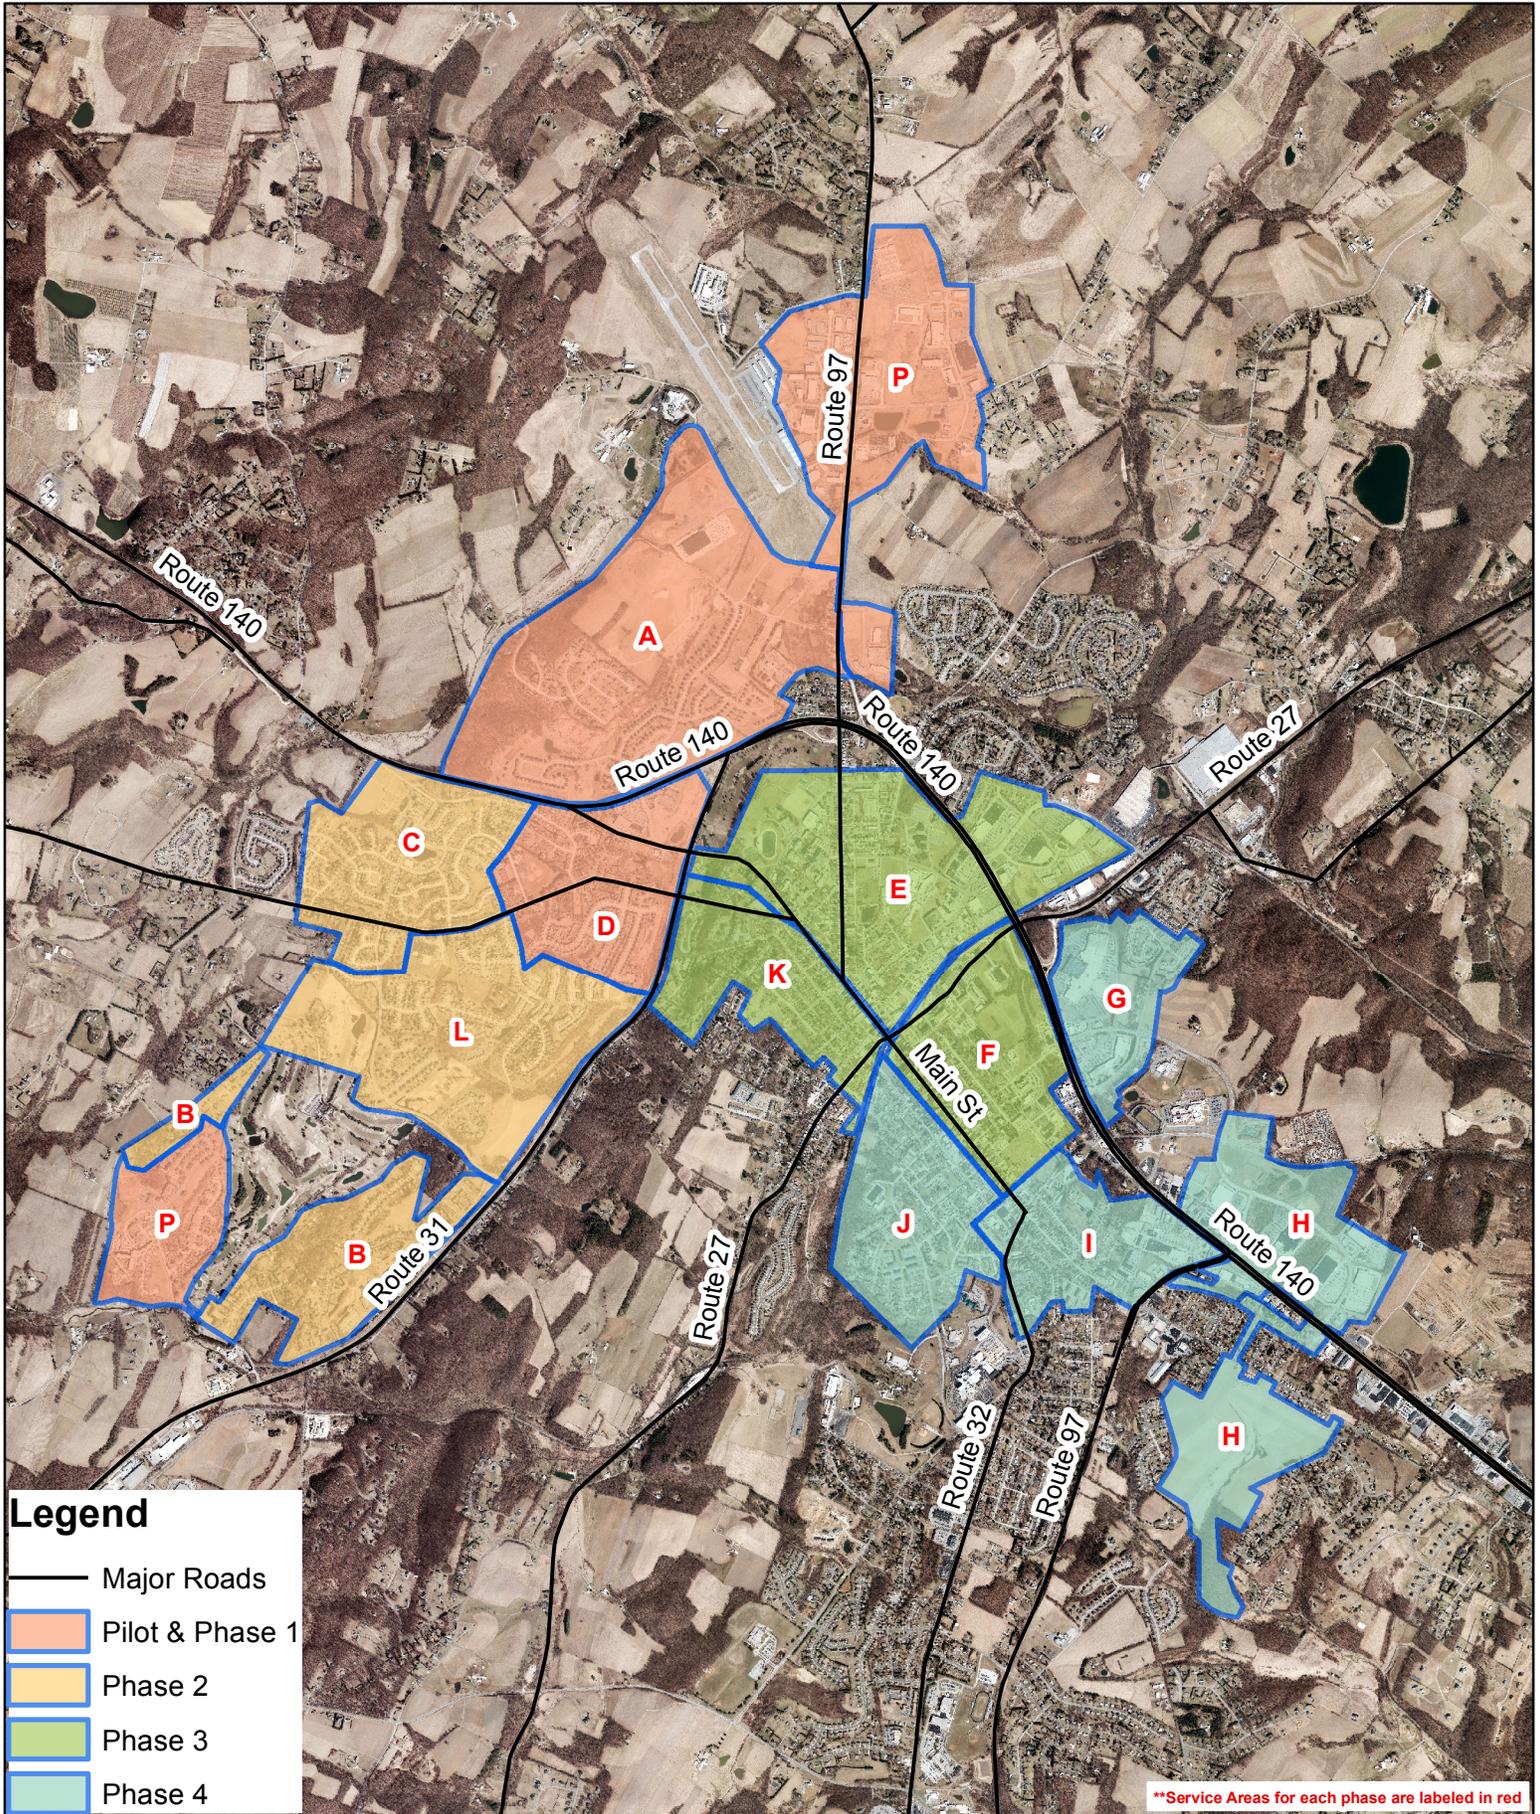

The Maintenance Team also installed an enterprise drop for redundancy at Carroll Lutheran Village. The drop installation required ring cutting fiber into a passing line, entering an existing splice enclosure, and installation of patch panel.

Re: Ordinance No. 922 – Adoption of FY 2021 Budget

Background

The City's new fiscal year will commence on July 1, 2020. In accordance with Article II of the Charter of the City of Westminster and in consultation with the Mayor and members of the Common Council's Finance Committee, the City Administrator prepared a proposed budget for the Common Council's consideration. She presented the proposed fiscal year (FY) 2021 budget at the Mayor and Common Council meeting on April 27, 2020. On this date, the Common Council introduced Ordinance No. 922, adopting the budget for FY 2021.

Since introduction of Ordinance No. 922, the Mayor and Common Council held two public hearings to provide an opportunity for Westminster residents and other interested parties to offer their thoughts and opinions on the FY 2021 budget proposal. The public hearings were held on April 30, 2020 and May 4, 2020.

The Mayor and Common Council held budget work sessions on April 30, 2020 and May 4, 2020. As directed on May 4, 2020, staff has modified Ordinance No. 922 to reflect the closure of the Fitness Center. General Fund revenues and expenditures have been adjusted accordingly.

Capital Projects Fund expenditures have been adjusted as well, to reflect the deletion of \$15,000 for the purchase of cardio equipment for the Fitness Center. Since introduction of Ordinance No. 922 on April 27, 2020, staff also learned of a delay in receiving equipment for the Carroll Arts Center HVAC Project; it is anticipated that the project will not get underway until after July 1, 2020. Therefore, the full contract amount of \$164,500 has been re-appropriated.

Both Fiber Fund revenues and expenditures have been increased by \$25,000 to reflect the Mayor and Common Council's direction of May 4, 2020 to provide funding for the promotion of the Westminster Fiber Network. The amended ordinance assumes an increased drawdown in State loan proceeds.

Recommendation

Staff recommends that the Common Council make a motion to amend Ordinance No. 922, to incorporate the changes highlighted in the attached document. Following the motion to amend, the Common Council can vote on the amended ordinance.

Attachment

- Amended Ordinance No. 922, adopting the FY 2021 budget

cc: Tammy Palmer, Director of Finance and Administrative Services

ORDINANCE NO. 922 ~~AMENDED~~
OF THE MAYOR AND COMMON COUNCIL OF WESTMINSTER, MARYLAND
APPROVING AND ADOPTING A BUDGET FOR THE
FISCAL YEAR BEGINNING JULY 1, 2020 AND
ENDING JUNE 30, 2021

WHEREAS, in accordance with the requirements of Md. Code Ann., Title 5 of the Local Government Article, and Section 41 of the Charter of the City of Westminster and Chapter 20 of the Code of the City of Westminster, the Mayor and Common Council are required to adopt an budget ordinance to appropriate funds for the several programs and purposes for which the City of Westminster must provide in the fiscal year beginning July 1, 2020 and ending June 30, 2021 (“Fiscal Year 2021”) and to set the property tax rates for Fiscal Year 2021; and,

WHEREAS, the Mayor, as required by the City Charter, on or before June 15, 2020, prepared and presented to the Common Council a proposed budget outlining the anticipated expenditures and transfers for Fiscal Year 2021, and including the estimated revenues and other financing sources required and establishes the proposed tax rate for all real property taxes, personal property taxes, and public utility taxes; and,

WHEREAS, the Common Council held a public hearing with respect to the Constant Yield Tax Rate and the proposed budget on April 27, 2020, after appropriate notice thereof in a newspaper having general circulation in Westminster.

NOW, THEREFORE, BE IT ORDAINED by the Mayor and Common Council of the City of Westminster that:

Section 1: From and out of the monies and balances known to be in the General Fund, Capital Projects Fund, Water Fund, Sewer Fund, Fiber Fund, and Public Housing Fund of the City of Westminster, Maryland, and from all monies anticipated to come into all funds during the twelve (12) month period ending June 30, 2021, there shall be, and hereby are, appropriated the

following sums for use by the departments and offices of the City, and for the objects and purposes for which the City must provide during Fiscal Year 2021.

Section 2: The Tax Levy for all real property within the City's corporate limits for the tax year beginning July 1, 2020 and ending June 30, 2021 shall be Fifty-Six Cents (\$0.56) on every One Hundred Dollars (\$100.00) of assessed value. The Tax Levy for all personal property within the City's corporate limits shall be One Dollar and Ten Cents (\$1.10) on every One Hundred Dollars (\$100.00) of assessed value. The Tax Levy on all public utility operating property within the City's corporate limits shall be One Dollar and Forty Cents (\$1.40) for every One Hundred Dollars (\$100.00) of assessed value. The aforementioned Tax Levy rates are inclusive of the special tax levied for the purposes of paying for the light and water used by The Mayor and Common Council of Westminster, as authorized and directed by Section 31 of the Charter of the City of Westminster.

Section 3. The taxes levied for the aforesaid respective purposes for the tax year beginning July 1, 2020 and ending June 30, 2021 shall be due and payable July 1, 2020 and shall be subject to interest beginning October 1, 2020 at the rate of $\frac{2}{3}$ of 1 per centum for each month or fraction thereof until paid, and additionally, a $\frac{1}{2}$ of 1 per centum penalty assessment for each month or fraction thereof until paid, provided that taxes paid by owner-occupants of residential property shall be due and payable as provided in § 10-204.3 of the Tax-Property Article of the Annotated Code of Maryland and § 143-3 of the City Code which authorize semiannual and annual payments of taxes. Additionally, taxes paid by owner-occupants of residential property on a semiannual basis as provided in § 10-204.3 of the Tax Property Article of the Annotated Code of Maryland and § 143-3 of the City Code shall be subject to a service charge in an amount equal to the service charge adopted by the Board of County Commissioners of Carroll County as to its County property taxes, which charge may include an administrative fee as permitted by law.

Section 4: That should any section of this Ordinance be determined to be invalid, such invalidity shall not affect any other sections.

Section 5: Any transfer of funds between appropriations must be approved by the Common Council in the form of an ordinance by a vote of at least 2/3 of the members of the Common Council.

Section 6: The City Administrator is hereby directed to transfer to the Capital Projects Fund any proceeds received from property tax revenues attributable to the levy of taxes at a rate by which the current property tax rate exceeds the property tax rate established in the FY 2011 budget, provided that any expenditure of the funds so appropriated shall be subject to the approval of the Common Council.

Section 7: BE IT FURTHER ORDAINED that this ordinance shall become effective ten days after its enactment by the Common Council of the City of Westminster, Maryland.

Re: Resolution No. 20-03, Approving and Adopting Plan Documents for the City's Cafeteria Benefits Plan, Including Its Flexible Spending Account (FSA)

Background

Resolution No. 20-03 would increase the amount of the maximum health FSA contribution that an eligible employee could make. In calendar year 2020, the Internal Revenue Service raised the contribution limit to \$2,750. The City's current maximum contribution is \$2,700. Because of the IRS' action, the City's FSA Plan is eligible to make the enhancement in the new plan year effective July 1, 2020.

The revised Benefit Plan Description and Adoption Agreement and Summary of the City of Westminster Cafeteria Benefit Plan reflects the increase from \$2,700 to \$2,750. The Cafeteria Benefit Plan Document does not require a revision. All of these documents are attached to Resolution No. 20-03 as Exhibit A.

Recommendation

Staff recommends that the Mayor and Common Council adopt Resolution No. 20-03, increasing the City's maximum health FSA contribution amount from \$2,700 to \$2,750.

Attachment

- Resolution No. 20-03, including associated documents in Exhibit A

cc: Barbara B. Matthews, City Administrator

City of Westminster Cafeteria Benefit Plan Document

Article 1. **Introduction**

1.1 Amendment and Restatement of Plan. The City of Westminster (the "Employer") hereby amends and restates its Cafeteria Plan (the "Plan") that was established on January 1, 1999 for its employees in accordance with Internal Revenue Code ("Code") § 125. The Effective Date of this amended and restated Plan is July 1, 2020. The Health FSA portion of the Plan is intended to qualify as a "self-insured medical reimbursement plan" under Code § 105, and the Medical Care Expenses reimbursed under the plan are intended to be eligible for exclusion from participating Employees' gross income under Code § 105(b). The DCAP is intended to qualify as a "dependent care assistance plan" under Code § 129, and the dependent care expenses reimbursed under the plan are intended to be eligible for exclusion from participating Employees' gross income under Code § 129(a).

1.2 Purpose of the Plan. The purpose of the Plan is to provide employees a choice between cash and qualified benefits under certain employee benefit plans maintained by the Employer. This Plan is designed to permit Eligible Employees to elect premium payment, flexible spending account and dependent care benefits, and to pay for those benefits with a combination of Employer and Employee contributions, as described in this Plan Document.

1.3 Separate Plans. Although contained within one document, the Health FSA and the DCAP are separate plans for purposes of administration and all reporting and nondiscrimination requirements imposed by §§ 105 and 129 of the Code. The Health FSA is a separate plan for purposes of applicable provisions of COBRA.

Article 2. **General Definitions**

2.1 Account means, as applicable, the Health FSA Account and the DCAP Account for each Participant as described in Article 10.

2.2 Administrator means the Employer.

2.3 Change in Status means (1) a change in the Participant's legal marital status, including marriage, divorce, death of spouse, legal separation or annulment; (2) change in the number of dependents, including birth, adoption, placement for adoption, and death; (3) change in employment status, including any employment status change affecting benefit eligibility of the Participant, spouse or Dependent, such as termination or commencement of employment, change in hours, strike or lockout, and a change in worksite (but only if the benefit eligibility is lost or gained as a result of the event); (4) a change in Dependent eligibility due to attainment of age, gain or loss of student status, marriage or any similar circumstances; (5) residence change of Participant, spouse or Dependent affecting the Participant's, spouse's or Dependent's eligibility for coverage; and (6) commencement or termination of adoption proceedings.

2.4 Claims Administrator means the entity (or entities) that has (have) contracted with the Administrator to process claims on behalf of the Administrator. The Claims Administrator, if any, is identified in the Cafeteria Benefit Plan Description and Adoption Agreement.

2.5 COBRA means the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended.

2.6 Code means the Internal Revenue Code of 1986, as amended.

2.7 Compensation means the amount of wages reported for a Participant by the Employer on Form W-2 prior to any pre-tax contributions made under this Plan, any other cafeteria plan, or any pre-tax parking program as described in Code § 132(f)(4).

2.8 Component Plan(s) means the employee welfare benefit plan(s) that are identified in the Cafeteria Benefit Plan Description and Adoption Agreement, the premiums of which are subject to pre-tax deduction from the Participant's Compensation under the terms of this Plan.

2.9 DCAP means the Dependent Care Assistance Plan.

2.10 Dependent means an individual who is the spouse of a Participant or child of a Participant as defined in Code Section 152 (f)(1) who, as of the end of the taxable year, has not attained age 27 and any other individual who is a dependent as defined as in [Code §152](#), determined without regard to subsections (b)(1), (b)(2), and (d)(1)(B) thereof and related IRS publications. For purposes of the Component Plans, this definition of Dependent does not include any Dependent who is not eligible for coverage under such Component Plan and includes all Dependents who are eligible for coverage under the Component Plan. For purposes of COBRA, Dependent will be defined in accordance with COBRA.

2.11 Eligible Employee means any Employee who has met the Eligibility Requirements described in Article 3.1 of this Plan Document.

2.12 Employee means any individual who is a common-law employee of the Employer or a Related Employer and is on the W-2 payroll of such Employer. Employee does not include (a) any leased employee, or an individual classified by the Employer as a contract worker, independent contractor, temporary employee or casual employee for the period during which the individual is classified, whether or not such individual is on the W-2 payroll of the Employer or a Related Employer or is determined to be a common-law employee; (b) any individual who performs services for the Employer but who is paid by a temporary or other employment or staffing agency; (c) any self-employed individual; (d) any partner in a partnership; and (e) any shareholder who holds more than a 2% interest in a Subchapter S corporation.

2.13 Employer means City of Westminster and any related employers identified on the Cafeteria Benefit Plan Description and Adoption Agreement.

2.14 Cafeteria Benefit Plan Description and Adoption Agreement means the document attached to this Plan Document that describes the specific features of this Cafeteria Plan.

2.15 FMLA means the Family and Medical Leave Act of 1993, as amended.

2.16 Grace Period means the 2 ½ month period after the end of any Plan Year during which a Participant, spouse or Dependent can continue to incur expenses that are eligible for reimbursement from the funds contributed during that (prior) Plan Year.

2.17 Health FSA means the health care flexible spending account portion of this Plan.

2.18 Medical Care Expenses means the expenses that are eligible for reimbursement under the Health FSA as described in Article 7.3 and in the Summary Plan Description.

2.19 Participant means an Eligible Employee who has made an election to participate in the Plan and who has not terminated his participation during any open enrollment period.

2.20 Payment means all activities regarding the provision of benefits under the Health FSA.

2.21 Plan Year means the year beginning on the Plan Year Start Date and ending on the Plan Year End Date as identified on the Cafeteria Benefit Plan Description and Adoption Agreement.

2.22 Related Employer means any employer that is a member of a related group of organizations with the Employer as shown on the Cafeteria Benefit Plan Description and Adoption Agreement, and as specified under Code § 414(b), (c) or (n).

2.23 Salary Reduction Agreement means the election form that must be completed by each Eligible Employee, except as otherwise provided in this Plan Document, before his or her participation in the Plan will begin.

Article 3. **Eligibility and Participation**

3.1 Eligibility to Participate. An individual is eligible to participate in this Plan if the individual (a) is an Employee; (b) is regularly scheduled to work the number of hours (if any) shown on the Cafeteria Benefit Plan Description and Adoption Agreement, which is attached to this Plan Document; (c) has been employed by the Employer for the length of time required on the Cafeteria Benefit Plan Description and Adoption Agreement (if any); and (d) meets any age requirements shown on the Cafeteria Benefit Plan Description and Adoption Agreement. Once the Employee has met the Plan's eligibility requirements, the Employee must complete a Salary Reduction Agreement to be eligible to participate in one of the Component Plans (unless otherwise specified under Participation in the Cafeteria Benefit Plan Description and Adoption Agreement) and to participate in the DCAP or the Health FSA. Participation in the Premium Payment component of this Plan will become effective as of the first payroll period following submission of a Salary Reduction Agreement or enrollment form (as required) and the effective date of the Employee's coverage under any of the Component Plans. Participation in the Health FSA and DCAP will become effective for each Employee as of the first payroll period following completion of all Eligibility Requirements and submission of a Salary Reduction Agreement.

3.2 Termination of Participation. A Participant's participation in the Plan will end on the earlier of the following: (a) for the Premium Payment component, the expiration of the Participant's enrollment in all of the Component Plans that require employee contributions; (b) for the Health FSA and DCAP components, the date that the Participant revokes his or her election to participate under a circumstance when such change is permitted under the terms of the Plan; (c) the termination of this Plan; or (d) the date on which the Employee ceases to be an Eligible Employee. Reimbursements from the Health FSA and DCAP Accounts after termination of participation will be made pursuant to Articles 7.7, 8.5 and 9.7.

3.3 Participation Following Termination of Employment or Loss of Eligibility. If a Participant terminates his or her employment or loses eligibility under this Plan for any reason including disability, retirement, layoff or voluntary resignation and then is rehired within 30 days, the Employee will be reinstated as a Participant in the Premium Payment component to the extent that the Employee's participation in any of the Component Plans is also reinstated. For the Health FSA and DCAP components, the Employee will be reinstated with the same elections that such individual had before termination. If a former Participant is rehired more than 30 days following termination of employment and is otherwise eligible to participate in the Plan, then the individual may make new elections as a new hire, and will be subject to any applicable waiting period.

3.4 FMLA Leaves of Absence. Notwithstanding any provision to the contrary in this Plan, if a Participant goes on a qualifying paid or unpaid leave under the FMLA, the Employer will maintain the Participant's coverage under the Health FSA, the DCAP, and the applicable Component Plans (as required by the FMLA and as determined by the Employer's policies for coverages that are not health benefits subject to the FMLA) on the same terms and conditions as if the Participant were still an active Employee. During any such period, the Participant's share of the premiums shall be paid by the Participant in one of the following ways, as determined by the Employer:

- (1) with after-tax dollars, by sending monthly payments to the Employer by the due date established by the Employer;
- (2) with pre-tax dollars, by having such amounts deducted from the Participant's ongoing Compensation (if any, including unused sick days and vacation days), or by pre-paying all or a portion of the premium for the expected duration of the leave on a pre-tax basis out of pre-leave Compensation. To pre-pay the premium, the Participant must make a special election to that effect prior to the date that such Compensation would normally be made available (pre-tax dollars may not be used to fund coverage during the next Plan Year)
- (3) under another arrangement agreed upon between the Participant and the Employer.

3.5 Other Leaves of Absence. If the Participant goes on an unpaid leave of absence that does not affect eligibility (based on the policies of the Employer), then the Participant will continue to participate and the premium due for the Participant will be paid by pre-payment before going on the leave, by after tax contributions while on leave, or with catch-up contributions after the leave ends, as determined by the Employer.

Article 4. **Election Procedures**

4.1 Elections When First Eligible. For the Premium Payment component, an Eligible Employee who enrolls in one of the Component Plans must complete a Salary Reduction Agreement or enrollment form prior to the effective date of coverage under any of the Component Plans in order for the Employee to participate in any of these plans. For the Health FSA and DCAP, the maximum and minimum permitted elections (if any) are included in the Cafeteria Benefit Plan Description and Adoption Agreement and will be shown on the Salary Reduction Agreement or an attached document. These amounts may change at the beginning of each Plan Year. For the Health FSA and DCAP, an Employee who first becomes eligible to participate in the Plan mid-year may commence participation at the end of the Waiting Period, if any, specified in the Cafeteria Benefit Plan Description and Adoption Agreement if all eligibility requirements have been satisfied, provided that a Salary Reduction Agreement is submitted to the Administrator before the effective date. The amount that the Participant can contribute to the Health FSA and the DCAP Plans will not be pro-rated for a mid-year enrollment, but will be pro-rated for the Premium Payment component. If an Employee does not enroll when first eligible, he or she may not enroll until the next open enrollment period, unless an event occurs that would permit a mid-year election change as described in Article 4.3. The provisions

of this Plan are not intended to override any exclusions, eligibility requirements or waiting periods specified in the Component Plans.

4.2 Election During Open Enrollment Period. For the Health FSA and DCAP Plans, each Participant will be asked to complete a new Salary Reduction Agreement during each open enrollment period that is held prior to the start of any Plan Year. If the Participant fails to return the Salary Reduction Agreement during the open enrollment period, then the Employee's election will be terminated for the Plan Year. Participation in the Component Plans will continue regardless of whether or not the Participant completes a new Salary Reduction Agreement during any open enrollment period.

4.3 Irrevocability of Elections. A Participant's salary reduction election may not be changed during a Plan Year except as described below. For the Premium Payment component, all elections are required to be consistent with any change of election under any Component Plan.

- (1) the Participant experiences a Change in Status;
- (2) for the Premium Payment component only, an event occurs that triggers one of the HIPAA Special Enrollment Rights, as described in the plan documents for the Component Plans;
- (3) the Participant, spouse or a Dependent becomes entitled to coverage under Medicare;
- (4) the Participant goes on a FMLA leave of absence or other non-FMLA leave of absence;
- (5) the Participant receives a judgment, decree or order resulting from a divorce, legal separation, annulment or change in legal custody (including a Qualified Medical Child Support Order) requiring the Participant to provide coverage for a dependent or requiring another person to provide such coverage;
- (6) for the Component Plans only, there is a significant change in cost (whether an increase or decrease) in one of the Component Plans. Participants are required to increase their elective contributions to reflect insignificant increases in their required contributions or to decrease their elective contributions to reflect insignificant decreases in their required contributions. The Employer, in its sole discretion and on a uniform and consistent basis, will determine whether the cost increase or decrease is significant or insignificant. For an insignificant increase or decrease, the change in election will be made automatically on a prospective basis;
- (7) for the Component Plans only, there is a significant curtailment of coverage or an addition or significant improvement in a Component Plan. The Employer in its sole discretion and applied on a consistent basis will determine whether there has been a significant curtailment (with or without loss of coverage) or an addition or significant improvement in a Component Plan that entitles a Participant to make a corresponding election change. In the case of curtailment that results in a loss of coverage, the Employer may permit the Participant to withdraw from the Plan.
- (8) for the Component Plans or the DCAP Plan, there is a change made under another employer plan and the other plan allows an election change or the other employer plan has a different period of coverage.
- (9) For the Component Plans, the Participant, spouse or a Dependent loses coverage under a Medicaid Plan under Title XIX of the Social Security Act;
- (10) For the Component Plans, the Participant, spouse or a Dependent loses coverage under State Children's Health Insurance Program (SCHIP) under Title XXI of the Social Security Act;

- (11) For the Component Plans, the Participant, spouse or a Dependent is determined to be eligible for group health plan premium assistance under Medicaid or SCHIP plan;
- (12) For the DCAP, employees may revoke or change their salary reduction elections if the employee experiences a change in dependent care provider or in dependent care provider cost for services.

4.4 Additional Information Regarding Mid-year Election Changes:

- (1) Except in limited circumstances, benefit election changes made on account of a Change in Status as described above must be applied prospectively.
- (2) Participants' pre-tax health contributions will automatically be adjusted if there is an increase or decrease in the cost of coverage through the Plan. Such adjustments will be made prospectively.
- (3) If a Participant experiences a Change in Status and wants to add an eligible Dependent to his/her coverage, notification to the Employer must be made by the end of the enrollment period. The enrollment period is:
 - a) 30 calendar days after a Change in Status;
 - b) 60 calendar days in the case of loss of coverage under Medicaid or CHIP or eligibility based on the determination that the Participant, spouse or Dependent is eligible for premium assistance under Medicaid or CHIP; or
 - c) 30 calendar days after any other event.

4.5 Election Modifications required by the Employer. The Employer may, at any time, require any Participant or class of Participants to amend the amount of his or her salary reductions during a Plan Year if the Employer determines that such action is necessary or advisable in order to (a) satisfy any of the IRC's nondiscrimination requirements applicable to this Plan; (b) prevent any Employee from having to recognize more income for federal income tax purposes from the receipt of benefits under this Plan than would otherwise be recognized; (c) maintain the qualified status of benefits received under this Plan. Elections may be changed automatically if there is any change in the Participants' share of the costs under any Component Plan or any insurance company or administrator changes its rates.

Article 5. **Methods of Funding**

5.1 Employer and Participant Contributions. For Participants who elect benefits under any Component Plan, the Employer will contribute a portion of the premium as provided in the open enrollment materials furnished to Employees and/or set forth on a Salary Reduction Agreement. All contributions made under this Plan by the Employer will be made directly out of its general assets. Participants who elect coverage under any Component Plan must pay for their share of the cost of coverage, as determined by the Employer. Participants who elect coverage under the Health FSA or the DCAP must pay their elected contributions on a pre-tax salary reduction basis by completing a Salary Reduction Agreement, unless otherwise specified in the Cafeteria Benefit Plan Description and Adoption Agreement.

5.2 Cash Option. If an Employee elects not to participate in any of the Component Plans, the Employee will receive an amount, if any, equal to the Cash Option shown on the Cafeteria Benefit Plan Description and Adoption Agreement. If no amount is shown under this provision, then the Cash Option is not available.

5.3 Salary Reductions. The salary reduction amount for a pay period for a Participant is an amount equal to the total annual premium contribution required for the Component Plans and the total elected contributions under the Health FSA and DCAP payable by the Participant, divided by the number of pay periods during the Plan Year; or an amount otherwise agreed upon by the Employer and the Participant as shown on the Salary Reduction Agreement or other documentation for that Plan Year. Salary reductions that are applied by the Employer to pay for the Participant's share of the cost of coverage for the Component Plans are considered to be Employer contributions.

Article 6. **Premium Payment Plan**

6.1 Benefits. The specific benefits, types and amounts of coverage, requirements for participation, and other terms and conditions of the coverage provided under the Component Plans are fully explained in the plan documents for each of these Plans. A list of the Component Plans that are subject to this Plan is included in the Cafeteria Benefit Plan Description and Adoption Agreement.

6.2 Insurance Benefits Provided under the Applicable Insurance Plan. All insured Component Plans that are available under this Plan will be provided by the Employer's health insurance policy, not this Plan. All self-funded Component Plans are provided in accordance with the plan document for those plans. All claims to receive benefits and issues of coverage will be subject to and governed by the terms and conditions of the applicable plan documents.

6.3 Continuation Coverage. Notwithstanding any provision to the contrary in this Plan, to the extent permitted by Code Section 4980B, a Participant who has elected continuation coverage under any Component Plan can continue to participate in this Plan. If there is no compensation paid, all contributions made under the Plan must be made directly by the Participant on an after tax basis. Code Section 4980B will govern if there is any conflict with the terms of this Plan.

6.4 Continuation under USERRA. Coverage and benefits with respect to qualified military service will be provided in accordance with the Uniformed Services Employment and Reemployment Rights Act (USERRA).

Article 7. **Health FSA Component**

7.1 Benefits. An Eligible Employee can elect to participate in the Health FSA component by electing to receive benefits in the form of reimbursements for Medical Care Expenses. Benefits elected will be funded by Participant contributions as provided above.

7.2 Benefit Premiums. The annual premium is equal to the annual benefit amount elected by the Participant, subject to any maximum or minimum amounts shown in the Cafeteria Benefit Plan Description and Adoption Agreement and the Summary Plan Description.

7.3 Eligible Medical Care Expenses. Under the Health FSA component, a Participant may receive reimbursements for Medical Care Expenses incurred during the Plan Year for which an election is in force.

- (1) A Medical Care Expense is incurred at the time the medical care or service giving rise to the expense is furnished, and not when the Participant, spouse or Dependent is billed for, is charged for, or pays for the medical care. For orthodontia expenses, the Administrator will determine the amount that can be reimbursed in any one Plan Year by taking the total charges billed and dividing this amount by the total time over which the services will be rendered. If a fee is paid at the start of orthodontic treatment to cover initial services performed, it can be reimbursed at that time, with the remaining treatment cost pro-rated over the total length of treatment.
- (2) "Medical Care Expenses" means expenses incurred by a Participant or his or her spouse or Dependent for medical care, as defined in Code § 213 and in the Summary Plan Description, other than those expenses that are excluded, as described in the Summary Plan Description. Medical expenses that are reimbursed by another accident or health plan are not eligible as Medical Care Expenses under this Plan.

7.4 Uniform Coverage. The maximum dollar amount elected by the Participant for reimbursement of Medical Care Expenses incurred during a Plan Year shall be available at all times during the Plan Year and the Grace Period, reduced by any prior reimbursements under the Plan.

7.5 Grace Period. If a grace period is included in this Plan as shown on the Cafeteria Benefit Plan Description and Adoption Agreement, Participants will have an additional 2 ½ months after the end of any Plan Year in which to incur eligible expenses that can be reimbursed with salary reductions from the previous year. However, claims will be paid in the order received, so that the first claims submitted during the year will be paid using the prior Plan Year's remaining balance, if any.

7.6 Maximum and Minimum Benefits. The maximum and minimum annual benefit amounts that a Participant may elect to receive under this Plan are shown on the Cafeteria Benefit Plan Description and Adoption Agreement and are described in the Summary Plan Description. These maximum and minimum amounts apply regardless of whether the Participant first becomes eligible and elects to participate in the middle of a Plan Year. The annual benefit amount will not be prorated.

7.7 Carry-Forward.
If a Participant (and/or his or her Dependents) incurs, during the Plan Year, aggregate expenses qualifying for reimbursement less than the dollar amount available in the Health FSA for a Plan Year, any amount remaining in the Participant's Reimbursement Account as of the end of the Plan Year will be carried forward up to a maximum of \$500.

7.8 Reimbursements after Termination. When a Participant's participation in the Health FSA component ends, the Participant's salary reductions will terminate. The Participant will not be able to receive reimbursement for Medical Care Expenses incurred after the end of the Grace Period, except as provided in Section 7.9 below.

7.9 Continuation of Coverage. Notwithstanding any provision in this Plan to the contrary, to the extent required by COBRA if the Employer is subject to the provisions of COBRA, a Participant (and his or her Dependents) whose coverage terminates under the Health FSA because of a COBRA qualifying event shall be given the opportunity to continue on a self-pay basis the same coverage that he or she had under the Health FSA the day before the qualifying event until the end of the current Plan Year. Coverage under COBRA will be subject to all conditions and limitations imposed by COBRA. Premiums will be considered to be paid on an after tax basis unless otherwise permitted by the Administrator on a uniform and consistent basis. COBRA continuation coverage will only be available for those individuals who have a positive account balance at the time of the qualifying event.

7.10 Heroes Earnings Assistance and Relief Tax (HEART) Act. Military reservists who are called to active duty for at least 180 days may receive a qualified reservist distribution (QRD) from unused funds in his or her Health Care Account without penalties. The Employee may withdraw all or part of the balance in their account, but can only withdraw funds that have been contributed through payroll up to the date of the request and have not been previously reimbursed.

The QRD must be requested on or after the day the Employee is called to active duty, and on or before the last day of the Plan Year or corresponding Grace Period, if any, in which the Employee is called to active duty. The Employee should submit a copy of his or her order or call to active duty to the Employer before the QRD is paid. The QRD will be issued within 60 days after the employee requests a QRD.

The amount of the QRD is included in the Employee's gross income and wages, is subject to employment taxes, and must be reported as wages on the employee's W-2 for the year in which the QRD is paid.

Article 8. **Claim Procedures for Health FSA Component.**

8.1 Submission of Claims. Participants must make claims for reimbursements under the Plan in writing or by using the debit card following such procedures, including deadlines and documentation requirements, and using such forms as are prescribed by the Administrator. The Administrator may contract with a Claims Administrator who will process claims on behalf of the Administrator. The reimbursement application or debit card verification (itemized bill, explanation of benefits or other documentation from your health provider or health plan) must include at least the following:

- (1) The person or person on whose behalf the Medical Care Expenses have been incurred;
- (2) The nature and date of the expenses;
- (3) The amount of the requested reimbursement; and
- (4) A statement that such expenses have not otherwise been reimbursed.

8.2 Payment of Approved of Claims. Claims that are approved by the Administrator and/or Claims Administrator will be paid within 30 days after receipt of the appropriate documentation, or as soon as possible thereafter. The Administrator may, at its option, pay any such qualifying reimbursements directly to the person providing or supplying health care instead of reimbursing the Participant.

8.3 Time for Claim Submission. Participants may file claims for expenses incurred during a Plan Year through ninety days following the end of the Plan Year. Participants whose participation terminates must file all claims that were incurred by the Participant and his or her Dependents within ninety days after the termination.

8.4 Denial of Claims. If the Administrator or Claims Administrator receives an incomplete claim, it will provide to the Participant who submitted the claim a description of any additional material or information necessary for the Participant to complete the claim and an explanation of why such material or information is necessary. This notice will be provided within 5 days of receipt of the claim. After receipt of all the information needed to review a claim, if any claim for benefits under the Plan is wholly or partially denied, the Administrator or Claims Administrator will give notice in writing of such denial within a reasonable period of time. Notice of denial will be given no later than 30 days after the claim is filed. Such notice shall set forth the following information:

- (1) The specific reason or reasons for the denial;
- (2) Specific reference to pertinent Plan provision, internal rule, guideline, protocol or similar criteria on which the denial is based
- (3) An explanation that a full and fair review by a claim review committee of the decision denying the claim may be requested by the claimant or his authorized representative by filing with the committee, within 180 days after such notice of denial has been received.

If the claimant requests a review of the claim denial, the claimant or his authorized representative may review pertinent documents and submit issues and comments in writing. The decision of the Administrator on review shall be made promptly, but not later than 30 days after receipt of the request for review, unless special circumstances require an extension of time for processing. The decision on review shall be made in writing and shall include specific reasons for the denial, written in a manner calculated to be understood by the claimant, and shall include specific references to the pertinent Plan provisions on which the denial is based.

8.5 Reimbursements after Termination. When a Participant's participation in the Health FSA ends, the Participant's salary reductions will terminate. The Participant will not be able to receive reimbursement for Eligible Medical Care Expenses incurred after termination of participation, unless the Participant elects to continue coverage under the Plan through COBRA. Participants may continue to submit claims for up to ninety days after termination of participation.

Article 9. **DCAP Component**

9.1 Benefits. An Eligible Employee can elect to participate in the DCAP component by electing to receive benefits in the form of reimbursements for Dependent Care Expenses. Benefits elected by the Participant will be funded by Participant contributions as described in Article 5 – Methods of Funding.

9.2 Benefit Premiums. The annual premium for a Participant's DCAP benefits is equal to the annual benefit amount elected by the Participant, subject to any maximum or minimum limitations shown in the Cafeteria Benefit Plan Description and Adoption Agreement and the Summary Plan Description.

9.3 Eligible Dependent Care Expenses. A participant may receive reimbursement for Dependent Care Expenses incurred during the Plan Year for which an election is in force. A Dependent Care Expense is considered incurred at the time the Qualifying Dependent Care Services giving rise to the expense are furnished, not when the Participant is formally billed for, is charged for, or pays for the expenses.

- (1) "Dependent Care Expenses" are expenses that are considered to be employment-related expenses under Code § 21(b)(2) and expenses for incidental household services, paid by the Participant for care of a Qualifying Individual, but only to the extent that the Participant or other person incurring the expense is not reimbursed for the expense and the expense is not reimbursable through insurance or any other plan. Dependent Care Expenses do not include amounts paid to (1) an individual with respect to whom a personal exemption is allowable under Code § 151(c) to a Participant or his or her spouse, (2) a Participant's spouse, or (3) A Participant's child who is under 19 years of age at the end of the year in which the expenses were incurred.
- (2) "Qualifying Individual" means a Participant's Dependent who is under age 13 or a Participant's Dependent or spouse who is mentally or physically incapable of self-care. Determination of whether a Dependent is a Qualifying Individual must be made at the time the services are performed. A Qualifying Individual is the Qualifying Individual of the custodial parent even if the non-custodial parent may claim the dependency exemption for that child for that taxable year. The custodial parent is the parent having custody for the greater portion of the calendar year, calculated based on the number of nights each parent has custody.
- (3) "Qualifying Dependent Care Services" means services that both (1) relate to the care of a Qualifying Individual that enable the Participant and his or her spouse to remain gainfully employed after the date of participation in the DCAP component and during the Plan Year; and (2) are performed either in the Participant's home or outside the Participant's home for (a) the care of a Participant's Dependent who is under age 13; or (b) the care of any other Qualifying Individual who regularly spends at least 8 hours per day in the Participant's home. If the expenses are incurred for services provided by a dependent care center, the center must comply with all applicable state and local laws and regulations. Qualifying Dependent Care Services do not include educational services.

9.4 Maximum and Minimum Benefits. The maximum dollar amount elected for reimbursement of Dependent Care Expenses shall only be available during the Plan Year to the extent of the actual amounts credited to the Participant's DCAP Account at the time the claim for reimbursement is submitted. No reimbursements will be made that would exceed the applicable statutory limit. The applicable statutory limit for a Participant is the smallest of the following:

- (1) The Participant's earned income for the calendar year;
- (2) The earned income of the Participant's spouse for the calendar year;
- (3) Either:
 - (a) \$5,000 if one of the following applies (i) the Participant is married and files a joint return; or (ii) the Participant is married, but a) furnishes more than one-half the cost of maintaining the Dependent for whom the Participant is eligible to receive reimbursements under the DCAP; b) the Participant's Spouse maintains a separate residence for the last 6 months of the calendar year; and c) the Participant files a separate tax return; or (iii) the Participant is single or is the head of the household for tax purposes; or

(b) \$2,500 for the calendar year if the Participant is married and resides with the Spouse, but files a separate federal income tax return.

9.5 Reimbursement Procedures.

(1) Timing. Within 30 days after receipt by the Administrator or its designee of a reimbursement claim from a Participant, the Employer will reimburse the Participant for any qualifying Dependent Care Expenses or will notify the Participant that his or her claim has been denied. This time period may be extended by an additional 15 days for matters beyond the control of the Administrator, including cases where a reimbursement claim form is incomplete. The Administrator or its designee will provide written notice of any extension, including the reasons for the extension, and will allow the Participant 45 days in which to complete and incomplete claim.

(2) Claims Substantiation. All claims for reimbursement under the DCAP must be in writing on a form approved by the Administrator and must be sent or provided to the Administrator by no later than October 31st following the end of the Plan Year and the Grace Period. Each claim must include:

- The person on whose behalf Dependent Care Expenses have been incurred;
- The nature and date of the expenses;
- The amount of the requested reimbursement;
- The name of the person (and relationship to the Participant, if any), organization or entity to whom the expense was or is to be paid and the taxpayer identification number (or social security number if an individual);
- A statement that such expenses have not otherwise been reimbursed and that the Participant will not seek reimbursement through any other source;

- If the services were performed outside the home, a statement as to whether the Dependent for whom such services were performed spends at least 8 hours a day in the Participant's household.
- If the services were performed by a Day Care Center, a statement that:
 - The day care center complies with all applicable laws and regulations of the state in which it is located;
 - The day care center provides care for more than 6 individuals; and
 - The amount of the fee paid to the provider.
- If the Participant's spouse is not employed, a statement that he or she is incapacitated or that he or she is a full-time student attending an educational institution and the months during the year that he or she attended the institution.

9.6 Grace Period. If permitted by the Plan as shown on the Cafeteria Benefit Plan Description and Adoption Agreement, Participants will have an additional 2 ½ months after the end of any Plan Year in which to incur eligible expenses that can be reimbursed with salary reductions from the previous year. However, claims will be paid in the order received, so that the first claims submitted during the year will be paid using the prior year's remaining balance, if any.

9.7 Reimbursements after Termination. When a Participant's participation in the DCAP ends, the Participant's salary reductions will terminate. The Participant will not be able to receive reimbursement for Dependent Care Expenses incurred after the termination date. Participants may continue to submit claims through the Plan Year runout date (October 31st following the current Plan Year.)

Article 10. **Accounts: Recordkeeping and Administration**

10.1 General. The Administrator shall have complete control of the administration of the Plan with all powers to enable it to carry out its duties in that respect, subject at all times to the limitations and conditions specified in or imposed by the Plan.

10.2 Establishment of Accounts. The Administrator, or its designee, will establish and maintain a Health FSA Account for each Participant who has elected to participate in the Health FSA and a DCAP Account for each Participant who has elected to participate in the DCAP, but will not create a separate fund or otherwise segregate assets for this purpose. The Accounts will be recordkeeping accounts with the purpose of keeping track of contributions and determining forfeitures.

10.3 Amounts Available under Health FSA and DCAP Plans. A Participant's Health FSA will be credited at the beginning of each Plan Year with an amount equal to the amount of the Participant's salary reduction elected for that Plan Year. A Participant's DCAP Account will be credited periodically with the monthly amount of the Participant's salary reduction elected for that Plan Year. A Participant's Health FSA and DCAP Account will be debited during each Plan Year for any reimbursement of Health Care Expenses or Dependent Care Expenses incurred and submitted for reimbursement during the Plan Year. The amount available for reimbursement under the Health FSA and the DCAP Plans may not exceed the year-to-date amount credited to that Account less any prior reimbursements.

10.4 Forfeiture of Accounts. If any balance remains in a Participant's Health FSA or DCAP Account at the end of a Plan Year after reimbursements for all timely claims have been made for the Plan Year, such balance shall not be carried over to the next Plan Year, unless otherwise described in the Cafeteria Plan Description and Adoption Agreement. The Participant shall forfeit all rights with respect to any outstanding balance. All forfeitures under this Plan shall be used as follows: (a) first, to offset any losses experienced by the Employer during the Plan Year as a result of making reimbursements with respect to a Participant in excess of the premiums paid by the Participant through salary reductions; (b) second, to reduce the cost of administering the applicable component; and (c) third, to provide increased benefits or compensation to Participants in subsequent years in any weighted or uniform fashion that the Administrator deems appropriate, consistent with applicable regulations.

10.5 Duties and Policies of the Administrator. The Administrator and/or the Claims Administrator shall have the following duties, responsibilities and authority with respect to the administration of the Plan:

- (1) To interpret the Plan and decide all questions of eligibility;
- (2) To prescribe procedures to be followed by Participants in making elections;
- (3) To prepare and distribute information explaining the Plan to Participants and Dependents;
- (4) To receive from the Employer and from Participants such information as shall be necessary for the proper administration of the Plan;
- (5) To furnish the Employer and Participants such annual reports with respect to the administration of the Plan as are reasonable and appropriate;
- (6) To keep reports of claims and disbursements for claims under the Plan;
- (7) To modify elections under the Plan;
- (8) To promulgate, as needed, election and claim forms to be used by Participants;
- (9) To prepare and file any reports or returns with respect to the Plan required by applicable governmental agencies.

- (10) To provide each participant, with respect to each calendar year, a written statement showing the total reimbursements to the Participant under this Plan.
- (11) To correct any reimbursement of expenses made in error.
- (12) To take all other steps deemed necessary to properly administer the Plan in accordance with its terms and the requirements of applicable law.

Article 11. **Privacy and Security.**

11.1 General. This provision applies only to the Health FSA. The other Component Plans may also be subject to HIPAA, but the privacy provisions for those plans, if any, are described in a separate Plan Document.

The Health FSA will use a Participant's, a spouse's or a Dependent's PHI, in accordance with HIPAA, only to make required disclosures or for purposes related to treatment, payment, and the Healthcare Operations of the Health FSA. However, if a Participant or Dependent requests to see the information or provides a signed authorization, the Plan may use and disclose PHI as permitted and directed by the request or the authorization.

11.2 Disclosures to Employer. With respect to PHI, the Employer will:

- (1) Not use or further disclose PHI other than as permitted or required by this Plan Document or as required by law;
- (2) Ensure that any agents, including a subcontractor, to whom the Employer provides PHI received from the Plan agree to the same restrictions and conditions that apply to the Employer with respect to such PHI;
- (3) Not use or disclose PHI for employment-related actions and decisions unless authorized by the individual that is the subject of the PHI;
- (4) Not use or disclose PHI in connection with any other benefit or employee benefit plan of the Employer unless authorized by the individual that is the subject of the PHI;
- (5) Make PHI available to an individual in accordance with HIPAA's access requirements;
- (6) Make PHI available for amendment and incorporate any amendments to PHI in accordance with HIPAA;
- (7) Make available upon request an accounting of disclosures;
- (8) Make available to the Secretary of the Department of Health and Human Services internal practices, books and records relating to the use and disclosure of PHI received from the Plan, for purposes of determining the Plan's compliance with HIPAA; and
- (9) If feasible, return or destroy all PHI received from the Plan when such PHI is no longer needed for the purpose for which disclosure was made;
- (10) Provide written notice or a substitute notice (if the last known contact address is insufficient) for each individual within 60 days following discovery of any breach of Unsecured PHI. The notice will include:
 - a. A brief description of what happened including the date of the breach and the date of discovery, if known;
 - b. A description of the types of unsecured PHI that were involved in the breach;
 - c. Any steps the individual should take to protect him/herself from potential harm resulting from the breach;
 - d. A brief description of what the Employer is doing to investigate the breach in accordance with HIPAA breach notification requirements;

- e. Contact procedures for individuals to ask questions or learn additional information
 - i. If a breach of Unsecured PHI involves more than 500 residents of a state, provide notice to local media outlets serving the state within 60 days of discovering the breach;
 - ii. If a breach of unsecured PHI involves more than 500 covered person, provide notice to the DHHS not later than 60 days after the end of the calendar year in which the breach occurred.
 - iii. Use DHHS approved methods to secure and destroy PHI.
- (11) Allow only specified employees of the Employer to have access to PHI,
- (12) Provide a mechanism for resolving issues of noncompliance with these requirements, including disciplinary sanctions.

11.3 HIPAA Definitions

- (1) "Breach" means the unauthorized acquisition, access, use, or disclosure of PHI in a manner not permitted by HIPAA privacy rules that compromises the security or privacy of the PHI.
- (2) "DHHS" means the federal Department of Health and Human Services.
- (3) "Electronic PHI" is health information about a plan participant that is in an electronic format. Health information includes information about the individual's past, present, or future physical or mental condition, the provision of health care to the individual, or the past, present, or future payment for the provision of health care to the individual.
- (4) "Health Care Operations" means activities of the Plan related to its health care functions, including quality assessment, case management, care coordination, reviewing competence of health care professionals, evaluating provider performance, health plan performance, cost management, resolution of grievances, or any other related activities.
- (5) "HIPAA" means the Health Insurance Portability and Accountability Act of 1996, as amended.
- (6) "HITECH Act" means the Health Information Technology for Economic and Clinical Health Act, which amends HIPAA.
- (7) "Payment" includes all activities regarding the provision of benefits under the Plan.
- (8) "Protected Health Information or PHI" means individually identifiable health information in oral, electronic or written form that relates to the past, present or future mental or physical condition of a Participant or Dependent. Protected Health Information also includes information for which there is a reasonable basis to believe that it can be used to identify an individual. Protected Health Information includes Electronic PHI.
- (9) "Unsecured PHI" means PHI that is not secured through the use of a technology or methodology described in regulations to the HITECH Act or otherwise approved by the Secretary of the DHHS.

Article 12. General Provisions

12.1 No Contract of Employment. Nothing herein contained is intended to be or shall be construed as constituting a contract or other arrangement between any Employee and the Employer. All Employees are considered to be employed at the will of the Employer.

12.2 Amendment and Termination. The Employer reserves the right to amend or terminate the Plan. However, such amendment or termination shall not allow Plan Assets to be used for any other purpose other than for the exclusive benefit of Participants and for the payment of Plan Expenses.

12.3 No Guarantee of Tax Consequences. Neither the Plan Administrator nor the Employer makes any commitment or guarantee that any amounts paid to or for the benefit of a Participant under this Plan will be excludable from the Participant's gross income for federal or state income tax purposes, or that any other federal or state tax treatment will apply to or be available to any participant. It shall be the obligation of each Participant to determine whether each payment under the Plan is excludable from the Participant's gross income for federal or state income tax purposes, and to notify the Employer if the Participant has reason to believe that any such payment is not so excludable.

12.4 Reimbursement by Participants. If any Participant receives reimbursement under this Plan for any expenses that are not qualifying health care expenses or dependent care expenses or that are otherwise reimbursed to Participant, such Participant will reimburse the employer for the expenses or for any liability the Employer may incur for failure to withhold appropriate taxes.

12.5 Governing Law. This Plan shall be construed, administered and enforced according to the laws of the State of Maryland, to the extent no superseded by the IRC or any other federal laws.

12.6 Nondiscrimination. It is the intent of this Plan to comply with the nondiscrimination provisions of IRC Section 125. Any actions deemed necessary by the Employer to comply with these requirements shall be carried out in a uniform and non-discriminatory manner.

Cafeteria Benefit Plan Description and Adoption Agreement

The undersigned Employer hereby adopts the attached Cafeteria Benefit Plan for those Employees who qualify as Participants hereunder. The Employer hereby selects the following Plan specifications:

EMPLOYER INFORMATION

Name of Employer: City of Westminster

THIS DOCUMENT IS NOT COMPLETE WITHOUT THE ATTACHED CAFETERIA PLAN DOCUMENT.

Summary of the City of Westminster Cafeteria Benefit Plan

General Information

WHAT IS THE PURPOSE OF THE PLAN?

The purpose of the Plan is to allow eligible employees to select the benefits that they want and to pay for their share of these benefits with pre-tax salary reductions.

WHAT BENEFITS ARE PROVIDED BY THE PLAN?

The plan includes a Health Care Flexible Spending Plan (also referred to as a Health FSA), a Dependent Care Assistance Plan (also referred to as the DCAP), and a premium payment component that allows you to pay your premium contributions for participation on a pre-tax basis in the group medical, prescription, vision, and dental plans as well as certain AFLAC products. Other AFLAC products are available on a post-tax basis.

WHAT IS THE HEALTH FSA?

The Health FSA allows employees to pay for eligible health care expenses on a pre-tax basis. The program is established under Internal Revenue Code § 105.

WHAT IS THE DCAP?

The DCAP permits an employee to pay for his or her qualifying Dependent Care Expenses with pre-tax dollars.

WHO CAN PARTICIPATE IN THE PLAN?

Full-time Employees of City of Westminster who are regularly scheduled to work 35 or more hours per week and part-time employee who are regularly scheduled to work 25 or more hours per week are eligible to participate in the City of Westminster Cafeteria Benefit Plan.

HOW LONG MUST I WORK FOR CITY OF WESTMINSTER BEFORE I BECOME ELIGIBLE TO PARTICIPATE IN THE PLAN?

You must be an employee of City of Westminster for 1 full calendar month before you will be eligible to participate in the Plan.

HOW DO I ENROLL IN THIS PLAN?

To enroll in this Plan, you must first satisfy the eligibility requirements. Then, you must complete an enrollment form. Every year you will be asked to complete a new enrollment form in order to change the amount that you contribute pre-tax to your Health FSA and your DCAP.

You must complete and return your enrollment form to the Employer either within 30 days of becoming eligible to participate in the Plan or during an open enrollment period. If you become an employee after the effective date of this Plan, you are eligible to participate in this Plan as of the first day after you meet the eligibility requirements.

On the enrollment form, you will indicate the amount that you want to contribute to your Health FSA and the DCAP for the year, if any. The amount that you elect to contribute to your Health FSA and the DCAP, if any, along with your contributions for the group health plans will be deducted from your paycheck in equal installments on a pre-tax basis.

If you do not submit a new enrollment form during any open enrollment period, your elections for medical, dental, and vision coverage for premium payment for the prior year will continue for the next Plan Year; however, your elections for the Health FSA and DCAP will be terminated. If you want to terminate your participation in the medical, dental, or vision Plan, you will need to indicate this on your completed enrollment form.

WHEN DOES MY COVERAGE BECOME EFFECTIVE IN THE PLAN?

Coverage will become effective on the first day of the month following the date that you meet all of the eligibility requirements and have completed an enrollment form, through which you elect to participate in any portion of the Plan.

IF I DO NOT ENROLL INITIALLY CAN I ENROLL LATER?

Yes. Each year the City of Westminster will sponsor one or more open enrollment periods during which you can elect to participate in the Health FSA, the DCAP and/or any other plans offered by the Employer for which you are required to contribute. Other than during an open enrollment period, you can only enroll in the Plan or make changes to the amount that you are contributing if you experience a qualifying life event.

Qualifying life events include:

- Marriage or divorce
- Death of a spouse or dependent
- Birth or adoption (or placement for adoption) of a child
- Change in dependent child's custody
- Any other event that changes the number of your dependents
- Change in employment status that causes a gain or loss of Plan eligibility
- Eligibility for Medicare, Medicaid or CHIP
- Loss of eligibility for Medicaid or CHIP coverage
- Determination of eligibility for Medicaid or CHIP premium assistance
- For DCAP, change in dependent care provider or dependent care provider cost.

Changes to participation and/or to contribution amounts during the plan year must be made on account of and consistent with the qualifying life event and must be made within 60 days of the event for changes due to loss of eligibility for Medicaid or CHIP or determination of eligibility for premium assistance under Medicaid or CHIP. For all other changes, enrollment must be made within 30 days.

WHAT IS THE MAXIMUM AMOUNT THAT I MAY CONTRIBUTE TO THIS PLAN?

The Maximum Contribution for the Health FSA is \$2,750 per plan year. If both you and your spouse are employees of City of Westminster you can both contribute up to \$2,750. The Maximum Contribution for the DCAP is \$5,000 per plan year. However, if you are married and reside with your spouse, but you file a separate income tax return, then the maximum that you may elect is \$2,500. (This maximum includes any amount contributed by both you and your spouse). Also, your contribution to the DCAP cannot exceed your or your spouse's earned income for the year.

IS THERE A MINIMUM CONTRIBUTION AMOUNT?

No. You may contribute as little as you wish to either the Health FSA or the DCAP to participate in that portion of the Plan.

WHAT HAPPENS WHEN AN EMPLOYEE'S HEALTH FSA FUNDS ARE NOT USED DURING THE PLAN YEAR?

Any unused funds remaining in an Employee's Health FSA at the end of the Plan Year and the claims submission period will be carried over to a maximum of \$500.

HOW WILL CARRY OVER AMOUNT WORK?

All claims will be paid out of any balance remaining in your account from the prior Plan Year until that balance is used. This means that if you have an expense that was incurred during the prior year (but have not yet submitted it), and you submit a claim incurred during the current Plan Year, first, the claim first submitted will be paid out of last year's account balance. If you wait to submit a claim from the prior year, you may find that last year's Account balance has been spent and the claim is not eligible for payment using this year's funds.

WHAT HAPPENS TO ANY MONEY IN MY ACCOUNTS THAT I DON'T USE?

The IRS requires that you forfeit any unclaimed money in your Health FSA and DCAP at the end of each Plan Year or after termination of participation in the Plan, except that you will have a Grace Period of 2 ½ months during which you can continue to incur eligible DCAP expenses. In addition, you may carry over up to \$500 under the Health FSA for use in the next Plan Year. You can submit DCAP claims through October 31st after the end of the Grace Period. In the case of termination of coverage, you can submit Health FSA claims for up to 90 days after your participation terminates and DCAP claims through October 31st.

HOW WILL REIMBURSEMENT WORK DURING THE GRACE PERIOD?

All claims will be paid out of any balance remaining in your account from the prior Plan Year until that balance is used. This means that if you have an expense that was incurred during the prior year (but have not yet submitted it), and you submit a claim incurred during the current Plan Year, this claim will be paid out of last year's account balance. If you wait until the end of the grace period to submit a claim from the prior year, you may find that last year's Account balance has been spent and the claim is not eligible for payment using this year's funds.

Details of Health Care Flexible Spending Account

HOW DOES THE HEALTH CARE FLEXIBLE SPENDING ACCOUNT WORK?

The Health FSA works like this:

- During enrollment, you specify how much you want to set aside from your paycheck each month up to the Maximum Contribution;
- This amount is deposited in your Health Care Account, though the account exists only as a paper record;
- When you have an eligible expense, you will submit a claim form or use your debit card and submit, when applicable, either an Explanation of Benefits from the insurance company or a detailed receipt from the provider to the Claims Administrator as verification of the expense;
- If the claim is eligible for reimbursement, the Claims Administrator will send you or the provider of services a check and subtract that amount from your balance (if submitting a paper claim) or, if using the debit card, the amount will be subtracted directly from your balance once the expense has been substantiated.

HOW DOES THE HEALTH CARE FLEXIBLE SPENDING ACCOUNT SAVE ME MONEY?

You save money on both federal income tax and FICA (Social Security) taxes by participating in the Plan. Your Health FSA contributions are deducted from your paycheck on a pre-tax basis. This means that you do not have to pay taxes on the money deducted from your pay.

The tax savings are reflected in your paycheck each month, all year.

The savings depend on your particular tax situation. You can look at Internal Revenue Service Publication 502 (www.irs.gov) or consult your tax advisor for additional information.

WHOSE HEALTH CARE EXPENSES CAN BE REIMBURSED WITH THE MONEY IN MY HEALTH CARE FLEXIBLE SPENDING ACCOUNT?

The health care expenses of the following individuals are eligible for reimbursement:

- An eligible employee of City of Westminster who participates in the Plan (once enrolled, an employee will be considered a "Participant");
- A Participant's spouse; and/or

- Any child (as defined in Internal Revenue [Code §152\(f\)\(1\)](#)) of the Participant who, as of the end of the taxable year, has not attained age 27 and any other individual who is a dependent as defined as in [Code §152](#), determined without regard to subsections (b)(1), (b)(2), and (d)(1)(B) thereof and related IRS publications.

You may be asked to list each eligible dependent on the enrollment form.

WHAT EXPENSES ARE ELIGIBLE FOR REIMBURSEMENT UNDER MY HEALTH CARE FLEXIBLE SPENDING ACCOUNT?

To be eligible for reimbursement, health care expenses must meet the statutory requirements of IRC § 213d and be included on the list below. However, the City of Westminster cannot provide tax advice. You are responsible for making sure that all expenses submitted for reimbursement are eligible.

Here are some of the requirements for expenses to be considered eligible:

- The expense must be incurred during the Plan Year, which is July 1st through June 30th, or the grace period, which is July 1st through September 15th of the next year. An expense is incurred when the care is provided rather than when you are billed or when you pay for the service. However, for orthodontia expenses, the Employer will determine the amount that can be reimbursed in any one Plan Year by taking the total charges billed and dividing this amount by the total time over which the services will be rendered. If a fee is paid at the start of orthodontic treatment to cover initial services performed, this can be reimbursed up front, with the remaining treatment cost pro-rated over the total length of treatment.
- The expense must be primarily for medical care.
- If you enroll in the Plan in the middle of a Plan Year, expenses incurred before your effective date are not eligible (This is also true for any dependents who are enrolled during a Plan Year).
- Any expenses incurred after your participation in the Plan ends are not eligible, though you will have 90 days after termination of your coverage to submit any expenses incurred during your participation. See the section on COBRA continuation for a discussion of extended coverage.

- The health care expense is not eligible for reimbursement under this Plan if it is eligible for reimbursement under any other health care plan.

Some expenses currently considered reimbursable by the IRS include:

- Prescription drugs, vaccines, doctor prescribed birth control pills;
- Services performed by medical doctors, dentists, eye doctors, chiropractors, osteopaths, podiatrists, dermatologists, psychologists and physical therapists;
- Medical treatment including alcohol and substance abuse, hospital services, lab fees, legal abortion, organ transplants, in-vitro fertilization, x-rays for medical reasons, sterilization, vasectomy, insulin treatment and well-baby care;
- Medical equipment such as hearing aids, eyeglasses, contact lenses, braces, crutches, artificial limb, abdominal supports, back supports and orthopedic shoes; and
- Ambulance service, transportation costs essential to medical care.

Items not covered under this Plan include:

- Expenses reimbursed through any other insurance plan;
- Over-the-counter drugs, unless obtained with a prescription;
- Health care premiums; and
- Treatments or drugs for cosmetic purposes.

Details of the DCAP

HOW DOES THE DCAP WORK?

The DCAP works like this:

- During enrollment, you may specify how much you want to set aside from each paycheck up to the Maximum Contribution;
- This amount is withheld from your pay in equal installments;
- When you have an eligible expense, you will submit a claim form to the Claims Administrator, along with paperwork to substantiate the expense;
- The Claims Administrator will send you a reimbursement check to the extent that the claim has been substantiated and funds are available. The amount of funds available will be based on how much has been withheld from your pay and how much has been previously reimbursed.

HOW DOES THE DCAP SAVE ME MONEY?

You save money on both federal income tax and FICA (Social Security) taxes by participating in the Plan. Your contributions to your DCAP are made on a pre-tax basis.

WHOSE DEPENDENT CARE EXPENSES CAN BE REIMBURSED WITH THE MONEY IN MY DCAP?

Each dependent, considered a qualifying dependent, for whom you incur reimbursable expenses must be:

- A person under age 13 for whom you are entitled to claim a dependency exemption on your federal income tax return (if you are a divorced parent, a child is your dependent if you have custody of the child, even if you are not entitled to claim the dependency exemption); or
- Your spouse or a person who is your dependent under federal tax law (whether or not you are entitled to claim the dependency), but only if he or she is physically or mentally incapable of self-care.

WHAT EXPENSES ARE ELIGIBLE FOR REIMBURSEMENT UNDER MY DCAP?

Dependent Care Expenses mean employment-related expenses incurred on behalf of any dependent under federal tax law who meets the requirements to be a qualifying dependent as described in this Summary Plan Description.

Dependent Care Expenses must also meet the following requirements:

- The expenses must be incurred after the date of election to receive Dependent Care benefits and during the Plan Year or during the grace period for the Plan Year to which the election applies. A Dependent Care Expense is incurred when the service that gives rise to the expenses is provided, regardless of when the expenses is billed or paid. A childcare expense is not incurred until the end of the period for which you have paid.
- The expenses must have been incurred to enable you (and your spouse, if you are married) to be gainfully employed, which generally means working or looking for work. (Exception – if your spouse is not working or looking for work when the expenses are incurred, he or she must be a full-time student or physically or mentally incapable of self-care).

- You (or you and your spouse together) are providing at least 50% of the cost of maintaining your household, and the expenses are incurred when at least one member of your household is a qualifying dependent.
- The expenses are incurred for the care of a qualifying dependent or for household services attributable in part to the care of a qualifying dependent.
- If the expenses are incurred for services outside your household, they are incurred for the care of (1) a person under age 13 who is your dependent under federal tax law; or (2) your spouse or a person who is your dependent under federal tax law and who is physically or mentally incapable or self-care, and regularly spends at least eight hours per day in your household. You must provide over 50% of the dependent's financial support.
- If the expenses are incurred for services provided by a dependent care facility, the center complies with all applicable state and local laws and regulations and is licensed to care for more than 6 children at a time.
- The person who provided care was not your spouse or a person for whom you are entitled to a personal exemption under Code § 151(c). If your child provided the care, he or she must be age 19 or older at the end of the year in which the expenses are incurred.
- The care may not be provided at a nursing home facility.
- The expenses are not paid for services outside your household at a camp where the dependent stays overnight.

You can get more information about what items are and are not deductible Dependent Care Expenses in IRS Publication 503.

Reimbursement Information

HOW DO I FILE CLAIMS FOR REIMBURSEMENT?

You can get a copy of the claim forms from the Employer or the Claims Administrator. The Claims Administrator may have additional rules that you will be required to follow when submitting a claim. You have until October 31st after the end of any Plan Year (or corresponding grace period) or through the Plan Year runout date (October 31st of the applicable Plan Year) after termination of your participation to submit a claim.

For the Health FSA you must include a copy of the health plan Explanation of Benefits with your claim. If you did not submit the claim for reimbursement, you are permitted to submit a copy of a detailed bill or receipt. You will have access to the total amount that you elected for the Plan Year as soon as any eligible expenses are incurred.

For the health FSA, as an alternative you may pay for your eligible expenses using your debit card. You may be asked to certify your expenses are eligible under the Plan.

For the DCAP, you must include written statements and/or bills from independent third parties stating that the dependent care expenses have been incurred, and the amount of such dependent care expenses, along with your claim form. You will be reimbursed for dependent care expenses only to the extent that you have the money available in your dependent care account.

Claims for both Accounts can be submitted through October 31st after the end of the Grace Period following the Plan Year – for expenses incurred during that Plan Year or the corresponding Grace Period. Claims following termination of your participation in the Plan must be submitted within 90 days of termination for Health FSA claims and within the Plan Year runout date (October 31st of the applicable Plan Year) for DCAP claims.

WHEN CAN I EXPECT MY REIMBURSEMENT?

All claims will be processed and paid (if eligible under the Plan) within 30 days of receipt of a completed reimbursement form. However, the Claims Administrator may request a 15-day extension for matters beyond its control.

WHAT HAPPENS IF MY CLAIM IS DENIED?

If your claim is denied because it is incomplete, the Claims Administrator will provide you with a description of any additional material or information necessary and an explanation of why this material or information is necessary. This notice will be provided within 5 days of receipt of the claim.

After receipt of all the information needed to review a claim, if any claim for benefits under the Plan is wholly or partially denied, the Claims Administrator will give notice in writing of the denial within 30 days after the claim is filed. This notice will include the following information:

- The specific reason or reasons for the denial;
- Specific reference to the Plan provision, internal rule, guideline, protocol or similar criteria on which the denial is based;
- An explanation that a full and fair review by a claim review committee of the decision denying the claim may be requested within 180 days after the notice of denial has been received.

If you request a review of the claim denial, you may review pertinent documents and submit issues and comments in writing. The decision of the Employer on review will be made promptly, but not later than 30 days after receipt of the request for review, unless special circumstances require an extension of time for processing. The decision on review will be made in writing and will include specific reasons for the denial, written in a manner that you can understand, and will include references to the Plan provisions on which the denial is based.

IF THE CLAIMS ADMINISTRATOR APPROVES AND PAYS MY CLAIM DOES THIS MEAN THAT THE AMOUNT OF THE CLAIM IS NOT SUBJECT TO TAXATION?

No. It is your responsibility to make sure that expenses you submit for reimbursement are eligible under the IRS regulations. You are responsible for taxes and penalties associated with any ineligible expenses if the IRS audits you.

WHAT HAPPENS TO MY ACCOUNT BALANCES IF I AM DISABLED AND/OR ON A LEAVE OF ABSENCE?

If you are not working for a period of time, your account will remain in force, but you will need to continue to pay your contributions, either on a post tax basis or on a pre-tax basis prior to or after the leave. You will need to determine how you will make these payments prior to the leave.

If you take a paid leave of absence, your contributions will continue to be made to the plan.

WHAT HAPPENS TO MY ACCOUNT BALANCES IF I DIE?

If you die while you are actively employed, your spouse or estate can file claims for eligible expenses incurred while you were still alive. Your spouse and dependents will also have the opportunity to elect COBRA for the Health FSA as described below. Claims can be submitted until October 31st following the end of the Plan Year in which you die.

CAN I ELECT COBRA IF I LOSE COVERAGE UNDER THIS PLAN?

You may elect to continue your coverage under the Health FSA up until the end of the current Plan Year after you are no longer employed by City of Westminster or otherwise lose coverage because of a "qualifying event". You will need to follow the procedures set forth in the Notice that you will receive when your participation ends. Coverage will continue only if you make direct, after-tax payments to your Health FSA through the end of the Plan Year.

Other Information

WHAT HAPPENS TO MY ACCOUNT BALANCES IF I LOSE COVERAGE UNDER THE PLAN?

If you lose coverage under the Plan, you will lose any amount remaining in your Health FSA and DCAP, except for any money that is reimbursed for a claim that is submitted within 90 days of termination for your Health FSA or within the Plan Year runout date (October 31st of the applicable Plan Year) for DCAP claims, but which was incurred while you were still covered by the Plan. If you resume employment with City of Westminster within 30 days, your Plan elections will be automatically reinstated.

Qualifying events include termination of employment, reduction in hours, divorce, death, or a child ceasing to meet the definition of dependent. A Participant or dependent who is covered under the Plan must notify the Administrator of any divorce, legal separation, or a child ceasing to be considered a Dependent under the Plan within 60 days after the event. This notice must be in writing and addressed to the Administrator. In addition, if a second qualifying event occurs during COBRA continuation coverage or if the former Employee becomes entitled to Medicare or dies during the COBRA coverage, the Participant or Dependent must notify the Administrator. Finally, a Participant must notify the Administrator of the start or end of any disability that is determined under the Social Security Act to be a covered disability. The Administrator will provide Participants and Dependents with the forms needed to make the required notifications.

Any notice described in the above paragraph must be provided in writing to the Administrator within 60 days of the occurrence of the applicable event (except that if there is a change in the Participant's disability status, notice must be given within 30 days). If the Participant or Dependent fails to provide notice within the required time period, he or she may no longer be eligible for COBRA continuation coverage. In this event, the Administrator may send Notice of Unavailability of COBRA Coverage upon receipt of the late notice.

If you have any questions about your COBRA rights, please read the COBRA notice, which has been provided to you and your spouse (if covered) at the time of your enrollment in the Health Plan. You may contact the Administrator if you need another copy.

HOW LONG WILL THE PLAN REMAIN IN EFFECT?

Although the Employer expects to maintain the Plan indefinitely, it has the right to amend or terminate all or any part of the Plan at any time for any reason. It is also possible that future changes in state or federal tax law may require that the Plan be amended accordingly.

WHAT IF I HAVE A PROBLEM OR QUESTION?

If you have a question or problem, please call the Employer at (410) 848-2702. You can also request a copy of the Plan Document, which contains more information about the Plan.

Supplemental Plan Information:

Plan Name:	City of Westminster Cafeteria Benefit Plan
Type of Plan:	Cafeteria benefit plan
Plan Year:	July 1 st – June 30 th
Grace Period:	July 1 st – September 15 th (DCAP only)

To: Mayor and Common Council

From: Barbara B. Matthews, City Administrator

Date: May 7, 2020

Re: Ordinance Deferring the Effective Date of the Plastic Bag Distribution Restrictions

Background

On May 13, 2019, the Common Council adopted Ordinance No. 911, imposing certain restrictions on the distribution at business establishments of single-use plastic bags. Ordinance No. 911 is currently scheduled to take effect on July 1, 2020.

The COVID-19 pandemic has created challenges for the business community. To alleviate any unnecessary burden, the Mayor and Common Council have discussed delaying the effective date of Ordinance No. 911.

Emergency Ordinance No. 923 would defer the effective date of the City’s plastic bag distribution restrictions until January 1, 2021.

Recommendation

Staff recommends that the Common Council introduce Emergency Ordinance No. 923. Following introduction, the Common Council can then proceed with a motion to adopt the ordinance.

EMERGENCY ORDINANCE NO. 923

**AN ORDINANCE OF THE CITY OF WESTMINSTER, DEFERRING THE
EFFECTIVE DATE OF THE CITY'S PLASTIC BAG DISTRIBUTION
RESTRICTIONS AS SET FORTH IN CHAPTER 73, "ENVIRONMENTAL
SUSTAINABILITY", ARTICLE I, "PLASTIC BAGS" UNTIL JANUARY 1, 2021**

WHEREAS, pursuant to the Local Gov't Art., § 5-206 of the Maryland Annotated Code, the Mayor and Common Council of Westminster ("the City") has the authority to enact ordinances to assure the good government of the municipality; protect and preserve the municipality's rights, property, and privileges; preserve peace and good order; secure persons and property from danger and destruction; and protect the health, comfort, and convenience of the residents of the municipality; and

WHEREAS, upon findings related to the gravity of the harm caused to the environment and by extension to the City's residents by virtue of the presence of plastic bags in the waste stream, the City enacted Ordinance No. 911, imposing certain restrictions on the distribution at business establishments of single-use plastic bags, in order to protect the environment in the City and the planet; to reduce the presence of unsightly plastic bags in the public streets, gutters, rights-of-way, and trees; to protect the City's watershed, protect wildlife such as birds from injury due to plastic bags; and to reduce the City's impact on climate change; and

WHEREAS, the effective date of Ordinance No. 911, as adopted, is July 1, 2020; and

WHEREAS, many of the City's retail businesses, like businesses across the country, are struggling to survive in the current COVID-19 pandemic environment and the Mayor and Common Council wish to alleviate any unnecessary burden on them during this state of emergency caused by the COVID-19 virus that might otherwise arise on account of the plastic bag distribution restrictions in Ordinance No. 911.

Section 1. NOW, THEREFORE, BE IT ORDAINED by the Mayor and Common Council of Westminster, that the effective date of Ordinance No. 911 be and hereby is deferred until January 1, 2021.

Section 2. AND BE IT FURTHER ORDAINED by the Mayor and Common Council that this Ordinance is declared to be an emergency measure, under Section 41 of the Council's Rules of Procedure, permitting this Emergency Ordinance to take effect immediately upon adoption, in order to ensure that local businesses covered by the provisions of Ordinance No. 911 will be able to avoid unnecessary expenditures to prepare for implementation as of the original effective date hereof.

ORDINANCE NO. 911 (AMENDED BY INTERLINEATION)

AN ORDINANCE AMENDING THE CODE OF THE CITY OF WESTMINSTER, TO ADD CHAPTER NNN, "ENVIRONMENTAL SUSTAINABILITY", ARTICLE I, "PLASTIC BAGS", SECTION NNN-1, "PURPOSE"; SECTION NNN-2, "DEFINITIONS"; SECTION NNN-3, "PROHIBITIONS"; SECTION NNN-4, "EXCEPTIONS"; AND SECTION NNN-5, "VIOLATIONS AND PENALTIES"

WHEREAS, pursuant to the Local Gov't Art., § 5-206 of the Maryland Annotated Code, the Mayor and Common Council of Westminster ("the City") has the authority to enact ordinances to assure the good government of the municipality; protect and preserve the municipality's rights, property, and privileges; preserve peace and good order; secure persons and property from danger and destruction; and protect the health, comfort, and convenience of the residents of the municipality; and

WHEREAS, hundreds of thousands of sea turtles, whales and other marine mammals die every year from eating discarded plastic bags mistaken for food and once swallowed, plastic bags choke animals or block their intestines, leading to death; and

WHEREAS, many land animals also accidentally ingest plastic bags while foraging for food; and

WHEREAS, beaches around the globe are being adversely impacted by the unsightly accumulation of plastic waste, including plastic bags, and plastic bags frequently degrade public aesthetics by lodging in trees and in streets and gutters everywhere; and

WHEREAS, in a landfill, plastic bags take up to 1,000 years to degrade and, as litter, they breakdown into tiny bits, contaminating the soil and water that can pose threats to marine life and contaminate the food web; and

WHEREAS, collection, hauling and disposal of plastic bag waste create an additional environmental impact, because billions of pounds of plastic bags, wraps and sacks enter the waste stream every year in the United States alone, putting an unnecessary burden on diminishing landfill space and causing air pollution if incinerated; and

WHEREAS, recycling requires energy for the collection and processing; and

WHEREAS, the Mayor and Common Council deem the adoption of restrictions on the distribution at business establishments of single-use plastic bags is a necessary and appropriate measure to protect the environment in the City and the planet; to reduce the presence of unsightly plastic bags in the public streets, gutters, rights-of-way, and trees; to protect the City's watershed, protect wildlife such as birds from injury due to plastic bags; and to reduce the City's impact on climate change.

- UNDERLINED SMALL CAPS : Indicate matter added to existing law.
~~Double strikethrough~~ : Indicates matter deleted from ordinance after introduction.
Double underlining : Indicates matter added to ordinance after introduction.

Section 1. NOW, THEREFORE, BE IT ENACTED AND ORDAINED by the Mayor and Common Council of Westminster, that Chapter NNN, "Environmental Sustainability", Article I, "Plastic Bags", is added to the Westminster City Code, to read as follows:

SEC. ___-1. PURPOSE.

A. THIS CHAPTER IS ADOPTED TO IMPROVE THE ENVIRONMENT OF THE CITY BY REDUCING THE NUMBER OF SINGLE-USE PLASTIC BAGS IN THE STREAM OF COMMERCE.

B. BUSINESS ESTABLISHMENTS WITHIN THE CITY ARE ENCOURAGED TO PROVIDE PROMINENTLY DISPLAYED SIGNAGE ADVISING CUSTOMERS OF THE BENEFIT OF REDUCING, REUSING AND RECYCLING, AND PROMOTING THE USE OF REUSABLE CARRYOUT BAGS AND RECYCLABLE PAPER CARRYOUT BAGS BY CUSTOMERS. ALL BUSINESS ESTABLISHMENTS ARE ENCOURAGED TO MAKE REUSABLE CARRYOUT BAGS OR RECYCLABLE PAPER BAGS AVAILABLE TO CUSTOMERS.

SEC. ___-2. DEFINITIONS.

THE FOLLOWING WORDS, TERMS AND PHRASES, WHEN USED IN THIS CHAPTER, SHALL HAVE THE MEANINGS ASCRIBED TO THEM IN THIS SECTION, EXCEPT WHERE THE CONTEXT CLEARLY INDICATES A DIFFERENT MEANING:

A. BUSINESS ESTABLISHMENT. ANY COMMERCIAL ENTERPRISE THAT PROVIDES CARRYOUT BAGS TO ITS CUSTOMERS THROUGH ITS EMPLOYEES OR INDEPENDENT CONTRACTORS ASSOCIATED WITH THE BUSINESS. THE TERM INCLUDES SOLE PROPRIETORSHIPS, JOINT VENTURES, PARTNERSHIPS, CORPORATIONS, OR ANY OTHER LEGAL ENTITY, WHETHER FOR PROFIT OR NOT FOR PROFIT.

B. CUSTOMER. A PERSON WHO PURCHASES MERCHANDISE FROM A BUSINESS ESTABLISHMENT.

C. SINGLE-USE PLASTIC CARRYOUT BAG. A BAG PROVIDED BY A BUSINESS ESTABLISHMENT TO A CUSTOMER TYPICALLY AT THE POINT OF SALE FOR THE PURPOSE OF TRANSPORTING PURCHASES, WHICH IS MADE PREDOMINANTLY OF PLASTIC DERIVED FROM EITHER PETROLEUM OR A BIOLOGICALLY-BASED SOURCE AND INCLUDING COMPOSTABLE BAGS, BUT NOT INCLUDING REUSABLE CARRYOUT BAGS.

SEC. ___-3. PROHIBITIONS.

A. NO PERSON MAY PROVIDE SINGLE-USE PLASTIC CARRYOUT BAGS AT ANY CITY FACILITY, CITY-SPONSORED EVENT, OR ANY EVENT HELD ON CITY PROPERTY.

B. NO BUSINESS ESTABLISHMENT WITHIN THE CITY MAY PROVIDE SINGLE USE PLASTIC CARRYOUT BAGS TO ITS CUSTOMERS.

SEC. ___-4. EXEMPTIONS.

THIS CHAPTER SHALL NOT APPLY TO:

A. LAUNDRY DRY CLEANING BAGS, DOOR-HANGER BAGS, NEWSPAPER BAGS, OR PACKAGES OF MULTIPLE BAGS INTENDED FOR USE FOR DISPOSITION OF GARBAGE, PET WASTE, OR YARD WASTE;

- UNDERLINED SMALL CAPS : Indicate matter added to existing law.
- ~~Double strikethrough~~ : Indicates matter deleted from ordinance after Introduction.
- Double underlining : Indicates matter added to ordinance after introduction.

B. BAGS PROVIDED BY PHARMACISTS OR VETERINARIANS TO CONTAIN PRESCRIPTION DRUGS OR OTHER MEDICAL NECESSITIES, AS REQUIRED BY THE U.S. FOOD AND DRUG ADMINISTRATION (FDA);

C. BAGS USED INSIDE A BUSINESS ESTABLISHMENT TO:

1. CONTAIN BULK ITEMS, SUCH AS PRODUCE, NUTS, GRAINS, CANDY, OR SMALL HARDWARE ITEMS;
2. CONTAIN OR WRAP FROZEN FOODS, MEAT, OR FISH, WHETHER OR NOT PREPACKAGED;
3. CONTAIN OR WRAP PLANT MATERIAL, FLOWERS OR POTTED PLANTS TO PREVENT SPOILAGE OF THE ITEM OR MOISTURE DAMAGE TO OTHER PURCHASES; OR
4. CONTAIN UNWRAPPED PREPARED FOODS OR BAKERY GOODS.

D. BAGS OF ANY TYPE THAT THE CUSTOMER BRING TO THE BUSINESS ESTABLISHMENT FOR HIS OR HER OWN USE FOR CARRYING AWAY FROM THE STORE GOODS THAT ARE NOT PLACED IN A BAG PROVIDED BY THE BUSINESS ESTABLISHMENT.

E. BAGS USED FOR BY RESTAURANTS FOR TAKE-OUT BY CUSTOMERS OR FOR DELIVERY OF FOOD TO RESIDENTIAL CUSTOMERS.

F. BAGS USED BY BUSINESS ESTABLISHMENTS WITH FEWER THAN TWENTY-FIVE (25) EMPLOYEES AT ALL OF THE BUSINESS ESTABLISHMENTS OWNED BY THE SAME PERSON OR ENTITY, WHEREVER SUCH BUSINESSES MAY BE LOCATED. THE EXEMPTION SET FORTH IN THIS SUBSECTION SHALL NOT APPLY TO FRANCHISED ESTABLISHMENTS.

SEC. ____-5. VIOLATIONS AND PENALTIES.

A. ANY BUSINESS ESTABLISHMENT THAT VIOLATES OR FAILS TO COMPLY WITH THE PROVISIONS OF THIS CHAPTER SHALL BE DEEMED GUILTY OF A MUNICIPAL INFRACTION, PUNISHABLE BY A FINE OF ONE HUNDRED DOLLARS (\$100.00) FOR A FIRST VIOLATION; TWO HUNDRED DOLLARS (\$200.00) FOR A SECOND VIOLATION WITHIN ANY TWELVE-MONTH PERIOD; AND FIVE HUNDRED DOLLARS (\$500.00) FOR EACH ADDITIONAL VIOLATION WITHIN ANY TWELVE-MONTH PERIOD. A TRANSACTION INVOLVING MULTIPLE PLASTIC BAGS DISTRIBUTED TO A SINGLE CUSTOMER SHALL CONSTITUTE ONE OFFENSE.

B. IN ADDITION TO THE PENALTIES SET FORTH IN THIS SECTION, REPEATED VIOLATIONS OF THIS CHAPTER BY A PERSON WHO OWNS, MANAGES, OPERATES, IS A BUSINESS AGENT OF, OR OTHERWISE CONTROLS A BUSINESS ESTABLISHMENT MAY RESULT IN THE SUSPENSION OR REVOCATION OF THE BUSINESS LICENSE ISSUED TO THE PREMISES ON WHICH THE VIOLATIONS OCCURRED. NO BUSINESS LICENSE SHALL BE ISSUED OR RENEWED UNTIL ALL FINES OUTSTANDING AGAINST THE APPLICANT FOR VIOLATIONS OF THIS CHAPTER ARE PAID IN FULL.

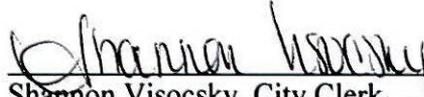

C. AN ADDITION TO THE PENALTIES PROVIDED IN SUBSECTION A OF THIS SECTION, MULTIPLE VIOLATIONS OF THIS CHAPTER BY A BUSINESS ESTABLISHMENT ARE DECLARED TO BE A PUBLIC NUISANCE, WHICH MAY BE ABATED BY THE CITY BY RESTRAINING ORDER, PRELIMINARY AND PERMANENT INJUNCTION, OR OTHER MEANS PROVIDED FOR BY LAW, AND THE CITY MAY TAKE ACTION TO RECOVER THE COSTS OF THE NUISANCE ABATEMENT.

- UNDERLINED SMALL CAPS : Indicate matter added to existing law.
- ~~Double strikethrough~~ : Indicates matter deleted from ordinance after Introduction.
- Double underlining : Indicates matter added to ordinance after introduction.

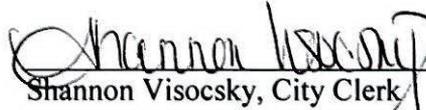

~~D. PLASTIC BAGS INTENDED FOR A USE THAT VIOLATES THIS CHAPTER ARE DECLARED TO BE CONTRABAND AND, FOLLOWING THE ENTRY OF AN ORDER OF ABATEMENT BY A COURT OF COMPETENT JURISDICTION AND SUBJECT TO ANY LIMITATIONS IMPOSED BY THE COURT IN SUCH ORDER, CITY CODE ENFORCEMENT OFFICERS OR LAW ENFORCEMENT OFFICERS MAY ENTER THE BUSINESS ESTABLISHMENT TO SEIZE AND REMOVE ANY ADDITIONAL PLASTIC BAGS OF THE SAME TYPE AND MANUFACTURE AS THE PLASTIC BAGS THAT HAVE BEEN DISTRIBUTED BY THE BUSINESS ESTABLISHMENT IN VIOLATION OF THIS CHAPTER.~~

Section 2. BE IT FURTHER ORDAINED by the Mayor and Common Council of Westminster that this Ordinance shall take effect on July 1, 2020, unless it is returned unsigned by the Mayor at the next meeting of The Mayor and Common Council, together with the Mayor's reasons for withholding his signature therefrom, and is not passed thereafter by the votes of four-fifths of the members of the Common Council, and further provided that it is posted after adoption for not less than two (2) weeks in some conspicuous location in the City Hall and recorded in a book provided for that purpose.

**Taren Ashby Drechsler
1264 Old Westminster Pike
Westminster, MD 21157**

The Major and Common Council,

We plead for the Westminster Rec Center to remain open! I joined 4 years with my children. My husband and his family have been members for over 20 years. It's a part of our history and a part of our community.

We may live just outside of the city lines but we are very involved in all city activities and fundraisers. Being a part of the gym has encouraged me to be a greater part of the community. Without the gym, my family and I will no longer feel apart of the City of Westminster. We will no longer be interested in contributing the events and fundraisers. We will feel abandoned by the City.

This decision has come as a shock to all of the members. We feel the gym was never given a real chance. The members deserve a vote and a chance especially those who have been invested for over 20 years. Given the opportunity, we would love to help refurbish and revamp the Rec Center. In these troubling times, all we have is family and community and by taking our gym away without a chance, you are taking our family and community too.

Please reconsider and give the gym a fighting chance for the history, community and families involved.

Thank you,

Taren Ashby Drechsler RN, BSN

**Sarah Hackney
2712 Overview Rd
Hampstead MD 21074**

Hello,

I am writing this email to ask a couple of clarifying questions and implore the Westminster City government to reconsider shutting down the REC as a gym facility.

First my questions (or if you can point me to where I can find this information, that would be great!):

1. Do events like the Celtic Canter directly support the Fitness Center? If not, is a portion attributed to the fitness center for the work they do in serving as the point of contact for events like these?
2. Did the council explore increasing membership dues as a means to prevent the closing of this facility?
3. Is there any documentation on the number of members the center currently has, average number of drop-in users/punch card users?
4. It is my understanding that the council is approving or did approve a 3 million dollar project to upgrade the community pool. Was it approved in full? What is the operating budget for the pool historically? I'm just looking to clarify why the pool, which is open for 3ish months out of the year, is taking precedence over the year-round fitness center.
5. If shutting down the REC center is an absolute, are there any other city buildings that could be used as a replacement that may be cheaper to operate than the Armory? We already have the equipment, let's not let it go to waste.

And now, I just want to say that I love the Rec center! I have been going there consistently for over a year and a half now. I have NEVER in my life consistently gone to any gym for more than 6 months. The continued support of the amazing trainers and the rest of my gym tribe is why I return week after week, never giving up on myself. I would happily pay a higher fee to continue to use these facilities and I know the rest of my gym tribe would as well. In a world where we are currently unable to leave our houses without masks, it is clear that healthiness is a common goal for our entire community. Please don't take this vital, health-promoting service away from your constituents.

Ginger Santoni
2886 Mill Woods Dr
Finksburg, MD 21048

I am writing as I just found out that there is a possibility that the gym may be closing down due to funding. This is absurd and seems super shady to do this while none of the members are able to come and speak or barley knew it was happening. I think closing the gym would be detrimental to the Westminster City area since not only do many people use it for the gym but I know they offer great camps in the summer for kids as well as rent it for basketball teams. Please reconsider closing the gym at this time and let the members know the concerns of why you feel this should be closed.

Thank you to take the time to reach out to me so my voice can be heard. Along with my previous message I would like the mayor to know that I would pay more monthly to help keep the gym open. As well as pay a yearly fee if needed. I have belonged to many gyms in my life and this gym does feel more like family than a gym. When I was out for a few weeks sick I had instructors and members reach out to me to make sure that I was OK. And recently my husband just went through chemo and radiation and though the gym was closed several members checked into see what they could do to help or if I needed anything. I personally need to go to a gym to be held accountable to push myself and work out. Even though I do not love working out I always looked forward to going to the rec gym since I know there would be lots of happy faces there and when I would be done working out I always felt better and left with my spirits lifted mentally and physically.

Thank you again for taking the time to hear what I have to say.

Ps. as you can see I do not live that close to the gym. If I did not go to the gym several times a week I would not shop in the downtown Westminster area or go to the functions that they had. I spend a lot of money in Westminster just because I go to the gym. Otherwise I would shop in Eldersburg, Columbia, Towson or Reisterstown.

Allysa Stoops
3611 Deer Bought Drive
Westminster MD 21158
and
328 Logan Drive
Westminster MD 21157

My Name is Allysa Stoops I have been going to the Westminster family fitness center for over five years. I don't have numbers or findings to share as to why this business should stay open. But what I can tell you is this place gives those the opportunity to better themselves when they didn't think they could. This business gives hard working mothers especially single mothers the opportunity to get a 1 hour workout in after a long day at work at an affordable rate. This business gives young students the opportunity for a job when they come home from college or to use on their resume to better their future. This business brings the community together and gives younger kids something to do than wonder the streets looking for trouble. Finally this business gives everyone the opportunity to learn how to work as a team and other fundamentals that will better them as a person. It is far more than a facility where you work out, it is a family atmosphere. Please consider other options before it closes and test the waters for other solutions. Stay safe and thank you for what you do for our community.

Andrea Crouse
99 Liberty Street
Westminster, MD 21157

City Clerk,
CLEARLY the City of Westminster Mayor and Common Council Special Meeting is taking advantage of the current quarantine situation to make a decision affecting a LARGE number of people and families in the community without actually consulting the people and families they serve while it is practically impossible to even attend said meeting or submit relevant and timely input. There is no equally affordable facility available to community members; ESPECIALLY families. This will be a devastating blow to those who are members and consider this Family Center Community not just as a place for families to utilize, but a place where the members have truly become family. The Family Fitness Center needs to remain open and available for families after quarantines have been lifted. The argument that there is no room for this facility in the budget is ABSURD, ESPECIALLY when MILLIONS are being spent to purchase and renovate various properties and purchase insanely expensive furniture for said offices. Decisions are clearly being made to benefit friends of the mayor and not the community at large. It is also reported the Mayor is in favor of closing the Family Center to benefit his friend who is the owner of "The Gym," and because another council member prefers Planet Fitness. Neither of these facilities is even a pale substitute for the Family Center, and a membership at the YMCA is twice as much money. Removing this valuable and affordable resource from a community with already extremely limited resources is a horrible decision for Westminster constituents.

Andrea Crouse
Ten-Year Family Fitness Center Member

Council members continue to repeat they are "tired of fighting" for keeping the Family Center open, but when the council members are the ones making the decisions, it becomes unclear who the fight is against. Tony Chiavacci and his wife spent an entire day on Tuesday, May 5, 2020, seeking out mutual friends and connections in an attempt to get my husband's personal phone number, which he finally succeeded in doing before he called my husband during dinner time that day. It turned out Mr. Chiavacci was only concerned with speaking with my husband because he thought my husband was disparaging his personal business, which my husband had never even heard of. But during this conversation, he told my husband he does not want to close the Family Center, and even reported his own wife and daughter, as well as some friends, had stopped talking to him because of his vote to close the Family Center. In Monday's meeting, Mr. Dayhoff reported he voted "kicking and screaming" to close the Family Center. So, again, my question is, who are they fighting against? In my research since Monday, it has been brought to my attention closing the Family Center became an apparent goal of Ms. Barb Matthews, City Administrator, and Ms. Tammy Palmer, Director of Finance, approximately two years ago, and they have made strides towards closing the Family Center in the time since.

It has been brought to my attention Ms. Tammy Palmer has been demoted from her position as Director of Finance as of the Fall of 2019, due to complaints and grievances brought against her by her bullying tactics and unprofessional behaviors. It is unclear why a person reported to have so many grievances against them would be given a new position rather than terminated. On more than one occasion, it has been speculated to me this is because, as Director of Finance, Ms. Palmer is privy to unethical behaviors and cronyism within the city of Westminster, and possibly is or could blackmail people if terminated. If this is true, this does not seem like an ethical use of the city funds. While a recruiting agency hired by the city is working to replace her, she has remained in this position since the Fall. If this is correct, I am wondering how much money has been spent to replace her, and why this replacement has still not been finalized. If the grievances were strong enough to warrant her removal, how is it ethical for her to be in this position at least six months after it was decided? It was also brought to my attention Ms. Palmer is being demoted to a newly fabricated position of Special Projects Manager/Assistant to Administrator Barb Matthews, a position that was created bypassing mandated protocol required to approve a new position, and assigned to her without being posted and open to the public for application, which is also required. How much will the City be paying Ms. Palmer to perform this newly fabricated position, and if the position bypassed approval, how do City residents know it is necessary and vital? It was reported to me as \$100,000. How much do they project to pay this recruiter while they continue attempting to fill her position? Again, this is information I uncovered in my research, and I am asking, is this accurate?

After the council meeting on Monday, May 4, 2020, MANY Family Center members voiced they were willing to pay an increased membership fee to offset what is reported to be a \$200,000 operating deficit. Mr. Dominick has since reported on Facebook this number to be \$200,000-\$300,000, and when asked how the deficit had increased by \$100,000 from what he and the council previously reported, he stated that in previous years it had been as high as \$300,000, but has been reduced to \$200,000. This shows, by the Mayor's own report, that the deficit has already been reduced by at least \$100,000 WITHOUT needing to increase membership fees. If, as reportedly previously proposed by the director of the Family Center, the membership fees were increased and staffing and personnel changes were improved, the deficit could be eliminated. It is my understanding these proposed changes were consistently and repeatedly

blocked and denied by the Director of Finance, Ms. Tammy Palmer.

I am also confused as to why Ms. Palmer reportedly denied the request to repair the obviously decaying structure of the shower in the Family Center for the past two years, and the council is only now approving this \$75,000 repair to the only ADA approved shower in the facility, five months AFTER it COMPLETELY failed, and only after it was voted to close the Family Center, rendering the shower completely unnecessary. The council was quick to point out Summer camps would still be held and the basketball court could still be used, so how much will still need to be budgeted to staff these activities and maintain cleaning and upkeep of this building? How is this going to be offset while eliminating the revenue generated by maintaining the Family Center? What is the plan for all the gym equipment already purchased by the City? The council proposed to use the \$175,000 (the reported \$200,000 less the \$75,000 to repair the bathroom) they claimed closing the Family Center would save them to pay for the mismanaged Ting project and salary increases for city workers. They ignored mentioning how many city workers were just fired in closing the Family Center. It is also interesting the "ethical" ramifications of the \$200,000 reported deficit was a concern, but the millions of dollars being spent (including a reported \$1,000,000 just on new furniture) to buy and renovate properties is not. I am very unclear on how those monies being spent in that way benefit city residents.

Council members also repeatedly mentioned "ethical concerns" regarding spending the money of city residents on a facility that had a majority of non-city resident members, claiming only 25% of membership was city residents. IF the previously mentioned information is correct, the City residents have far more ethical concerns to be wary of. It was argued during the meeting members would leave the gym rather than pay an increased fee. AGAIN, this was not proposed to members. During this meeting, a budget for a \$3,000,000 renovation of the city pool was being approved, including updates to the locker room, as well as the ADDITION of a splash-pad, which in and of itself cost \$209,000 (not necessary for maintenance or pool use). It was argued this pool is necessary because it is used by the swim club and city camp children, but this certainly does not provide enough revenue to cover the cost of the renovation, ESPECIALLY considering it is only open a few months of the year. There are other pools that could be rented for these purposes. How many pool users are city residents? How much revenue is generated by this pool?

This information is combined with multiple people continuing to report to me Mr. Dominick is seeking to support "The Gym," by closing the Family Center. It has also been brought to my attention there is a possible conflict of interest for Mr. Dominick through his ownership of Gauge Tech. Is Mr. Dominick benefiting financially through the funding of the fiber optics that run through his IT business? Again, I ask, what is the more pressing ethical concern?

On Monday, it was reported by Recreation and Parks Director, Abby Gruber, the Family Center actually had a 44% city resident membership. I find it surprising the number one argument is a complaint about attracting non-city residents to the city where they come and support local businesses before and after attending the gym, and who make up the majority of attendees at the city events. I am a non-city resident myself, living thirteen houses away from the city line on Liberty Street, a house I have owned since 2008. I am mere feet away from living within city limits. I paid a higher membership fee at the Family Center as a non-city resident for ten years prior to being employed at the Family Center as of this past October. As of that time my membership fees were eliminated as part of my employment for which I was paid minimum wage, and for which I was over-qualified, but I saw there was a need and volunteered to assist when there was a lack of response for such a low-paying position.

My family was strongly considering moving from this area, but chose not to because of the community we have built and belong to at the Family Center. I pay for City Water and Sewer, and pay taxes as an employee at the Family Center. As a public servant and a Licensed Clinical Social Worker with my Masters Degree in Social Work, as well as Bachelors Degrees in Philosophy and Anthropology, I also worked in Public Child Welfare at the Carroll County Department of Social Services for seven years, at Change, Inc. with Adults with Developmental Disabilities for six years, and have invested upwards of \$123,500 in improving the house I own, in turn adding to increased property values of all my neighbors, INCLUDING city residents. We constantly support and patronize city events and frequently use businesses in the city. This IS my community, and MY CITY. My life's blood and sweat has been wrung attempting to improve this county and city for its families and children as well as my own, and I will fight for answers to these questions for the community in which my family now resides, not only in the city, but in the Family Center.

Respectfully submitted by Andrea Marie Rose Crouse, proud home-owner of 99 Liberty Street, Westminster, MD 21157...HOME Address: 11 Longwell Avenue, Westminster, MD 21157.

I generously thank you for your time and consideration.

Brian Roche

Dear Mayor Dominick and Common Council,

My name is Brian Roche and I live in the City of Westminster at 350 Bishop Court. Thank you for your discussion regarding the Family Fitness Center during your budget workshop on Monday May 4, 2020. As a longtime resident of the City of Westminster, the Family Fitness Center has been an excellent resource for the community. I was surprised to hear that the Family Fitness Center has been operating at a deficit for years. As a longtime member of the Family Fitness Center, members were not aware that the Center was operating in a deficit. Had we been aware of the dire financial situation of the Center, I believe the community would have welcomed an increase in monthly dues or supported fundraising efforts.

We understand now that the Center has been a point of budgetary concern for several years and given the Council's comments in the meeting on May 4th, it seems that the Center may close the Fitness Center but may consider still maintaining group fitness classes.

As you prepare to finalize the Budget, I would like you to consider funding the Fitness Center in its entirety for one year and allow the Center to raise monthly dues and allow the Community to help fundraise. This one-year extension would allow the Community to determine if they can make up the difference and start to put the Center back into a positive line item for the City of Westminster. I understand there are practical limitations to raising membership rates due to market competition and price sensitivity but when you consider that the Fitness Center provides both group classes and individual fitness equipment, a raise in the fees would be in-line with the market. It is our understanding that the FY 2021 Capital Projects were from another fund and should not be considered as part of the operating deficit.

Given the response from the Community upon hearing the discussion on the 4th, I believe the Community will come together to save the beloved Fitness Center and raise the funds to replace the current \$209,000 deficit. I respectfully request that you maintain the center for one more year and let the Community demonstrate its dedication.

**Erin Rutters

I will attempt to ask a question to Mayor Dominick through this email since he has blocked me. I understand part of the reason for closing the WRC is to use the funds to support the fiber optics operation. I am curious to know which IT business this venue will run through. I also understand that Mayor Dominick is the owner of Gauge, an IT business. So, will you, Sir, or your business benefit in any way from this fiber optics operation? It seems rather convenient that you stand to profit greatly from this move. It is obviously highly unethical and a conflict of interest to use taxpayers money for personal financial interest. What is the business plan here? Please be specific in answering which business will secure the fiber optics account.

First the COVID19 and now the closing of our gym! This is truly devastating news and one of which can certainly be avoided right now. I have been a member of this gym for about 20 years and my grandkids have also been members. It is especially devastating since the decision of some politicians who probably don't use this gym are making the decision for thousands. I know the gym has been losing money every year and I felt like this facility was a service to Westminster and the surrounding community. Just because one doesn't live within the boundary of Westminster, doesn't mean we can't be part of the gym as we certainly support Westminster and its many businesses.

We have actually said many times over the years that we would not be against have a yearly remodeling fee like many of the other gyms in town. Gold's and Planet Fitness have it at about \$40. We also would not be against a membership increase. The WRC has been a second home for us and we attend from 3-5 days a week. Our grandkids often come with us and we could not come without the childcare. Fundraisers have been suggested but never followed through on. Why?

Abby Gruber has done a wonderful job in remodeling the facilities there. We have met and continue to meet members who have become our friends in and out of the gym. It is definitely a family gym like none others in this area.

We strongly recommend a reversal of the decision to close this gym. It is beyond devastating!!!

Dear Westminster City Council,

As Thomas Jefferson said, "But friendship is precious, not only in the shade but in the sunshine of life; and thanks to a benevolent arrangement of things, the greater part of life is sunshine." You are going to, and rightfully so, going to hear the term "family" used a lot from those of us that are proud family members of the fitness center. While we don't get to choose our genetic family, it's comforting to be able to choose your social and rec family and friends. Being there with your family makes the tough days at the fitness center easier and provides comfort when you have tough days outside of the fitness center.

We are not just a membership number as we are known by our names. We may have a nickname or we break into song or dance during class. We're all ages and ability levels; have different professional and personal backgrounds; and maybe we go to the fitness center for different goals, but we're family. And when your family members don't show up at regular times we get concerned and hope everything is okay with them.

Although I'm a relatively new family member, I was asked by a friend to join after attending a few walk-in classes. She was originally asked by another member years ago to join. It's this type of personal connection that's better than joining a for-profit fitness center where those friendships may not be a goal of the members. I may not have a family of my own yet, but I was looking forward to taking my children to the fitness center and participating in the other camps and activities put on at the fitness center and adjacent grounds.

If the facility has been running at a deficit for years, why/what efforts were not put in place to help reduce or eliminate the deficit? It just seems that if you knew it was a problem and stood idle instead of being proactive in finding ways to keep it. I for one, don't need a flashy facility to improve and maintain my personal health and the historical nature of the Armory is a favorite part of why I enjoy going there. I have a proud personal history of military participation in my family and friends and I find it uplifting to see the unit emblems painted on the walls. And I know many of my rec family members are veterans or active duty and I enjoy working out with them.

I know you have to spend your budget in specific and ethical methods so that you can stand up to public inquiries and provide essential services. But it's also my understanding that the role of government is to provide for its citizens and not seek profit, you're in "business" to efficiently spend money, not make money. I have no problem with paying more for membership fees and facility fees as I'm not a Westminster resident. I am, however, a consumer when I visit Westminster and spend money at many of the local businesses and farmers market in Westminster so I am contributing to your tax revenue. I have been changing my scheduling when I go to these establishments based on when I go to the gym as for me it's sometimes not worth the drive to just shop in Westminster.

It's odd that you're looking to keep the Armory open to support other events, but I'm pretty sure you're not going to turn the utilities off in between the events. So why not get some revenue from our "family" using the facility while the lights are on. I'm there 4-5 days a week and it's great that I get all the classes and amenities I get for such a low cost. It almost feels like I'm stealing from you and I was not raised that way, so put a proposal out there for us. Personally and professionally what you did to the great employees of our house is wrong. The

great instructors you had have been investing their time to ensure their family members have access to exercise plans to help maintain a normal part of their lives during this uncertainty and were looking forward to seeing their rec family. Dropping this suddenly on them without weeks or months of initial discussions and input is utterly disgraceful by you as elected officials. I would expect this from a for-profit business, but not from an institution that "serves" at the pleasure of its constituents. I know revenues are going to be a concern for all governments, but please don't use the current situation as a basis for making rash decisions.

Returning to normal and going back to our house to see my family was a light at the end of this mess that I was eagerly looking forward to in the coming weeks. You have effectively flipped the light switch off on us in a time when many of us are looking for a light.

For the record - before I was at this address, I was at the address below, which is in city limits:
22 Middlegrove Court
Westminster, MD 21157

Hi,

I am shocked and appalled to hear that the closing of my beloved gym and and place of mental refuge is being discussed. The WFC is more than a gym to me, it is my family, and how I got my life back after going through some difficult times. I am not alone in this belief, as most other members feel that this place is their sanctuary too.

In addition, there is no equally affordable facility available to community members, especially for families. This will be a devastating blow to those who are members and *many* who consider this Family Center Community not just a place for families to utilize, but a place where the members have truly become a family.

I urge you, please keep our family center open!

Alissa Dick
2205 Snydersburg Road
Westminster, MD 21157

To Whom it May Concern,

I was born and raised in Westminster, Md - within city limits, and grew up near the farm museum. I grew up in the small town, attended Robert Moton Elementary, East Middle, and Westminster High School. I went away for college but moved back, and bought a home because I love the small town feel of Westminster. I love it *so much* in fact, that I have been commuting to Prince George's County from Westminster every day for the past 18 years! Three years ago I moved, and you know the first criteria that potential houses needed to meet? Can I still attend my 6AM and 6PM classes at the Rec if I live here?

I have been a member of the Westminster Family Center for the last 5 years, and prior to that I was a member of Golds until it closed. What sets the fitness center apart from other gyms, is the true family atmosphere that has been established between members, and staff. My adult friend group is largely comprised of people that I met at the Rec. If you are not a gym person, it might be hard to understand, but trust me when I say that bonds are created as we share the common struggles of making it through classes, workouts, and making it through life. We are a committed group, who hold each other accountable, cheer each other on, and encourage each other to SHOW UP. This sense of community has been instilled in *all* of the members, because of the staff.

The instructors and staff have created this environment, this culture of comraderie and respect for personal growth and achievements. *And we thrive in it.* Every single one of us, regardless of age, shape, or size. We come there to 'get it', like it's a tangible thing. You can't see it, but we can feel it, and that is what keeps us loyal, keeps us coming back, and keeps us hungry for the personal growth we know we can achieve in the company of our family. We come in with our baggage, our doubts, our fears, and the stresses and woes of being an adult. For the time

that we are there, we are able to forget about all of that, and just focus on ourselves. The word 'just' makes it seem like a trivial feat, but the reality is, is that the small chunk of time we carve out for ourselves, in those walls, *with our family* is what enables us to return to our life outside of the gym. We can be the best version of the moms, dads, spouses, teachers, nurses, bankers, police officers, aunts, uncles, co-workers and colleagues that we can be. And so it spreads...the positivity and light, into the community.

This family is ready and willing to pay a rate increase, and annual dues in order to keep the family alive. And before you suggest that only a small membership would support the hike, resulting in a loss...stick to what you know, based on data. Since the members were never given the chance to indicate one way OR THE OTHER, if they would support a rate increase - there is no data. If you do not give the paying members the chance to have a say in this decision, you are truly doing a dis-service to the local community. Government is supposed to represent the *people*. The *people* are being left out of the equation altogether, and that is a disgrace. That kind of injustice is what breeds doubt and erodes trust in government, and in the process as a whole.

The very *people* that are being disregarded and left out of this, are the same *people* that shop local before or after attending the gym, attend social events sponsored by the gym and in downtown Westminster, and spend money supporting local businesses and shops. Those same *people* bring their family and friends to said events, so they *too*, can spend money and support local businesses!

Another group of *people* being left out of this conversation are the staff and employees, who while dealing with being out of work due to covid-19, would now find themselves without a job to return to, at all - with no notice! Since the deficit is not new, and has been a recurring problem, it seems as if you are using this situation to advance your agenda, without collecting all of the data to make an informed data driven decision.

Many of our members are older and are not on social media. I worry that they are unaware of this situation, and many have been members for a long time. When I first found out, I emailed my parents and asked them to forward to a handful of family friends (couples, who are older members), who are NOT on Facebook. What I am saying, is that our membership is diverse! The voices you are hearing from *do not scratch the surface*.

Please do right by the *people* you are serving. Please give us the opportunity to make up for the deficit with increases to dues, annual fees, and fundraising campaigns. Please remember the *people* you work for.

Megan McDonald
35 Westmoreland Street
Westminster, Md 21157

To whom this may concern:

I am sending this email in efforts for everyone on the Westminster City Council to understand the severity of closing the fitness center and the affect it will have on the community. This family center is exactly that a FAMILY. I am a stay at home mom, my husband is a police officer for Montgomery County and a sergeant in the Army Reserves and we have two children (3 years & 10 months). My husband works a minimum of 12 hours outside of the house and there are days the kids and I will not see him for 48+ hours. The Family Center was my saving grace on those days, my one hour break where I was not needed, my one hour of self care, and my one hour of talking to adults. Being a one income household the WFC was the ONLY gym that we could afford without breaking the bank and I am almost certain that we are not the only family in this situation that attends the WFC. If raising the membership rate is what saves this place we will gladly pay more because even then the WFC is still affordable in comparison to other gyms in the area. After I had my son In August of 2016 I was dealing with postpartum depression and this place saved me. Before I stepped foot in the WFC for the first time as a new mom there were days I would not leave my house with my son because I was so anxiety ridden. We would not leave the house until my husband came home on the weekends (he was active duty then living in a different state). That is what is so special about this place, total strangers became friends and then became family. They encouraged me to show up everyday. I was able to be around other moms and lean on them, after a while I was myself again. Fast forward almost 3 years when I had my daughter and I dealt with the same bout of postpartum depression and the same people showed up for me. None of this may not even concern you or perhaps you are rolling your eyes, but for all the reasons above is why I will fight to the very end to keep this place open. The closing of the WFC will devastate my family and so many other families.

Robin Wunder

Westminster, MD 21157

Please donnot closed thr family center as an employee of the family center it has become home to me. Im a single mother of 3 and this would be a devastating disaster for my fmaily after finally rebuilding our live in westminster i have a sense of community. Shelly was the first person i meet when i moved her and she hired me see seen that i would shine and grow. Please do not close this center.

Stephenie Bowen

Please do not close the Westminster Family Center! It's one good thing Westminster has to offer! It is a family!

Patricia Preston
617 Barnes Avenue
Westminster, MD 21157

I have been a member of the Family Fitness center for several years. I chose this gym because of the varied selection of group classes. It's not only a great workout but a place to socialize and I have reunited with friends I wouldn't have otherwise because of our busy non-gym lives. I am in my 60s and every instructor there tailors their class to all abilities. It is a very welcoming atmosphere from the minute we walk in the door where we are greeted by the very friendly front desk staff. Please do everything possible to save our Fitness center. I would gladly support a membership fee increase! Thank you.

Kathy Krauss
1709 Lauterbach Rd
Finksburg, MD 21048

Please keep the fitness center open. I have been a member there for over 10 years. I have gotten in the best shape of my life and I'm almost 70. The center has many classes, and especially good yoga classes with a variety of styles and teachers.

This center is a community, a family of sorts, and I have made many friends there. It's a reason to come in to town and shop and have lunch, take a walk around the park and the town after a workout.

The fitness center is a big part of my life, and it would be devastating to me if it were to close.

I am more than willing to pay an increased monthly fee and a yearly membership fee as well. Please reconsider.
Thank you

Donna Jean Shybunko
315 Kingsbury Way
Westminster MD 21157

It would be nice to keep our gym open ...but i understand if that is not cost effective....

Ben Rogers
79 East Main Street Suite 200
Westminster, MD 21157

I would like to express my strongly held desire for the Family Fitness Center to remain open. I am a Westminster resident, and I also work here in town, able to work out at the center 3 times a week. I have been a member there for years, and having grown accustomed to walking to my gym I have no desire to drive to another if this one closes.

I have long wondered why the fees were so low, and I am not surprised to hear that the center operates at a deficit. This is not their fault, nor is it mine, or that of any of the members who utilize the facility. **I would be happy to pay a higher monthly fee for my membership, and any other costs deemed necessary to keep it open.** It provides a substantial service, the members and staff are great, and I don't want to see it closed. Thank you for your consideration.

Ben Rogers

Margaret Benko

Westminster MD 21157

To The Mayor and City Council,

Good morning, last night the decision was made to close the Westminster Family Fitness Center. This decision was clearly made as a financial decision based on the deficit that this facility created. I am sure you noticed the outcry of voices from last night. The members were not aware of the deficit and that this could be a possibility. Once we found out we were desperate to change your minds.

Is it possible that you give us a chance to recoup some loss. Could we increase membership and pay a facility maintenance fee? Yes maybe some members would be discouraged by the cost and leave. But others would be happy to pay those fees.

I ask that you give the members a year to help decrease the financial burdens. We are the families that attend and support all of the Westminster events. I was even published in the Carroll County Times last year (July 2019) praising the Parks and Rec department and its commitment to the Westminster Families.

Please consider giving the Westminster Family Fitness Center a year to help change the deficit. Now that the members are aware of the deficit and closing we can help. We did not know this was a possibility or else we would have stepped up before.

I know this is a gym, but to so many of us this is so much more. Please consider this option and feel free to reach out to me for assistance on any of this.

Thank you

Margaret Benko
214 Opal Ave
Westminster MD 21157

Mr. Mayor and City Council Members

Good afternoon, I had emailed this morning regarding my concerns over the closure of the family fitness center. I appreciate you reading my emails and listening to my concerns. After talking to numerous members I have heard the same sentiment over and over. This change will negatively impact so many members.

Yes of course we understand a deficit is present. I ask you to post pone the closure for a year. Within that year increase the membership cost. With 1677 member a 11 dollar increase will the revenue by 221,364. Of course this increase could deter some families. Many members have floated the idea of fundraising and creating a scholarship fund. We are dedicated and ready to help all hands on board. We are the people who volunteer and participate in the city events that are so successful. We are the people volunteering on hot summer days during the Parks and Recreation month of July. The trainers at the gym spend hours during July helping the city children complete the ninja warrior course and help direct people during our fun runs. We are ready to help.

Yes I understand Westminster City taxes pay for funds and less than half of the members live within the city limits. However this facility draws so many people from outside the city limits to Downtown Westminster. A lot of the other events put on by the city draws large crowds from outside the city limits as well.

Please consider delaying the closure of this facility until after prices are raised and members can help to raise money for the establishment that means so much to so many families. Thank you for your consideration

Margaret Benko
214 Opal Ave
Westminster MD 21157

o the Mayor and City Council,

As you vote tonight I ask you to consider the families and government employees who will be severely impacted by the closure of the family fitness center.

The family fitness center has been a staple in my family lives. I personally have been there since college and all of my children have been going there since they were born. It is a safe place where we met so many other families in the community. There is nothing like it in this community. During the pandemic it is one of places I miss most.

I hope that you can find a solution and that we can keep this wonderful gem in our community open. Multiple members would be willing to pay more volunteer their time and do what it takes to keep this place open.

Please contact me for further please make a choice based on the needs of the community that are met in this unique facility.

Thank you

Pat Hyde
414 Barnes Ave
Westminster, MD

I would be happy to pay more to keep the center open. This gym more than a place to exercise. It is where friends meet no matter the age or ability. The staff makes all feel good and welcomed.

Marcia Pickholtz
1475 Naugahyde Rd
Westminster, MD 21157

Dear Ms. Visocsky,

This letter is to protest the proposed closing of the rec center. Personally I am more than willing to pay an extra \$10/month to help the facility remain open. The rec center is more than just a place to work out, it's a community!

Hillary Skozilas
1099 Hook Rd
Westminster, MD 21157

To Whom it May Concern:

My fellow community members and I would like to start a petition regarding a particular decision made during last evening's council meeting involving the Westminster Family Center, its continuation as an operation and its current employees. Would you please provide me with the appropriate contact person(s) regarding the matter and if there are any applicable guidelines we must follow. Thank you.

I wanted to follow up. Apparently, a petition has already circulated in our community, so I suppose the request below is irrelevant now. However, I would like to know why our voices were not heard last night. It appeared the decision was predetermined, and we had no say in how all of this about the fitness center transpired.

Personally, I would never consider the Westminster Family Center as any other fitness center - it truly was a family to me and so many others. I am frustrated and upset with this decision, and I'm willing to do anything it takes for re-consideration on the part of our local government.

Russell Dick
22 Middle Grove Ct West
Westminster, MD 21157-5320

Westminster City Council,

I was shocked and disappointed to hear that the Westminster City Council is proposing and planning to permanently close the Westminster Family Center. As a child our daughter attended classes there, and now, as an adult, she regularly attends several fitness classes. These classes not only promote her physical health, but help to maintain her emotional health during during her everyday stress at work and daily life. She considers the strenuous workouts there with the friends she has met as essential to her health.

As a single young adult she cannot afford the cost of private gyms. Many of her friends from the gym have young families and are similarly financially stretched and cannot afford to take exercise classes at private gyms.

The Westminster Family Center provides both an affordable means for community members to be physically fit and a sense of family among the members.

I urge the Council to protect this asset to our community and maintain the Westminster Family Center.

Kristin Barmoy
194 E Main St
Westminster, MD 21157

All, I was extremely disappointed to read that you decided to shut down the gym where I have been a member for nearly 15 years. This gym meets a need and has grown and developed significantly over the last 5-7 years. We have many classes that are full minutes after they open to sign ups. It is a local gym where you can "come as you are". You don't have to feel self conscious about your work out level or outfit.

There is not another place like this in Westminster. I guess people can move to Planet Fitness, but it's such a zoo to get in and out of the parking lot already, that I honestly don't think it will hold the overflow from our gym. I have never used the day care, but that is a huge benefit for young mothers.

This gym hosts all types of classes for members at all levels of fitness. I don't know anywhere else in town that hosts the same variety of classes.

From what I understand, the operating deficit has decreased in recent years. I think members would be happy to pay \$5 more per month to reduce the deficit even more.

The gym is honestly one of my favorite things about Westminster. I'm looking at moving to our retirement home, and my church and my gym are the two things (other than friends) that I dread leaving in Westminster.

Please, please, please reconsider!
Thank you!

Westminster, MD 21157

Dear Mayor & City Council Members,

I am at a complete loss for words after hearing that such an abrupt and unexpected decision was made to close the Westminster Fitness Center. However, for the sake of the Center – both those who work there and those who workout there and call that place their second home – I will find the words to express my extreme disappointment in not only the actual decision, but also the process to reach that decision.

I listened to the testimonies that were read at the beginning of last night's meeting and I second every single statement made about the importance of the fitness center and the reasons it should remain open. It is a second family for many of us, but more importantly, it is the centerpiece of our physical and mental health. To take that away and assume we can find it elsewhere is simply preposterous.

I heard many people, in both their email testimonies and in the comments on Facebook during your live meeting, state that they would be more than willing to pay more in membership fees in order to keep the facility open, and I would do so as well. There is absolutely no other gym facility in Carroll County that meets the exact same needs as the Westminster Fitness Center. Between the quality & diversity of fitness classes, the phenomenal instructors, the childcare options (which I don't even need, but still appreciate greatly for those that do!!), and the variety of fitness equipment, there is nothing else that comes even remotely close to being as outstanding as our gym castle.

The benefits of this gym reach far beyond the individual attending. Having that exact facility to lift up, motivate, and inspire each member to be a better version of themselves is a message of hope that goes home with each member and then reaches their families and friends. You cannot underestimate the power of change that has come from that building through the positive influence attendance there has had on thousands of families, and should continue to be able to have in the future.

To make a decision of such magnitude in the bubble of a virtual meeting is very disheartening. Last fiscal year alone, there were 1,525 members, over 51,500 fitness center check-ins, and 31,000 group fitness class attendees. You can't just shut that down when there is no other plan in place to meet those community needs.

I heard during the meeting [Monday night](#) that this is all stemming from concern over the gym's loss of money. What I didn't hear, however, was any evidence that justified why other facilities are being kept open that are also not making money. There was no clear and decisive explanation given for why this most important facility that serves thousands of people every year is on the chopping block rather than some other abandoned money suck project that no one uses or derives any direct benefit from.

I also heard that the building itself will remain open which begs the question how you will produce even more income than gym memberships if you no longer have paying members attending the gym. That question was asked and never answered during the meeting. If that's because there is no answer yet, then the gym should remain open until a better plan is in place,

because right now the only plan is to shut the doors and disappoint thousands of families for no real reason other than the gym doesn't make a profit. I understand that "money makes the world go around" but not everything has to make a profit and there are things in this world MUCH more important than money that the Westminster Fitness Center provides.

It breaks my heart to think that even during this incredibly unprecedented and life-changing time of Covid, that some people still can't prioritize well. Decisions continue to be made based on money, and away from those people that are actually impacted by those decisions, without any concern for the long-term welfare of the constituents whom you are supposed to be serving. As a Westminster City resident, I consider my membership at the Westminster Fitness Center the number one benefit to living within the City limits and paying these much higher City taxes. Making the decision to close the Center without honestly & openly listening to your City residents - and without listening to those outside the city (and even outside the state!!) that come to use this facility - is completely disrespectful of how this process should really look. If I am being completely honest, I wrote this email to know that I did something to try to make my voice heard, not because I actually think it's going to change the decision. The way the meeting was handled last night showed that the people were not really being listened to - first being told that a decision would be made at a later date after more people had a chance to voice their concerns, then later making that very decision during the meeting. Perhaps reading this and other community input will help the City Council realize that there is a better and more socially responsible way to handle this decision-making process. My prayer is that everyone involved will also realize that there are many other much more important factors to be considered going forward, factors that mean the Westminster Fitness Center should remain open as a home for our community.

Donna Yarish
822 Snowfall Way
Westminster, MD 21158

Please keep the gym open it's got everything that people locally need especially the staff is informative and kind makes you want to come back. Please do not close the gym down. It's like a second home to me.

I am writing this to go to the City Administrator with regards to the above gym. Please note that I have been a member of the gym more than three years. It's not as long as many long term members but surely not brand new. I decided to leave Gold's because of the location, classes offered and wonderful working staff which greeted me every time I entered the lobby. You can only imagine how I felt when I heard that the gym was closing. This was without any notice to the members. I have since learned that the gym was not covering expenses (\$200,000 per year) for the past eight years. Again, why were there not any suggestions to make ends meet or compromise. I have lived in Westminster for more than 33 years and have only positive and wonderful things to say especially this gym. It has become like a family to me. Everyone that works there is always making sure the members are happy. They are honest. This place is more than a gym. I am shocked that a decision would be made without asking your personnel and members for suggestions, recommendations or whatever to do to keep this location open. Can someone please explain the reasoning?

Please feel free to call or contact me. Information is below.

Westminster, MD 21157

To Whom It May Concern:

I, like many others, am writing in response to the council's decision to stop funding the Westminster Family Fitness Center. I was unfortunate enough to find out, through social media, of your meeting held on May 4 after the meeting was set to start. I immediately sent a quick email expressing my feelings about the center, my home away from home, but I am sure it was too late. I heard the news that the center was set to close later that evening.

I waited to write this letter because of how overwhelming the tide of emotions was after finding out the decision was made to discontinue the funding of the fitness center. I certainly didn't think it would be best to be brash, be emotional, or be unkind. I know I'm not alone in saying I've cried every time I've thought about it for the past three days. I certainly don't want to be unprofessional when writing about something so important.

Before I get into the true heart of the matter, I'd like to respond to some of the financial issues the council has brought up, in hopes that my opinion will actually be heard.

I work for the federal government, and my first job there was working with budgets. I understand moving money from one project to another and meeting fiscal requirements. I don't envy the decision you had to make. Unfortunately, where I work, there's no way around it. A budget is set and citizens can't raise money to make a difference for any certain project. In this case, for the fitness center, that isn't true.

I don't understand why **no** attempts were made to reach out to the members of the fitness center to try to make things better for the city financially. If you've been keeping up with the petition on change.org, as I have, you will see that we, the members, are willing to take action and raise money to keep our center. We would agree to membership fee increases, annual facility fees, or to volunteer at fundraisers to raise money for fitness center needs. And we would have done it if you'd just asked – we wouldn't have been in this position where we now feel we have to defend what we treasure.

Another fact I've seen mentioned is that about 60% of the members of the fitness center are non-residents. As if that might be a good reason to close it. I'd like to address this issue. Am I a resident of Westminster? No. Am I willing to pay more for my membership because of that fact? Yes. Absolutely, yes. A thousand times, yes. I am willing to pay double what I pay now for the security of my mental and physical health, and the security of the mental and physical health of others. I may not be a resident of Westminster, but the fitness center got me into Westminster. I stopped at the Farmers Market every Saturday after class over the summer. I

left my workout and spent my money supporting Westminster's small businesses. I may not be a resident, but I have supported the Westminster community financially for a very long time.

I am not going to try to make you feel sympathy for me, but like everyone, I have a story. I have stress, like everyone else. And in times of stress, I have learned that it is better to turn to fitness than a bottle, better to do burpees than to do drugs, better to take it out with weights rather than take it out on someone else. Going to my fitness classes, training with our amazing instructors, has helped me in more ways than I can describe. This place is my escape. It gives me confidence. It gives me strength. I am dedicated to my health because of the encouragement of the wonderful people who work there, who know my name, and the other members of the fitness center. I don't know if you've had a room full of 40 people cheering you on while you're hanging from a pull up bar to try to beat your last time, but I have. Being supported is a feeling unlike anything else. I challenge you to take a class there to feel the same way.

I'm sure you've been hearing a lot in the last few days about how this is more than a building, more than a fitness center, more than just a place. It is home. It is family. And it is desperately needed. We would be devastated by this loss.

I am happy to provide any testimony needed to keep the Westminster Family Fitness Center open and I plan to continue to spread the word. We members are pretty persistent – and we've been taught to never give up.

Thank you for your time. Be healthy.

Melissa L. Hill
3853 Fairway Oaks Dr.
Hampstead, MD 21074

To whom it may concern:

I was just informed of a meeting tonight where we could possibly lose our precious fitness center. I am writing to express how important this center is to me. It has changed my life for the positive in more ways than I can explain. The people that work there are amazing and, again, life changing. I wouldn't be able to afford a place to work out if it weren't for this center. It has been a huge part of my life and the life of many others and I am already realizing the mental affects of not being able to attend. Please please please, if you have any sort of care for mental and physical health, do not let this center close.

I am happy to provide any sort of testimony necessary for this place that means so much to me. Please show you care.

Thank you,
Melissa Hill

Steve and Gretchen Brownley
518 Uniontown Rd
Westminster, MD 21158

Dear Westminster City Council,

I was told yesterday that you were considering closing the Family Fitness Center. Please don't.

My wife and I have lived in Westminster since 1970s. We both taught Middle School in Westminster for 30+ years and have had a long, positive relationship with this facility. It is also used by my daughter and her family and my son and his family.

We love the building for yoga classes, fitness equipment and the like but mostly for the personal relationships we've built with the staff and other members like ourselves.

Please try and find a way to keep this amazing part of Westminster during this tragic but temporary financial downturn.

Thank you.

Brian Wayne Sanders
99 Liberty Street
Westminster Md 21157

CLEARLY the City of Westminster Mayor and Common Council Special Meeting is taking advantage of the current quarantine situation to make a decision affecting a LARGE number of people and families in the community without actually consulting the people and families they serve while it is practically impossible to even attend said meeting or submit relevant and timely input. There is no equally affordable facility available to community members; ESPECIALLY families. This will be a devastating blow to those who are members and consider this Family Center Community not just as a place for families to utilize, but a place where the members have truly become family. The Family Fitness Center needs to remain open and available for families after quarantines have been lifted. The argument that there is no room for this facility in the budget is ABSURD, ESPECIALLY when MILLIONS are being spent to purchase and renovate various properties and purchase insanely expensive furniture for said offices. Decisions are clearly being made to benefit friends of the mayor and not the community at large. It is also reported the Mayor is in favor of closing the Family Center to benefit his friend who is the owner of "The Gym," and because another council member prefers Planet Fitness. Neither of these facilities is even a pale substitute for the Family Center, and a membership at the YMCA is twice as much money. Removing this valuable and affordable resource from a community with already extremely limited resources is a horrible decision for Westminster constituents.

Further more, you should all be ashamed of yourselves the gross overspending on things that are just NOT NEEDED and then taking these cowardly measures to fit your personal agendas.

**George Christiansen
10 Webster Street
Westminster Maryland 21157**

I'm writing to say that the westminster family center shouldn't be closed. I feel that it's such an asset to the community. My daughter and I have been going there for years ,since I would carry her in her car seat. Everyone there has been nothing but completely caring and loving to my daughter and I. I know I wouldn't be able to find such welcoming environment anywhere else. The family center provides such a sense of attachment to the city of westminster.

**Jennifer Shoe
992 Mountaineer Ct
Westminster, MD 21157**

Good evening,
I am concerned that there was a hearing about the fate of the Westminster Family Fitness Center. As a long time resident of this area, the fact that the Center is even up for discussion is a terrible blow to the community. The Rec Center is central to so many activities and the physical well being of me and my family and so many families within the community. It is affordable and welcoming. It is a family. I, personally, would be devastated if the Rec Center closed.

**Carol Brown
806 Gist Rd
Westminster, MD 21157**

Hello,
I recently read about the decision to close the fitness center. I would like to record my disagreement with the decision. Given the current health conditions I think it is important for people to feel there is a community still there for them. Financial issues can be addressed. Just takes some outreach and communication which it doesn't seem to have been done. Members are very supportive of the gym. The employees are exemplary. Why not create a task force to come up with some possible solutions?

Denise Laird
1110 Tall Pines Drive
Westminster, MD 21157

Hello! I was able to catch part of the meeting the other night.

1. What is the timeline on this possible closure?
2. I'm sure it's expensive to run this and maybe you have been operating in the red. Then why not be proactive and make changes like raise the membership cost? See about grants? Ask members for their ideas? Do some fundraising? Etc? If you've been in the red then this should have been being talked about years ago.
3. What does this mean for the Westminster Children's Summer Camp?

Thank you for your time and attention and answers to these questions. Please do not close this facility. People/Families need this for their physical and emotional well being. This brings people downtown and these people shop there and help bring money to the town.....even money to parking meters! Please reconsider this possible closure.

Thank you,

Heather Baugher
600 Poole road
Westminster, MD 21157

I would like to express my concerns for the possible closing of the Family fitness center at the Armory where so many families participate in gym class and individual training. This is a true asset for our community that provides a great family atmosphere and is much needed for many.

I hope there is great consideration given to keeping this open.
I'm also an employee at Knorr Brake company which many of our employees use the facility.

**Samantha Smith
538 Rich Mar Street
Westminster, Maryland 21158.**

I am a citizen of Westminster and a user of the family fitness center a couple of times a week prior to the closure for Coronavirus. Through social media, I am hearing about the potential closure of the facility. I am sure that you would not make a decision without further investigation, review, and comment from the city residents. I can tell you that the family fitness center is a vital and valuable resource for our community. My teenage children and I enjoyed working out there together without the pressure and status issues that come from so many other gyms. It is great to see all ages of citizens exercising together. The fitness center is truly being used by such a cross section of our population. It is one of the few resources that older citizens could enjoy - they aren't using the playground or the skate park. Some of the more traditional gyms are out of reach for many - both monetarily and psychologically. Now more than ever, people need places like the fitness center - a place that fosters health and well-being and a sense of community. I am very hopeful that the information out there is wrong and that closing the fitness center is not truly slated to occur. If there is consideration of that, I would implore you to re-evaluate that approach and look at ways that the fitness center can continue to operate. I am sure that there are many competing claims for city resources. But this is one that needs and deserves high priority.

Thanks for your consideration.

**Tanya & Terry McDonald & Family
185 Alymer Ct
Westminster, MD 21157**

I cannot believe I woke up to more bad news in our community. We are dealing with a the COVID19 pandemic and losing so much of socializing, income, and family members to this horrible pandemic and NOW THIS! My family has been a member of the gym as long as it has been open which I believe is at least 25 years. My family knows nothing else but going to the gym on a daily. My kids are avid basketball players and have a hard time finding a gym to work out in and now their losing another opportunity to play the sport they love and to work on their game to get to the next level. It's a FAMILY CENTER which says it all and its affordable for families to be able to go and have child care for their kids while they workout and get healthier. My kids grew up in the daycare at the gym and loved Miss Barb, Eva, Nikki, Deb and all the other wonderful ladies that have watched our children. It's like a home where you go to gather and get healthy and check in with familiar faces and make new friendships. Our community needs the Family Fitness Center and you need to reconsider this decision. You could raise your rates to take care of the deficit just make us members aware of the struggles your having and we will make the adjustment as needed, but just don't shut the doors thru a pandemic crisis. That's a panic move and our city leadership is just throwing in the towel and not looking at all the options first or at least trying to make an effort to save it. There are always hurdles, expenses, debt and unfortunate situations in business, but at least make every effort you can to make it work out before you just close the facility. Your employees are affected and some have worked their the entire time it's been open...Shelly & Eva have been there since the beginning. I can't imagine what they are feeling right now. I am sure very let down and unappreciated as a loyal employee who loved what they did and were always willing to do whatever for the Family Center with a SMILE! I hope you take all the emails you receive today

and in the near future to reconsider your decision and try to give the community and the members to make up the deficit needed to sustain the Family Center operations. DON'T GIVE UP!!

Reconsider,

Thanks and I hope to hear from you soon to let us ALL know this is not going to happen! We have to be able to do something different to take care of the city employees salaries, repairs and deficit. Also I read that the city received the building from the armory for only a \$1 sale stating that it must stay as an operating center? Is there anyway you can have this looked into by the Mayor/Council. If it is in writing at the time of sale then how can the City close these operations. Please let me know what findings you learn in detail so as a member and a city resident I understand what the City is legally able to do.

Best Regard and Stay Safe & Healthy

Hello,

It is unfortunate to hear of the proposed closure of the Westminster Fitness Center. This has been a community center available to all for many years. However, I do believe that there are many reasons for it to remain open.

I will start with discussing numbers, as I am sure is what we are most interested in. The gym has been running under a deficit for years now. Yet nothing has been done to change that. Many proposals have been made and have been blocked in past budget meetings. On page 17 of the meeting notes from "City of Westminster, Maryland Fiscal Year 2020 Budget" it states that "The Family Center has been operating at a deficit for at least the past five years and General Fund Revenues for FY 2020 assume an adjustment in membership rates to begin the process of closing the deficits" yet this was never initiated. Why was this never initiated. For sake of this argument let us round membership to 1,000. If members adhere to the \$40 annual maintenance fee on top of a membership fee raise of \$20 each a month and all members are retained the revenue would be increased annually by \$280K which easily eclipses the deficit outlined of \$209K. Let's say that your counterargument of driving away members with a price raise affects us and 25% of our gym members cancel. That allows for a \$210K revenue still eclipsing the deficit. This \$209K deficit does not disappear with the cancellation of 1600 members' Fitness Center. This can only happen if a new entity is initiated immediately in this space and is able to generate revenue quicker than having 1600 citizens paying into it on a monthly basis.

Now we need to check our priorities together. We are concerned about the deficit that they fitness center has been bringing in for five years but in reference to our pool that we are maintaining for the 3 month usage: "total costs are expected to be \$2,955,500, with funding provided by a bond issuance through the Maryland Community Development Association. Future debt service is expected to be paid from a combination of increased pool revenue and real property tax revenues. Useful life is 20 years. The impact on future operating budgets is maintenance of filtration system, pool, and buildings. Debt service is expected to be about \$185,000 per year for 20 years." This is quoted from the document "City of Westminster, Mayor and Common Council Fiscal Meeting" On Monday May 4th 2020. Twenty years of debt for something that can be used 25% of the fitness center's use does not seem to be the better

option here.

This community center is a home to many. The only gym they have gone to. The only daycare children have experienced. Many members have been members for years, with some having attended since they were children in the daycare themselves. Generations of Westminster citizens have used this center to come together as a town and support one another in financial, spiritual, emotional, and physical endeavors. Individuals are living in the Westminster area for this very community center. It is drawing residents and keeping residents which in return is helping our community thrive. It is drawing active members to our community. Members who want to volunteer their time for community events when they could be home with their families. People love Westminster because of the Westminster Fitness Center. Everyone feels welcome upon entrance no matter what stage of life they are in or what their career is. People attend this fitness center daily and view it as essential.

This community center is a cornerstone of the community. The staff is like no other staff at any other fitness location. They are here for the long run and put in their best efforts to promise you feel welcomed and like you are in fact family. They are your main volunteers at every city event that is put on: the wine stroll, the ninja warrior course, the beer and BBQ stroll, fall fest, oyster stroll, fun runs in the fall, winter and spring, the entire month of July where Parks and Rec month celebrates with daily events, the flower and jazz festival, the Irish festival, St. Patrick's day 5k and many more. They have volunteered their time as well as other fitness center members. They have volunteered this time in the pouring rain, in 100 degree weather because they love their city and they love "repping the Rec."

The pride that I have felt in my community is like none other. I came from a small town in western Maryland and moving to Westminster seemed like the closest thing to "home." I was here an entire year before I discovered the fitness center. I was so proud of my new hometown when I discovered this amazing building, the people that it housed, and the events that these members seemingly ran with ease. I felt like this was an amazing thing that this city was doing with this gorgeous old building. Reusing it in a way that brought so much light to this new home of mine. This fitness center introduced me to the downtown area. Shops and Restaurants that were merely billboards or ads on facebook before I joined this amazing center downtown. I was obsessed with bringing my friends from home to visit. I would show them how adorable my new town was after having them adhere to a beating in an "anything goes" Saturday class. Its hard to put the pride into words here without getting emotional. My small town was my home, but the fitness center and the bonds I formed immediately made me feel like I had made the correct decision with moving to Westminster and had in fact found a new home.

Its hard not to walk around town after a workout. Your happy and feeling accomplished and surrounded by welcoming humans. This community center provides much more than a place to workout. Here come some more numbers and money for you. The last week in February our fitness center had 1268 entries. This is on the brink of a pandemic mind you. People were already being cautious and still that number is large. That is 1268 people who frequented the downtown area of Westminster in just that week that may not have had this fitness center not existed. That is 1268 people who may have decided to run an errand shortly after in our city of Westminster. That is 1268 people who got to see just how amazing our downtown area truly is and decided to invite a friend to come take a walk with them later. That is 1268 people who went to Jeannie Bird and bought a \$6.00 tea. If all them popped in to buy a tea that is \$7,608 gained by that local business. That is 1268 people who went to lunch after they worked out at one of our many amazing restaurants downtown. If 1268 people all got a \$12 lunch at Rock Salt that is \$15, 216. Are our small business ok with walking away from these amounts? This is merely one week. If our members alone eat that \$12 lunch at Rock Salt and continue with the 1268 visits in total every week that is \$791,232 a year. Which is an extreme eclipse of the deficit the fitness center has been running. Are we sure that this would be a positive outcome for all involved in supporting our city? Let's just say that the 1600 members all

spend \$10 a month downtown just once, that is \$192,000 a year generated off of a random once a month treat. These numbers would not exist without our members being drawn into the city. If not for the money than for the presence. We are the population that you want to see walking around downtown. We are the population you want using the city park. And we do just that, after we attend our beloved fitness center. Food, shopping, and recreation is all a walkable distance from this community center. We are a thriving community center that is so needed in a city like Westminster. Needed by all populations and accepting of all populations.

In closing, I speak to you Mr. Mayor. In 2017 you received 561 votes to put you into office. When you look at our enrollment numbers at the community center 40% of the 1600 members that we have who reside in the city brings us to 640 members who live within city limits. We have more members within our community that you would displace by closing this community center than individuals who voted you into office in 2017. This will define your term. Is this how you want your hard work remembered?

Manchester MD 21102

Good afternoon,

I am writing this email to please ask that you reconsider closing the Westminster Family Fitness Center. This place has been more than just a gym to me and my family and I, along with many others, will be devastated if this remains the case. I, along with several of my peers, am willing to pay a higher monthly fee if this would be something that would help make the decision to keep it open.

Thank you for your time and I hope you please take these things into consideration.

Jesse Smith
731 Mulligan Lane
Westminster, MD 21158

Good afternoon,

I was able to catch the conversation around the Westminster Family Fitness Center in the special meeting on Monday and was disappointed with the lack of creative discussion around how to make it financially solvent. My understanding from watching is this was a working session which seems like the exact setting to dive in and brainstorm potential solutions to increase revenue and/or reduce cost. Instead there was one swipe at a proposed solution; a \$40 annual fee and a \$5/month rate increase, which although not very aggressive still would have cut the deficit in half. Why not toss around some more aggressive ideas like a \$15 or \$20/month rate increase? Either of those would erase the deficit completely, adding \$180k or \$240k in revenue respectively.

Here's one option in detail (assumes 1000 members as mentioned in the meeting):

- implement the \$40 annual fee as discussed
- increase all member rates by \$20/month
- if all members are retained you increase annual revenue by \$280k, easily eclipsing the projected deficit of \$209k
- if the price increase drives away 25% of members, the \$210k in additional revenue still covers the projected deficit
- all of this is without even digging into the expenditures, which may present additional cost saving opportunities
- the \$209k deficit does not disappear if the fitness center is not immediately replaced with a new entity capable of generating revenue more rapidly. The sunk cost associated with a closure needs to be considered in that conversation (i didnt hear anyone ask/say what does the entity cost us if its dormant)

A specific case study (me):

- i have a wife and 3 kids (ages 1 to 8)
- we take classes at the gym all the time and utilize the childcare
- without the childcare we would be able to attend approximately 0 classes a year
- i currently pay \$45/month for everything
- my new cost would be \$65/month
- as far as i can tell, the only comparable options within a reasonable distance are \$70 (The Gym) and almost \$100 (YMCA)
- if the Westminster Family Fitness Center implemented a \$40 annual fee and raised my rate to \$65/month they would retain my business without hesitation and I doubt I am an outlier

A Suggestion/Proposal

- Leverage this lockdown period as an opportunity to do a legitimate survey with current gym members, asking them if they would retain their membership if a \$40 annual fee and \$20/month rate increase were implemented
- overhead during this period of inaction has to be nearly identical to what it would be if closed (considering no labor cost), so there is no significant cost to delaying a closure while more information is gathered
- if over 75% say yes, they would retain their membership, keep the fitness center open while closely monitoring the financials
- if there are not enough yes', the Mayor and Common Council can move forward with the

proposal to close knowing that they did the appropriate due diligence and honored the voice of the citizens

A real opportunity exists here for the Mayor and Common Council to show that the voice of the community matters. They can also make some money in the process with very little risk. It's a win win that I would love to see the Council consider.

Thank you in advance for your time and consideration.

Julia Smith
731 Mulligan Ln
Westminster, MD 21158

Hello,

My name is Julia Smith, I live at 731 Mulligan Lane (21158). I am writing in regards to the most recent city meeting and their decision about closing the fitness center.

My family has been a member for almost 2 years. The decision to close is really upsetting to us. The gym has become part of our weekly (almost daily) routine. It is such a valuable resource to the community. As a member, I know we would be committed to paying an increase, (the meeting had mention of \$5 increase.) I would pay even more than that; I know a lot of my fellow gym community would too.

Corey Hardinger
5245 Old Hanover Road
Westminster, MD 21158

Good evening,

It has come to my attention that there is a possibility the Westminster Family Center may be closed. I am writing in support of keeping this wonderful facility open and available to families in and around Westminster. Although I am not a current member, the gym was a very important and special part of my early years as a mom. My oldest child, now 19, started attending the childcare room at the age of three months. The staff that cared for him gave me an opportunity to work out safely and with out fear for his safety. He was loved and cared for in a way that I will always cherish. Over the next 8 years, my other two children also got to experience the childcare room and the same love and affection. In addition, the fitness facility provided me and hundreds of other moms and dads a safe, non intimidating and also affordable space to work on our own fitness goals. To this day, the gym remains a clean, safe and reasonably priced gym for not just those who exercise, but for entire families. I made life long friends at the gym, and my kids are still friends with some of the children they attended childcare with. Please continue to support this wonderful and important facility!

Lindsay Dell
975 Sullivan Rd
Westminster, MD 21157

Good evening,

Within the last hour I have gotten word that one of my most favorite places is being threatened to close. I have attended this gym for the last two years, along with bringing my daughter to the daycare. This gym has been our home, our place to work out, support each other and most of all stay healthy! Why would you want to take that away from so many people in this town? I have so much more to say, which I will in a follow up email. I just wanted to get this email in before the 5:30 meeting.

PLEASE DONT CLOSE OUR GYM!

Stephanie Fogarty
1208 Jo Apter Place
New Windsor MD 21776

To whom this concerns,

My name is Stephanie Fogarty and my family and I are members of the gym that is Westminster Rec. I beg you to NOT sell or close down this establishment! My family and I have been members at this gym for 4 years now and not only have we developed relationship and friendships there, it is a place of comfort for us. It will effect every single member of our family! PLEASE keep it OPEN! Do not take away such a vital and important place that not only helps me/us physically but mentally as well! Thank you for your time.

Susan Kachur, LCPC
Suite 211
Longwell Building

Please don't close the family fitness center. Many of the business people in the Longwell Building such as myself rely on this facility. It's a vital part of the downtown landscape. No matter what time I go, there are always people in the gym and it runs like a family with many regular users on a first name basis with each other. It's a slice of Carroll County serving many professional people as well as less advantaged people from the community. The gym would be deeply missed if it closes.

Please let me know if I can answer any questions or further advocate for the family fitness center.

Tori Nefores
4725 Hoffmanville Rd.,
Manchester, MD 21102

I was shocked to hear of the sudden possible closure of the Rec. The Westminster Family Fitness Center is my home away from home and the thing I was looking forward to most after quarantine has ended. Please don't shut it down. I know many members, myself included who would do anything to keep it open...fundraisers, raising membership fees, etc. There is such a great sense of community love there and to see it go would truly be a loss to all. Help us find a way to re-open those doors when the time is right.

Denise Laird	westminster, MD	2020-05-05	"Downtown NEEDS this! This brings people downtown and that means money for the town. And people are healthier and happier when exercising. Raise the membership cost a bit. Reach out to the people that go there and ask for their suggestions. Don't just close

Name	Location	Date	Comment
			without exhausting allOther possibilities. Maybe there's a grant out there that can help."
Lizette Kennedy	Westminster, MD	2020-05-05	"Been a member 20 years. It's a great place for families to maintain a healthy lifestyle. My kids have been working out there since they were 12 yrs old and they are adults now and we still get together for family workouts. I feel that it's vital to the members of the community that want to be healthy and fit to have an affordable fitness center."
Kathryn Lahman	Westminster, MD	2020-05-05	"This is more than a gym, it is a community. Although the Westminster parks and rec is not just the gym, everything that is the quality of this city is centered around this community based facility."
Sarah Delaney	Westminster, MD	2020-05-05	"As a resident of the city of Westminster, I implore our government to retain The Family Fitness Center. It is so important to so many membership and tax paying residents who need a safe and convenient place in our town to be active! Sadly, despite some not wanting to admit it the town continuously battles unsafe areas where loitering, littering, graffiti, drug and alcohol abuse take place. This limits centrally located areas where families and individuals feel safe exercising. Why would the towns government consider removing such a positive place that promotes exactly the opposite activities, is heavily used year round, and adjacent to the city park grounds which also promotes family and individual fitness and activities both indoor and out? I sincerely appreciate working to an annual & multiyear budget plan however town residents are already contributing to and watching things take place like the renovation of the old BB&T for new city offices, please leave the one community centric building left that is FOR"
Randy Randy	Westminster, MD	2020-05-05	"Not only because of the gym itself but the Rec leagues and kids summer camp."
Ashley Minnick	Dallas, TX	2020-05-05	"I'm signing because this is an important place to everyone in the community. A place like this can be a safe haven for anyone in need of a safe place to go to. #savetherecenter"
Vincent Crocker	Westminster, MD	2020-05-05	"My family needs this place."
Víctor Gomez	Westminster, MD	2020-05-05	"I need thid gym to be in shape okey ♦ive been coming this gym for 14 years"
Jordan Chiaruttini	Gettysburg, PA	2020-05-05	"All my friends are sad they their gym is shutting down"
Lisa Meerdter	New Windsor, MD	2020-05-05	"We need to keep facilities like these open for our community."
Mark Truax	Westminster, MD	2020-05-05	"We have participated in Summer Camp for years as well as many other activities such as Easter Egg Hunt!"
Kristi Wilson	Gettysburg, PA	2020-05-05	"This facility has become a large part of my life. There are no other facilities in the area that offer the quality classes, childcare and staff that the rec does. We are a tribe, a family and it is a disservice to the city to lose a place where families can gather and be healthy. I may not live in westminster but i do all of my shopping in town and frequent the small businesses. My children go to school within the

Name	Location	Date	Comment
			city limits. Revisit the finances and search for ways to keep it open instead of making the decision to close. Please make overall health and wellness a priority."
Amy Vile	Reisterstown, MD	2020-05-05	"We push ourselves to achieve here. We become stronger and healthier, we build a better of quality of life, we make vital connections with others as they push us to be better and discover what we are capable of."
Shannon Sheehan	Westminster, MD	2020-05-05	"Keep the family fitness center!"
Robin Grandel	Randallstown, MD	2020-05-05	"We need this in our city!"
Lisa Hardesty	Westminster, MD	2020-05-05	"I sign in support of the class instructors and the many people I know that take and count on the classes."
betty waight	Westminster, MD	2020-05-05	"The rec center offers a positive environment to our community in general, it serves the majority of citizens in many ways. My children attended the summer camp, became camp counselors and were hired to work at the Rec. my entire family as many other families, have enjoyed the endless opportunities that it offers not found anywhere else in the community. There has to be a way that the Rec can continue to operate. Please reconsider your decision."
Lynne Stuparek	sykesville, MD	2020-05-05	"This center is well used by the community. Pls save it!"
Whitney Miller	Westminster, MD	2020-05-05	"I'm very disappointed with how "leadership" handled this situation; from not being upfront with this topic to their clear disinterest shown during the video meeting while residents shared their emotional pleas. They made this decision without input from those who are served by the fitness center, because they had already made their decision prior to the meeting. There is no reason why \$3 million can be allocated to the pool and not even an attempt can be made to help the fitness center. A lot of ideas were suggested by the community and dismissed."
Kristen Brinkerhoff	Miami Springs, FL	2020-05-05	"Kristen Wiebe"
Rebecca Dawson	Milford, NJ	2020-05-05	"I moved here from NJ about 2 yrs ago where I lived in a town with a community center very similar this one. I researched to find a home close to a community center that is why I'm here in Westminster. I love the sense of community at the rec center. I loved it right from day 1. Everyone made me feel so welcome and quickly became my new gym family. To me it's like belonging to a specific church. It would be such a shame to not try and keep the center open after it's been around for so long. The rec center I belonged to in NJ was in a very very small community and they managed to keep it running. Please try and figure out a way to keep it open."
kim simmons	manchester, MD	2020-05-05	"The community needs this"
heather clark	Westminster, MD	2020-05-05	"This is more than a gym. It's employees and patrons all volunteer for downtown Westminster's functions. We are a family and proud of our community. This abrupt decision, before trying to resolve it

Name	Location	Date	Comment
			with other means, is not a good way to give back to the community it is designed to serve."
Julia Wright	Manchester, MD	2020-05-05	"This is a stable business in down town Westminster! Please keep it running for the sake of our community!"
katie mckay	Ellicott City, MD	2020-05-05	"We dont use the gym but we use the pool membership and pavilions every summer. Dont take this away from us!"
Garrett Nusbaum	Westminster, MD	2020-05-05	"This gym means a lot more then just lifting and playing basketball. This is a place you call home when you wanna be alone and that's this place for me"

Tracy Bowman	Hampstead, MD	2020-05-05	"I'm signing because my husband and kids use this facility for basketball and a lot of my friends, take classes, teach classes and work out here, there aren't any places like this, keep it!!!!"
Kathy Keller	Westminster, US	2020-05-05	"This gym is very important for families and children. It is a family of people and the heart of the town. It will even affect kids who have sports practice with coaches for private training. It must stay open !!"
Richard Biggs	Baltimore, MD	2020-05-05	"Not transparency of government actions. An outrageous thing to do when we are ordered to stay home and you conduct public business when we have no say. You may think you are essential personnel, but wait for election time. And we have a long memory."
Ivy Allgeier	Westminster, MD	2020-05-05	"The community needs an affordable place to stay healthy."
Carly Crocker	Westminster, MD	2020-05-05	"I would literally pay double my membership fee to keep this place."
Brian Sanders	Westmimnster, MD	2020-05-05	"I've been using this gym since it opened. My kids have been essentially raised at this gym. My wife worked at this gym and we've made the best friends and family at this gym. The rec is a staple for n Westminster and it attracts people from all around due to the culture it's created."
Wendy Hundertmark	Westminster, MD	2020-05-05	"I love using the gym and want it to stay in our community"
Debbie Jaco	Westminster, MD	2020-05-05	"Why shut the doors on the Westminster Family Fitness Center? It offers so much to the people of Carroll County. From a schedule filled with a variety of classes, child care, and truly special employees, This will be a tremendous loss to our area. I'm at the center on a weekly basis, but have also worked out at other gyms. The Family Center, by far, makes everyone feel very welcomed. It is truly a special place. Why not ask members if they are willing to continue their membership if there is an increase in the monthly fee, a yearly maintenance fee added, possibly charge a fee for child care? Please do what it takes to keep the center open."
Becky Myers	Westminster, MD	2020-05-05	"I feel the city can make a better effort to find a solution to keep it open. From raising rates moderately to grant funding to cutting waste in other budget areas, officials owe it to the members and the community. Possible auxiliary uses for the center(rental for events, special classes etc) could create additional revenue. Please take the time to put together a solution that keeps it open - instead of the easy way out that will leave a void in the city."
Judy Musgrave	The Villages, FL	2020-05-05	"I have family that uses that facility."
Samantha Lowe	Monroe, US	2020-05-05	"I grew up in Westminster. The gym has grown and evolved though the years, but it's still an important part of the community. To abruptly close is to shut down the voices of the community. Surely such a beloved community staple is worthy of a little creativity on the council's part, instead of writing it off so quickly. Does the council ignore the community in other areas? This is a serious blow to the community's trust in leadership."

Name	Location	Date	Comment
Gabrielle Collins	Sykesville, MD	2020-05-05	"I'm signing this because for 5 years I've put my heart and soul into the Family Center. I've brought all type of people together with one common goal! Being a Better version of themselves. This has far surpassed what I could have ever imagined. The members and the Staff are my friends my family and my TRIBE."
Brian Doan	Westminster, US	2020-05-05	"My son and daughter use the gym for their league's basketball practice year round, but especially during cold months to keep them active. Great central location for the community, and is always busy, so definitely a well valued place."
Christa Griffin	Dagsboro, DE	2020-05-05	"I used to live in Westminster and this facility was a great affordable place for my family. I still have many friends and family in the area. I believe this facility should be saved as a resource for local families."
Jeanne Cox	Westminster, MD	2020-05-05	"This building has been part of downtown Westminster since I used to come here with my parents over 60 years ago. It's part of Westminster's history."
Anthony Parrish	Westminster, MD	2020-05-05	"First gym I ever went to, all throughout high school this was the place to be for pickup games on rainy days"
Paula Rayner	Westminster, MD	2020-05-05	"This is an important part of the community in Westminster."
Deborah Gemmill	Hanover, PA	2020-05-05	"This is an affordable community gym with all of the flavor of community - a no judgement gym with a caring staff, & a beautiful historic building. More people don't need to be losing their jobs now especially with our world's crisis. Surely money can be found to support the continuation of the Family Center."
Kathy Firman	Westminster, MD	2020-05-05	"This GYM is more than a building. It's a family. I love the instructors, the staff and the members. We truly care and encourage each other to become a healthier community."
Denise Whitecotton	Westminster, MD	2020-05-05	"The need for exercise & recreational activities is important for both adults & children"
Linda Goodman	Manchester, MD	2020-05-05	"I'm signing because we were members and plan on joining again. Best place to have a family membership!"
Robert Roys	Westminster, MD	2020-05-05	"The city of Westminster needs amenities like this. As a city resident I am very disappointed with this decision."
Larry Bloom	Sykesville, MD	2020-05-05	"It is an important part of the community"
Ashley Fisher	Westminster, MD	2020-05-05	"The fitness center is more than a gym - it is a community center. A hub of Westminster. It brings together families in a welcoming and positive atmosphere. It brings families to the downtown area. We play at parks after the gym, grab local coffee, and have lunch at small businesses. Our children enjoy all of the fun, family offerings every summer. It would be a disservice to the community to not attempt to even try to make it work."
Larry Fritts	Finksburg, MD	2020-05-05	"Although I am not currently a member, I spent my years at this facility and developed many life long friends. It's not the fanciest"

Name	Location	Date	Comment
			gym I've belonged to but it has some of the best people you will ever meet in both it's members and employees. I know all of your current members would be more than willing to spend more each month to remain at WFC and I personally feel that option should be pursued in lieu of just closing the doors. Keep lower payments for city members and charge higher rates to members outside the city - that would be understandable and would be easily tolerated by your members. Such a sad thought all the wonderful employees losing their jobs over a government that is only looking at the bottom line. So sad."
Karen Naganna	Finksburg, MD	2020-05-05	"As a medical professional working in this community I strongly feel that it would be detrimental to close this wonderful place. It is much for than a gym. It is a place where people can come together and have a real sense of community"
Karen Petr	Finksburg, MD	2020-05-05	"The fitness center is an affordable place for any one who is not able to afford a fancy gym I am sure members would be willing to pay more to keep it open Sue Petr"
Nathan Fisher	Westminster, MD	2020-05-05	"This is no ordinary gym. Its seriously one of a small number of things I really love about this city. Don't let it go due to shortsighted leadership. Please!"
Joe Francies	Bradenton, FL	2020-05-06	"I grew up playing there"
Brenda Anna	Riverdale, MD	2020-05-06	"Though I don't live in Westminster, I am fond of the community. This is a valuable asset, especially for those who are on a fixed income. If it makes Westminster better, it makes Maryland better."
Elizabeth Galaida	Edisto Island, SC	2020-05-06	"I used to live in Union Bridge. I went to the Family Center several times a week. It's a wonderful place! Please don't close it."
russell corbett	westminster, MD	2020-05-06	"This facility is a " home away from hone" for many people.. One great "family" style gym. It serves the community in many ways .Pretty Sad the local government is shutting it down without citizen input.Government should act for the needs and desires of its citizens.."
Iiz Gibson	Westminster, MD	2020-05-06	"Because the people work and work out here is family"
Aaron Smolin	Westminster, MD	2020-05-06	"I used to go here all the time and this place is awesome!! The town would not be the same without it. Nice people work there and it was a nice place to have fun and hang out"
Samaria Giles	Union Bridge, MD	2020-05-06	"My kids absolutely love playing basketball at the rec! Please everyone sign!"
Karen Bates	Sykesville, MD	2020-05-06	"The rec center is an important part of our community!!"
Karen Monroe	New Windsor, MD	2020-05-06	"Karen Monroe"
Tammy Baker	Westminster, MD	2020-05-06	"It's a great place for the community"
Dana Twardowski	Washington, DC	2020-05-06	"This is very key to the city"

Name	Location	Date	Comment
Roy Woody	Delaware, OH	2020-05-06	"Let's do this"
Anthony Flowers	US	2020-05-06	"I'm signing because this is WESTMINSTER"
Mark Karukas	Westminster, MD	2020-05-06	"It's the right thing to do!!!"
Abby Otradovec	Westminster, MD	2020-05-06	"I have been going to this gym consistently 3-4 x a week since October 2018. This is THE ONLY GYM I HAVE EVER JOINED THAT I HAVE ACTUALLY GONE TO .I love the people here. I love the classes and the instructors here. They support you and make you feel included here.. i feel at home here and the classes have made me stronger and more fit. This is my home and these are my people. They have helped me so much in my fitness journey.This Rec center helps so many people All.ages and levels .Please dont close it down"
susan erat	Glen Burnie, MD	2020-05-06	"This is an important center for all ages. It's time to think of the over 40-50 she group in communities."
Stephanie Jackson	El Paso, TX	2020-05-06	"Small business matters"
Shelley Dayton	Westminster, MD	2020-05-06	"I want options that I can afford."
deb covington	taneytown, MD	2020-05-06	"It's a great gym"
Stephanie Walter	Westminster, MD	2020-05-06	"This rec center has been a part of Westminster for many years. A lot of people from the community utilize this facility and it is part of festivals and events too."
kimberly clayton	Eldersburg, MD	2020-05-06	"This place as been a life saver for my son and allows him to pursue his dream with basketball. Not to mention it's a great location to where him and his friends can go and have fun yet be safe !"
Wendy Hillary	Sykesville, MD	2020-05-06	"This is a great establishment. This is wonderful place for our community and our youth!"
Kathryn Milne	Westminster, MD	2020-05-06	"How can our local government shut down our rec center here in Westminster when so many of our citizens wish for it to remain open?! It serves our needs and therefore, will make everyone happier. Shouldn't it be all about satisfying the citizens in this outstanding county? Families love using this facility because it's a wholesome environment. And when visiting the gym, the employees always, and I mean always, welcome you! It's so warm and inviting and you're not treated like a number. The employees take an interest in your needs. And I'm always hearing favorable comments about the instructors. Closing the gym will certainly disappoint many people. Our town needs this facility!!"
Laura vonella	New oxford, PA	2020-05-06	"I love my nephew"
Jennifer Armstrong	eldersburg, MD	2020-05-06	"Jennifer Armstrong"
Krista Viel	Westminster, MD	2020-05-06	"I switched to the family center on recommendation from a friend. She commented on how great the classes were and how much effort instructors and trainers put into their classes and workouts. When I joined, I experienced first hand how amazing the classes

Name	Location	Date	Comment
			are. The instructors care about each client. They and all other staff members make an effort to know your name. You feel welcome. It's a place where a new member doesn't need to feel intimidated. I love that the gym itself is cozy and doesn't have to be over the top with extreme equipment. Overall, the atmosphere, members and employees are incredibly supportive and welcoming. I would be willing to pay a higher fee for the family atmosphere."
Rebecca Kepner	Westminster, MD	2020-05-06	"We need to continue to promote and provide health, fitness, and wellness in the town."
Katelyn Hohman	Owings Mills, MD	2020-05-06	"I just started working out here and I love it!"
Trevous Johnson	US	2020-05-06	"Grew up spending countless hours in this building. Weather participating or supporting others. Keep this alive."
Carol Grooms	Westminster, MD	2020-05-06	"It is valuable landmark and useful to the community"
Ryan Angell	White Pine, TN	2020-05-06	"History and community"
Lisa Johnson	Eagle, CO	2020-05-06	"The people involved with the rec center from day have always been dedicated, friendly and committed to provide the very best for the community. People could get a great workout at a very reasonable price. To see this place close would have a huge impact on the people of Westminster."
Tina Stillman	new port richy, FL	2020-05-06	"This place was home to me growing up."
Chelsea Simanski	Westminster, MD	2020-05-06	"The rec has always been an amazing place in Westminster. Don't take the rec from our youth."
corey hardinger-wilt	westminster, MD	2020-05-06	"This facility is important to our community and benefits many families, especially those with young children."
dawn purtell	westminster, MD	2020-05-06	"this is a family rec center in a historic building with lots of recreational and healthy activities at a reasonable price for local families. please preserve it and keep it open"
Michael Wilhelm	Hanover, PA	2020-05-06	"This was a major part of me growing up . And out of trouble after school."
Susan Belt	Westminster, MD	2020-05-06	"I think this fitness center is great and makes me feel a real sense of community!"
Kimberly Molesworth	Nottingham, MD	2020-05-06	"Go for it! I no longer live in Westminster, but feel this is a valuable community asset."
Madison Ridgell	Westminster, MD	2020-05-06	"I may no longer be a member of this gym due to me moving, but it has always been a home. I remember growing up there. My Mom and Dad would workout but first drop my sister and I at the day care, where at the end we didn't want to leave!! Then as we got older, we got our own memberships! This place will forever hold a special meaning in mine and many others hearts!!##### It needs to stay"

Name	Location	Date	Comment
Mary Eastwood	Westminster, MD	2020-05-06	"We have been members since 2001! It would be very sad to lose this Westminster staple."
David Panda	Clombia, MD	2020-05-06	"Many wrestlers and other athletes need this facility to stay in shape and communicate with each other."
Taylor Karabaich	Westminster, MD	2020-05-06	"Stay open!"
Christina Riddle	Finksburg, MD	2020-05-06	"Keep this open for the community"
Charles Huber	Westminster, MD	2020-05-06	"I'm sure budgets are tight, but let's find a solution to the funding gap. We need access to our gym!"

Westminster, MD 21157

Hello,

I am extremely concerned to learn that the Family Fitness Center is closed permanently.

I am especially disturbed about how quickly this decision was made with no input from the community. Despite current challenges, if you're able to have a Zoom meeting to make this decision, you're able to hold a virtual public event to hear from those this will affect. We deserve a chance to see the math and to voice our thoughts. It's bad form to shut down an essential, beloved service without any input from the public.

The only justification I've been able to find anywhere about why this decision as made is that there are other workout venues available in town. But for those who live in the center of town and have limited transportation options, the Family Fitness Center is essential. In addition, none of the private gyms have the vast diversity of classes and free childcare that Family Fitness offers. Paying nearly double for those options is not in line with my budget, nor the budget of many Westminster residents.

The current pandemic is not an excuse for elected officials to make unilateral decisions, whether it's the big things, such as voting and primaries, or what may seem like smaller decisions such as this. I urge you to reconsider and to open this conversation up to those who are affected by it.

Thank you

Whitney Miller
763 Old Manchester Road
Westminster, MD 21157

Hello,

I saw the meeting regarding the fitness center closing. I do want to clarify that nowhere on the meeting announcement was anything said about the fitness center closing. Considering the number of people on the video (including employees of the fitness center) commenting the same on the video, I do not appreciate the council members patronizing us stating the information was readily available. It was not. I also do not appreciate the members saying the topic was open for discussion when their reactions and complete disinterest to the comments made in favor of the fitness center were so obviously ignored as their minds were already made up.

If the fitness center is being looked at strictly from a business perspective, I am unclear on the purpose of closing the building for gym purposes if the building itself will still need maintained. If nothing is changing except the loss of income from memberships, how is closing the fitness center helpful? Who is going to run the large events that were staffed by the fitness center employees, that bring income to the city? Why is it such an issue to have non-city residents as members of the fitness center, if the non-city resident membership costs more than a city resident membership? Why is an empty building (that still requires maintenance) preferable to a

gym?

What will be done for low income families that will now have no place to go for exercise? Not everyone can afford the YMCA. What will happen when families who CAN afford the YMCA no longer need their Westminster Municipal Pool membership because there is a pool at the Y? Where are kids going to go after school if not to play basketball? Downtown Westminster already has enough problems (drug use, theft, etc) without eliminating safe places for people to congregate.

Why have there been no discussions of member rate increases, or utilizing more volunteers as opposed to full time, benefited staff? Why is the first we are hearing of this as an "open forum" being done as a shut down, as opposed to an invitation for ideas and solutions? Does the council truly not appreciate the input of the people who put them in office? There were suggestions made (including a rate increase and an annual maintenance fee) that the mayor dismissed without regard to the number of people on social media agreeing that a rate increase would be accepted.

The way this issue was presented is despicable. We as a community had no time to prepare, and were left blindsided by an incredible community resource being disregarded. Please forward my concerns to those who are responsible for this decision, as there are a lot of downsides to the center being closed.

Thank you,

Meghan Ginski
1004 Valen Rd.
Westminster MD 21157

To whom it may concern,

Our family joined the gym a little over 2 years ago, right before I had our fourth baby. The staff was so welcoming and accommodating to our growing family. It has been such a blessing to be able to workout at the gym, knowing the kids were in good hands. I had baby number 5 in November and was so excited to get back to my routine, knowing the baby would be cared for by the best staff. Not only are my kids cared for, but I was taken care of by the best instructors. They have become not only friends, but like family to me. The gym is an important part of this community to so many.

Thank you for your time,

Beth Huber
1220 Owings Rd
Westminster, MD 21157

Some ideas were raised in the discussion regarding other business models which sound promising. They should be reviewed and considered.

If the building is remaining "open" for events, rentals etc seems like lost revenue if no classes are being offered.

Has a different membership rate been considered- more for non-city residents than for those who live within the city?

Our tax dollars are used all the time for things that we don't directly benefit from yet that is how it goes. If I don't pay city taxes are you going to keep me from driving on your streets? Probably not as then I won't patronize city businesses.

Here's encouragement to keep the gym open and encouragement to city residents to take advantage of a special place where both your physical and mental health will flourish!

Silvia Upton
507 Goldenrod Terr.
Westminster Md 21157

I have been a member at the family fitness center for two year and have been so impressed. The classes offered are great, people are extremely friendly and helpful, and it's just a great space together and be a community. Please don't close it! It would be a great loss!

Thank you!

Simona Dodson

Westminster, MD 21158

Good afternoon,

I am emailing to show my support to keep the Westminster fitness center open. That gym has meant so much to me and my family not to mention the amazing friends I have made there. Actually, I would say more family than friends. The gym has been a life savior for me, both physically and emotionally and I just don't know what I would do if it were to close down. Please please reconsider this decision. I know I am not the only one that feels this way so I am hoping all these voices will be heard.

Thank you for your attention to this email.

**Lynn Coons
25 Shamrock Circle
Westminster, MD 21157**

Hello,

I am writing to express my dismay at the possible closing of the Family Fitness Center. My husband and I have been going there for many years and we very much like and appreciate the convenience, variety, and affordability.

Especially in this day and age, any chance to get out, work out, and be around others in the community is much needed. Having child care opportunities is a very, very special bonus. I urge the city council, mayor and others to consider having some open hearings and discussions as to how we might go about saving this special place.

Thank you.

**Amy McNichols
167 Alymer Ct
Westminster, MD 21157**

Please, please, do not close our local gym. I love my community there and it is the only place in this town we are a person can exercise, do yoga, participate in activities, and know the people they're seeing and know them as their community. Their summer camp is really important to a lot of people, the child care is something a lot of people rely on. I hate Planet Fitness and other local gyms have closed. This place got me through hard times. The staff people and teachers are awesome. The yoga classes and teachers are outstanding. Otherwise, there is nowhere I can afford to practice yoga regularly. It is one of the few ego-free place as a person can stay fit and stay healthy, moreover. It's not a scene, not pretentious, and I like that.

There is very little bit pulls this town together if you don't have children in sports or in schools. This is one of the few things I have that keep me very connected to my town. Please share this with whoever needs to read it so they know. Are you letting the gym members know that this is a possibility? I did not receive any notice of this, and it just so happens that a friend of mine came across it in the local newspaper which a lot of people don't read. I would imagine that if the city were to fund this better, more people would go to the gym because they would have the money to keep up the maintenance that needs to be done.

Juliette Sieling
13289 Ridge Road
Stewartstown, PA 17363

Dear Mayor Joe Dominick & the rest of the Westminster city council,

I am sending this email in hopes that you all truly listen to our thoughts and concerns and reconsider closing the family better/rec center/community center.

Personally I have a lot of connections to the center. I was a member while I attended Carroll Community College. After this I also attended classes there while my sister was teaching. I then became a member again in 2017 when I had my daughter. I felt welcomed coming back. My other sister was one of the instructors and also worked in the day care. The daycare staff and the fact that the center has a childcare program I'm the first place, was one of the main reasons I chose this gym! As a stay at home mom, I knew my 3 month old daughter would be taken care of while I worked out and not only got some time to myself but also have other adult conversations. This was truly a blessing and great for my mental and physical health. I was shocked when I realized how affordable my membership would be for myself and my daughter to be a member. With that being said, I was never given the opportunity to pay more for my membership, which I will gladly do so! This place is a second home to me and my daughter. I just had my son in March and I was very excited to bring him to the gym and have him form the friendships and relationships my daughter did. I truly hope he does get to experience this.

I would also like to state that I reside in Pennsylvania. From your meeting on Monday, it seemed the council was concerned that the majority of the members were not city tax paying citizens. I understand why you would think that's a concern but would like to point out that not only am I a member of the gym but I also shop locally when I do come to Westminster. I travel to Westminster 3-4 times a week on average. My family attends most of the events the center puts on. This is more money we are bringing in for your city. If it's really about money, please give us an extension and ask us to pay more. I think you would be happily surprised with how many of the members do not leave! As I said before this is a second home for us. Wouldn't you be willing to pay a little more for your second home if asked?

I would also like to add that my husband is a member of the Maryland Air National Guard. He was deployed for 4 months last year. The gym and it's members and the events were a life saver for me. They gave me something to look forward to on the hard days. They helped me and my daughter through those 4 months. She looks forward to coming to the daycare and spending time with the staff and her friends. She still continues to ask every morning "are we going to the gym today?" It saddens me that I have to tell no & breaks my heart that I now might never be able to tell her "yes."

Finally I would like to thank you for reading our emails. I truly, truly hope, you actually consider our point of view and feelings before making the final decision. I am sorry if any of you felt attacked on social media. I think that unfortunately some of us have spoken out of emotion, myself included. In a way we are the same. We also feel attacked in the fact that the council is deciding to close a place that is so very important to us. That has lead us to put everything we have out of the table and try to fight for this place!

Thank you for time,

Janice Kispert
Rape Crisis Intervention Service
224 North Center St (work address)
Westminster MD 21157

I am very upset to hear the Family Fitness Center is slated to close.
I have been a member of the Center for a number of years.
I enjoy the Center's amenities and find the environment friendly and supportive.
Having a place to go after work is not only refreshing but well-needed given the stressful line of work I'm in.
Please reconsider the Center's closure.
Perhaps raising fees and/or charging a yearly maintenance fee would help support operational expenses.
Thank you

Patricia Harter
4132 Turkeyfoot Road
Westminster, Md 21158

Council Members:
I sent an email earlier requesting that the gym stay opened.
In the paper it requested the name and address of the commentator.
Sincerely yours,

PS. Though I am not a resident of Westminster, I spend all my time in the town. The gym is the force that gets me here. I am well known in the different restaurants and partook regularly prior to the pandemic.

Patricia Harter
4132 Turkeyfoot Road
Westminster, Md 21158

To whom it may concern:
I just learned by way of the Carroll County Times that you are considering closing the gym. I have been a member for over 10 years and I love the place. It is important that the town of Westminster offer something to keep people active. I would be willing to pay more or be involved in fundraisers.

Please do not close this place. It is also unfair to consider closing during this pandemic. With obesity being such a problem, this gym is a wonderful place to exercise and meet people.
Please keep me involved before any action takes place.

Carrie Knauer
38 E. George St.
Westminster, MD 21157

Dear Mayor and City Council,

I am sure you are overwhelmed by the fitness center's members' reactions, and I am sorry if people have been speaking out of anger or have sounded overly dramatic. The truth is that the 1,000 core members of the gym are diehards. If you attend a Monday morning tabata class, you will see the same 40 members' faces there every week. They're also at Wednesday morning's tabata, and Thursday morning's Butts & Guts. If you go to Tuesday morning barre class, you better be one of the first 14 there or you're going to get stuck on the high bar. The Sunday morning class easily has 50 members participating. And to get a seat in a spin class, you need to sign up 48 hours in advance. These are just five of the more than 40 classes that our gym offers every week.

The reaction has also been so strong because the members feel there was no warning that the gym close was a possibility. I still can't find a copy of the proposed FY2021 budget on the city website. This might have been in the works for a long time, but the perception is that this is happening now when the gym is closed because of COVID-19 and the closure could be passed without a fight. The gym members are now fighting extra hard because they only have a week until your decision.

The fact that the gym has run a \$200,000 deficit for the past five years should not be ignored, but I know my family's membership rate has not been increased during that time. If I had been surveyed about whether I was willing to pay more, the answer would have been "yes, of course, if it can keep our gym from closing." I heard that a possible rate increase would be \$17 per month, which is about a 33 percent increase, but the diehards would do it. All of this publicity may even attract more new members to the gym. I am a city resident. I can walk to the gym with my 3- and 7-year-old children where they can be cared for in the nursery, seeing the same friendly faces they know and love as well. No other gym can provide that.

I've seen that our gym also has a 60 percent membership from outside of the city. That should be viewed as successful economic development! These people are often coming into the city four to five times a week, and many times stay in town for a coffee or lunch or to run an errand while they are here. Our city residents shouldn't be subsidizing their gym memberships, but if we can increase the membership fees, or add a maintenance fee, then we can keep these people coming into our community and supporting our businesses.

I'm asking that you give the Westminster Family Fitness Center another year with a better shot at covering its costs. It truly is an irreplaceable facility and environment. Raise the rates. Allow the community to do fundraisers. Re-evaluate staff costs if you must.

Please separate the Family Fitness Center out of the main budget vote and give it this chance. You have seen how much it means to people-- gathering 1,500 petition signatures in 24 hours-- and it is a historical fixture and defining feature of our community. Thank you for your time.

Sincerely,

Carrie Knauer
38 E. George St.
Westminster, MD 21157

Dear Mayor and City Council, my husband and I have been Westminster homeowners since 2004. My husband joined the Westminster Family Fitness Center soon after that, and I did a while later as well. The fitness center is such an asset to our city, such a welcoming and comfortable place to work out and build community with others. The staff and trainers do an amazing job of encouraging us, the daycare staff has been great for our kids, and whenever I brought friends during the January and February fitness challenge, they couldn't believe how much value we get for our gym membership cost. I know the building is old and has its issues, but that's really part of the charm. Having a city-owned facility in walking distance of everywhere in downtown is a major reason why we have continued to live in the city and pay higher taxes than people just over the city line. Please, please, please continue to support this city feature in the city budget!

Anne Nester
91 W. Green St
Westminster MD 21157

I am a Westminster resident and member of the Family Fitness Center.

I'm writing in support of the Family Fitness Center and its programs. Please keep the center going and charge members what it takes, fundraise for the repairs etc. I would certainly be willing to pay a higher fee.

The family fitness center is one of the first things I mention to people from out of town that makes Westminster such an exceptionally good place to live. It's made a big improvement in my own life and it's one of the places where city residents can get to know each other and build a sense of community and cohesion. It would be a major loss to the city to close it!

Jean Picardi
112 Willis st
Westminster, MD 21157

I am a member of the family fitness center on Longwell Avenue and I am writing to ask that you reconsider closing the center. I understand that it has been running at a deficit for a few years. However I believe before closing the center some alternatives should be tried. Perhaps raising membership fees/and or fundraisers are a couple of ways. Thank you for your time and consideration.

Dotti Morano
594 Juniper Court
Westminster

I just read the article in the paper and I have been going there for sixteen years and I do not want the gym to close. Made a lot of close friends over the years by using the gym. My question is why would they do a promotion in the beginning of the year if they thought they would be closing the gym? I paid \$180.00 in advance in February due to the promotion that was being offered. Will I get a refund?

William Hake
445 Pleasanton Rd.
Westminster, MD.

To Whom it may Concern:

I have been a member of the Rec. Center for over 1 year now. My primary gym is at another location and this facility was basically an "insurance policy" for me. I am a Westminster Resident and while this gym is more convenient for me, it can't compare with my other one. The place is run down and frankly somewhat depressing to work out in. Basically 70% of the group exercise programs are lead by only two instructors and therefore are highly vulnerable to cancelation. Cancelations of various classes there is a weekly occurrence and rather annoying for members. I feel there are other very reasonable alternatives for members to switch to that are right in town and in much better shape. I feel it would be fiscally sound to channel funds elsewhere and utilize this structure for other purposes. Personally I would not continue membership with additional costs tacked on. I know others share my feelings on this. It is a shame for the core group (of mostly younger women) to loose this workout arena, but as I mentioned, there are other options close at hand. Anyone who has been a long time gym attendee realizes that gyms come and go with regrettable frequency (i.e. Gold's, East End Gym, Leisure Health Club, etc.) and one must adjust accordingly.

Respectfully,

James Anthony.
21 Longwell Avenue
Westminster, MD 21157

My name is James Anthony. I'm a local Westminster resident, and I and my family actually live within just a few steps of The Westminster Fitness Center. I recently learned that the Mayor had wanted to write the gym out of the budget! Personally, I am deeply concerned and appalled out this potential action of our local officials attempting to close an establishment that my family and I have come to love! This is not just a place to work out! This place has become a critical asset for us and for so many others in our community as well as surrounding communities! To close such a beacon of this community would not only dishearten me and many others alike, but would also serve to end a significant amount of jobs. As I write this, a petition is constantly being signed that states people would support an membership increase in order to take care of the deficit the gym is currently operating at. We need a chance to save this gym! Please do not let these words of myself, and so many others go unheard!

Sincerely,

Fran Rock
719 Bayberry Circle
Westminster, MD 21157

Good Morning,

It was with interest that I read the Carroll County Times article on the meeting at which the Westminster Family Center closing was discussed.

I am currently a member at the WFC and have been for probably 9-10 years. I joined when we were still a city resident. Even now my "non resident" taxes help support the city.

It is my hope that the Westminster City Council will realize the value that the WFC has added to the city of Westminster. In order to keep the city alive and vibrant such businesses as the WFC are necessary. It is more than about money!

The city should have been increasing member dues to help offset a deficit years ago which did not occur. Thinking "out of the box" to find ways to keep the gym open is needed.

Thank you.

Gabrielle Collins
1254 Sundog dr
Westminster md 21157

Good Afternoon,

I'm still a little bit in shock and still trying to process how everything we worked so hard to build was taken from my students, friends, coworkers and myself in one meeting no one knew about. What a shame! These people are nurses who came off a 12hr shift, Mom's and Dad's who were up all night parenting, students who needed an outlet during break, army wives who needed a friend and a shoulder to lean on, teachers who spend every dime and moment doing for other before themselves and just a bunch of pretty amazing souls lifting each other up on a daily bases. This is a Community center not just a building. A Community center that adds so much charm to the community. I have poured my heart and soul into this place for the past 5 years. Many if not most of the staff have done the same for its entire existence. Please reconsider what you're about to do.

Carol Will
1230 Owings Rd.,
Westminster, MD 21157

Dear Mayor Dominick and members of the Westminster City Council,
I ask that you extend the decision to vote on closing the Fitness Center portion of the Family Fitness Center at this time in order to explore every option to remedy or minimize the profit loss. It was apparent to me that steps to increase membership fees should have been implemented years ago and doing that now is a good start. I would happily pay an annual maintenance fee.

The members of the Westminster Family Center have truly become family for all of use and we are a diverse, supportive, and loving bunch. It carries a uniqueness unlike any other gym in the area. We are a Tribe. I have lived in Westminster for 29 years and consider it home. The WFC brings me into town 6 days a week and I use it all; the basement fitness equipment, cycle, barre, and group fitness classes in the gym. I venture to other parts of town from there to shop at local businesses. There is a possibility of decreased foot traffic to local shops and events if the WFC is shut down.

I have taken the 6-8 week classes offered by the Carroll County Department of Parks and Recreation but don't care for that style of exercise as it had too many days off in-between sessions. Would you be able to move The Westminster Family Center to the empty buildings at Wakefield Valley? How about closing the Fitness Center on weekdays during the summer? Attendance usually drops in the hot summer months with kids in camp at the WFC. Forty percent of city residents enjoy WFC 12 months out of the year yet the pool offers only a few months of enjoyment. What is the percentage of adults that actively exercise in the pool to the adults that actively exercise at WFC? We have an expression at WFC, Witness The Fitness. This is needed now more than ever as we cope with the fear and unknown of covid-19.

Abby has done an outstanding job balancing the fitness needs of the community with the need to contain costs. The instructors and Personal Trainers at WFC are top notch people that pay close attention to proper form. Mayor Dominick reminded me that I am not a city resident but Westminster is my home. I have been thinking about moving to a waterfront community for a

few years now but have not yet because I would miss my gym family too much. If the gym closes, I will start looking to relocate.

Please do not take the drastic step of closing WFC at this time. The community needs it.

Best,

Barbara Levy
2305 Frizzellburg Rd
Westminster MD

I was dismayed to learn of the family gym permanently closing. It seems that this decision was done without any input from the actual people that use the facility. beyond disappointed that our city gov allowed the gym to run at such a deficit for over 6 years without addressing the problem before making the decision to close. it seems that there may be lots of options to consider before this one.

- increase membership fees
- increase childcare fees
- close on sundays
- do away with front desk checkin, and make it a key card entrance. doing away with the salary to staff the front desk -charge a nominal fee for classes

and those are simply me brainstorming for a few minutes. I think that you would find more people willing to pay more for this gym.

again, just really seems like the city council decided this with little input. plus who runs an enterprise that runs 200k in the DEFICIT for six years without addressing the problem sooner?

Please reconsider this decision

**Sarah Hammond, MPA

Westminster, MD 21157**

Good Afternoon,

I am writing to provide comments in response to the City Council meeting last night (5/4/2020) and to urge you not to close the Westminster Family Center. I have been a member at the center for several years and I attend classes there daily. The Center has become a community for me, as well as the other members. When the gym closed for the COVID-19 pandemic, the members were heartbroken. We didn't know how we would get through without the support of our co-members and the classes that have become part of our daily lives. We text each other often to say how much we can't wait for the gym to reopen. To say I was shocked to hear there are plans to close it would be an understatement. It does not sit well with us to have a decision as impactful as this made in the dark of a pandemic, when transparency is absent. No notice was sent to members to give them an opportunity to voice their opinions. The only way I knew about this meeting and the potential closing of the gym is because I know several of the staff there and I happened to see there was a meeting on the Westminster City Facebook page.

Over the past few years, I have had many conversations with other members because we have noticed people discontinuing their memberships or a class being cancelled. I want to share some of the themes from these conversations and some suggestions I have.

1. Rates should increase: The one theme I hear consistently in conversations with other members is that the fees to join the family center are too low. The membership rates to belong to the gym are lower than any other gym in town. Everyone I have ever talked to about the rates has said they would be willing to pay a higher rate. We see value in the gym and we are willing to pay for it.
2. Free Memberships should be significantly reduced or stopped: My daughter is an employee at the gym in the child care center. She is 19 and has worked there since she was able to work (15). I have never paid a membership fee, which is nice, but not very fiscally sustainable for the city. I would be happy to pay just as any other member does. I know a very large group of people that do not pay anything to be a member. I know one woman whose husband is a retired city police officer. She pays nothing to be a member. I know another family who all have memberships because one of the children works at the gym. This is a free membership for two parents and all 5 of their children. I can understand the employee receiving a free membership, and it's very kind to offer it to the family, but I think a good bit of revenue could be realized if those family members paid for their memberships. Everyone I have talked to said they would be happy to pay the monthly fee.
3. Non-residents should pay a higher rate: During last night's meeting, the council indicated that city taxes cover the revenue loss for the family center, so members who are not city residents are benefiting from the city taxes. It seems like a no-brainer to increase the rate for non-residents to cover some of those losses. Based on the conversations I've had, I think people would pay.
4. If rates increase, offer assistance to those who are low income: If the family center does remain open and if rates are increased, it would be sensible to offer some kind of assistance to low-income families who would not be able to pay the difference. I think this would be a small percentage of the members.
5. Classes should be better planned: The current class calendar is released once per month. If a class does not have at least 6 attendees for the entire month, the class is

cancelled. This has upset people in the past because sometimes there is a good reason for the classes not being well-attended for the entire month. Often it is around a holiday, heavy snow, or during the summer when some people are on vacation. The consistency of classes is important to maintain membership numbers. Most of the classes I attend have the same group of people every week. People find a schedule that works for them and, for the most part, they are consistent with their attendance. However, if someone goes on vacation or if the weather is bad and they can't make it, it does not necessarily mean they won't be back when the situation changes. When classes are cancelled and the number of classes offered decreases, it often causes people to look for membership at another gym where the classes are more consistent. If the family center revisited this policy, their membership may increase. I understand it is not cost-effective to maintain a class that is not well attended, but one month might not be a good measure of attendance.

6. The building should be clean and well maintained: One of the issues I've seen and a reason people may not want to continue their memberships is that the building is not always clean and well maintained. I'm talking about simple things like vacuuming (especially under heaters, etc.) and wiping off equipment. Many of us actually get to a class early just so we can sweep the floor and tidy up before class starts. Last night I heard council members talk about how important it is to pay staff competitive rates, which I agree with. But those staff should also be taking good care of the building so members will want to come back. It doesn't take much to sweep a floor or run a vacuum cleaner.

I urge you to consider these suggestions and other ideas before closing the family center. It isn't fair to this community to abruptly close the family center and remove it from the budget without exploring or trying any alternatives. The family center is indeed a family. The members are close with each other and we have created a community that will be impossible to replace. It is a safe place for regular people to work out without judgment. I find it appalling that the council will take that away from this community without trying other options. I find it especially discouraging that you would do this during a pandemic when there is not much of a chance to gather information or voice opinions. It is equally disturbing that this decision would be made without any notification to the members. The only way any of us found out about this was because we know someone who works at the family center or because we follow the city Facebook page. It has the appearance of being done in the dark and without transparency. I understand that it is not easy to balance a budget or to accommodate the wishes of every citizen in a municipality. I agree that the family center should be a self-sustaining business. From the number of people that logged on to watch the meeting last night, I think it is clear that the family center is more than just a place to work out to a lot of citizens in Westminster. The council owes this community another look at the options available before making a decision this detrimental to this community institution. I am begging you to please look at a different fee structure and business model before taking this away from us.

Sincerely,

**Sue Leete
505 Ann Drive
Westminster, MD**

I do not want to see the Westminster Family Fitness Center closed. I have been a member there for over 15 years. It is a very nice family oriented gym to go to. I use this gym for my overall mental and physical health. It is a benefit to the whole Westminster community, which makes a positive reflection on the Westminster Leadership.

**Minda Nardone
626 Pond View Court
Westminster, MD 21158**

During difficult financial times, leaders must make difficult financial decisions. Since the City of Westminster made the decision to continue to waste tax dollars on things like Ting, wasted millions of tax dollars on the City Pond (to change a pond to a pond) and continued to pay city employees even though they are not working during the covid crisis, the City of Westminster has put us in a position where we must now severely tightened the budget for the next several years. An obvious victim of those choices is the Fitness Center. The only responsible decision is to close it. IT MUST BE CLOSED TO SAVE MONEY NOW!!!!!!!!!!!!!! If you choose to keep it operating, the only other responsible decision is to increase the prices so that it makes a profit. It sounds like if you do that, the people who currently use it will no longer pay to use it. So CLOSE IT NOW. Period.

**Karen Monroe
304 Maple Ave
P O Box 346
New Windsor, MD 21776**

Good Morning,

I totally understand the challenges these days of balanced budgets. If the gym is losing money possibly developing creative ways to make up the deficit. If you created a fund run or some sort of community based fundraiser, you would quickly see the wonderful family you have built in this gym.

I have been a member for 20+ years and hate the thought of going to a big franchise owned establishment. Your staff is top-notch and have created a warm friendly environment. I typically workout on my lunch hour and the location is perfect.

I understand you have to do what's best for the City and their residents but wanted to take the time to tell you that your elected officials and your staff have created a diamond in the rough. Please consider other options, it sounds like it's been a rash decision with no input for creative options.

Thank you,

**Meghan Jochen
155 E. Green St.
Westminster, MD 21157**

Hello Mayor and Council,

My name is Meghan Jochen. I am a resident of the City of Westminster. I live at 155 E. Green St. I purchased this home in downtown Westminster in July 2009.

I am writing to request the City Council and the Mayor to reconsider the closure of the Fitness Center and to consider how they communicate major budget decisions when closing City facilities.

I love downtown Westminster so much I have invested my life and my children's lives into the economy and culture. The city of Westminster is more than just the businesses. It is the people. This is my neighborhood and I am proud to live in downtown Westminster.

But I am not proud of the actions of the Mayor and City Council in regards to the closure of the Fitness Center. Public notices should have been more clear about the agenda items and the topics. I work 10-14 hours a day. I am a single mom. I have faith in our elected officials to do what is best for our city. However, I have major issues with the process on the closure of the Fitness Center and how it was pushed under-the-table. The employees and members were not aware that this decision was being made. No timetable was ever provided about the closure or even when the closure was first considered by the Mayor and his Council .

Maybe the Council could have put up notices. Could the Council of held meetings at the Family Center? I am not talking about in the last few weeks. But the last year(s) / months. Could the Fitness Center members have voted last year at this time: increase membership fees by a significant amount OR close in spring 2020 if there is still a deficit? Like a PTA, could the members have done some fundraisers? I am not really sure.

Looking at the budget numbers that the Mayor showed last night (5/4/20), I don't disagree with the decision to close the fitness center. No City Council would carry an entity that is bleeding money the way the Fitness Center is hemorrhaging. ***But my "complaint" is the lack of transparency with this decision and process to cut this from the budget and the way this was notified to the members and residents.***

The Fitness Center is a vital part to my neighborhood. The employees and members, I consider as my friends and neighbors. That the Mayor and Council decided to close the Fitness Center during an epidemic and put many people out of job. These city employees find out on a Zoom meeting on Facebook they lost their job!?!? Sloppy. Disgraceful. And very embarrassing for me as a resident of Westminster and member of the Fitness Center.

I understand the numbers. I understand the business decision and why it was made. ***What I do not understand is the way the Council and the Mayor used their power to take away a vital service from the people of Westminster.*** The residents and members of the Fitness Center would have liked to be part of a solution to creatively try and save their beloved Fitness Center.

Finally, I appreciate Ms. Gilbert's suggestion for "fitness alternatives" such as sign-up / pay as you go classes hosted by the Family Center. If the Mayor and his Council move ahead with the

closure immediately, my HOPE and URGE the Council and the City to create some type of infrastructure ASAP and provide our unemployed instructors some option to continue to hold classes and create income for themselves. I would also ask the Council, that any facility fees for the laid-off instructors are waived for an extended period. I think you owe these employees some benefits and dignity that they were certainly not shown during your work session last night.

Thank you for reading my comments. I appreciate your service to the City of Westminster and understand the decisions you need to make are not easy. I wish I could have been involved in this process earlier - before this critical stage.

Melanie Williams
508 Sunbrook rd.
Reisterstown, MD 21136

Hi. I just saw there is a meeting to possibly close the Family Fitness center. My son and I go there and we love this place. We love the people there. We have made amazing friends there. We will be so sad if it closes. Please don't close the gym. It's already been so hard missing this place so much over the last 6 weeks.

I know I don't live in Westminster but I did when I joined the fitness center. I had just had a baby and lost my husband. I loved the daycare and felt safe leaving my son there. But then we truly found a home there. My son goes to a school with a gym which is really nice but it's not the same. The people at the family fitness center are supportive and encouraging. I've learned to do things I never thought was possible. These people are my family. We've already had so much change in last couple of months. Please don't take this from us too. Thank you.

**Chelsea Crocker

Hampstead , MD 21074**

To whom it may concern:

I saw that if I wanted to write a testimony about the family center I should do it here.
I Just heard the news about the family center and devastated isn't a strong enough word to describe how I feel.

Not that my feelings matter on this situation because I'm just a mother of 2.

My sister is an employee at the family center.

I have been going there since I was 8 years old. I'm now 31.

My children look forward to going to the " gym " everyday. Since this virus started even after 7 weeks they still ask every morning if we are going.

Shelly, Eva , all the people at the front desk. Their kindness and willingness to help always.

Abby who has changed the gym for the BETER.

All the classes that it offers, I know you can get those classes at other gyms but it's not the same. It's not the rec center. It's called family center for a reason. It's a community there. It's a community in the heart of Westminster. I know it comes down to money, like everything in life, but I can say for a fact that if prices needed to be raised people will pay because no one wants to lose the family and community that has been built at the family center.

Thanks for your time.

**Chelsea Crocker
1303 Taylor Street
Hampstead , MD 21074**

Mayor Dominick and City leaders:

I am wholly dissatisfied with the related processes, but have proposed some solutions below:

I am emailing in regards to the closing of the Westminster Family Center ("WFC") or as many of the City citizens and beyond limit citizens less formally call it "the rec." As I stated in my previous email and I am sure so many others from the community wrote, I was and continue to be devastated by the news of the closing of WFC. My contempt and total disappointment for this decision, the process and our leadership started just an hour or so before the meeting deciding the fate of what you call a "deficit," but what we call a historical community center and a part of the heartbeat of the City of Westminster. Many involved in this decision said that your constituents knew about this meeting and that was "public knowledge," but I have reviewed your agenda and it does not say – anywhere - that as a result of your budget items, you would be deciding on the closure of this icon, City heartbeat and home to so many...for so many years. Even in a light most favorable to those that decided, a decision of this magnitude, in this type of forum, during COVID-19 seems apathetic at best. It appears malicious and intentional at worst, and this will not be lost once the pandemic lifts. You picked a time when your community was crippled, is suffering and we cannot assemble to voice our concerns or offer options (solutions) in making this decision. That is wrong and exploitive.

Since this timely and unfair decision, I have been made aware of those on the Council “fought the good fight” and did not agree with this decision to close WFC. I would ask of those of you who feel this way – and to those of you who didn’t - to ask yourself, “Did we really try and save it?” and “Did we ask our community what they could do to help?” I would argue that if you asked yourself those questions, you would have had a proposed solution before the decision was made in a Council meeting. Regardless, I hope all will still work towards a community partnership in how we save WFC or the “rec” for those that you serve and the surrounding patrons of the City of Westminster. For those that you did not initially feel the impact of this decision on your shoulders, I hope that you will now reconsider both in good conscience and, hopefully, in the interest of the community you have been elected to serve.

Actionable Items:

1. I am sure you have received many emails saying that we, as members, were willing to increase membership fees or even annual fees (for repairs or otherwise) to keep the “rec” open for OUR community. I understand that Mayor Dominick did not feel that members would be amenable to this increase. I would argue that we, many of the regular members, have expressed an explicit willingness to help. We were just never asked nor were we given transparent numbers we needed for the City budget and/or to save the rec. Again, ask yourself, “why not try?” before you close? Why not give it six months increasing membership fees to see if that helps the deficit? On a personal note, as a member I would gladly pay more to keep the place that my children love, where my family is employed, and my “home away from home” open. Not to mention, it is extremely difficult to find a reliable fitness center that offers childcare. My family has been a part of this county, this City, for over forty years. Generations have been raised around WFC and have expressed an interest to help financially. But you never gave us a chance....a decision was apparently made in a time where finances are difficult, our county and the world are crippled...but without asking who would be willing to help? Again, you didn’t even ask.....
1. Increasing promotion for community and CITY events at this HISTORIC center for regular events & community fundraising events. We were already doing this. It could be increased.
1. It has been said that there is an interest to rent the space out for practices, summer camps, etc. Why not to do this in conjunction with my above proposed solution(s). I would argue that marketing the above line items would increase interest as opposed to an empty building.

I have read your logic about taking the funds from WFC and increasing funds for City workers and other projects. I am not opposed to this as I love this City and I am not going to speak further about how you are eliminating jobs that service the City in the closure of WFC. However, It’s about expanding the pie, not eliminating one funding for one at the total expense of another.... making sure they (City workers and other City projects) have what they need and, as above, seeing if we can tap into resources to supplement budget line items. No one is just a line item. The WRC should not just be a line item. Let us contribute to the decision, as constituents, before deciding for us. I have outlined a number of alternative solutions above in my email. I implore you to consider them before making a final decision and I, respectfully, remind you that are elected and ask that you work with your community. I would encourage you to review the community response to this: the heartbreak, the disappointment, the distrust in the leaders and process. I am sure you have already seen all of this on social media or otherwise. I am hopeful

that you will take it all into account and make the right decision.

As a final note, the WFC was and will be a family. I am mother of two and it saddens me that my children would possibly never get to go to "the gym" again. It saddens me looking at them to say sometimes no matter how hard you fight, things might just not turn out okay, or fair or that their voices won't be heard. That, is what I am learning to teach my daughters if this decision is not "overturned." You are simply failing to recognize the impact of your decision beyond a budget line item. The world is ugly right now. It is difficult to see the good. I know my children are resilient. But I want to be able to teach them that their voices will be heard, that people are reasonable and kind and just.

Just like us members of the "rec" we will be family regardless of the decision. But we are a family there and families do whatever they have to do to stay together. I hope that you embrace this, embrace your community, embrace us to figure this out and your decision reflects this.

Regardless of your decision, I want my sister Maggie, Gabby, Shelly, Eva, Abby, Josh, Linda, Andrea, Greg, Dana etc. to know that WE APPRECIATE You. We appreciate all the dedication and hard work you did to make this fitness center a family. Shelly and Eva, always giving candy to our kids after our workouts, knowing all their names, knowing what kind of candy they liked! Maggie and Gabby thank you for always pushing us to do better even when we did not want to. No matter what comes out of this I will always appreciate and love you all.

To Mayor Dominick and City Council, I respectfully and firmly suggest you reconsider,

Linda Corbett
1105 Brehm Road
Westminster MD 21157

To whom it may concern,.

I am writing to express my thoughts and feelings on the possible closing of the Family Fitness Rec Center. This building is so appropriately named, it truly is a family. When you join you aren't just joining a gym you are joining a family. A family that is united, supportive, inclusive and committed to health, fitness and each other.

I have been a member for over 15 years and have been a trainer there for 9 years. This is more than a place of employment for me. I can find another gym, I can find another place to train but I will not find another place where the staff and members are so supportive of each other. The fact that 15 years later the majority of the staff and members are still the same speaks volumes to the level of commitment. The fact that it has grown and seen so many new members in the last few years shows the potential for this gym to thrive.

I could go on forever about how wonderful this gym is but I realize that none of that matters and I know the bottom line comes down to money. Its ironic that during this horrible time when we've all had time to reevaluate and realize that there are so many more important things in life than money we are now fighting a battle to convince you of this. Its more than just a gym.

Quite honestly downtown Westminster is not the finest. There are not many places that are appealing. Many places are unsafe. The streets are lined with people loitering, addicts, crimes and people literally overdosing on our sidewalks (seen with my own eyes). Why would you even

consider taking away one of the most positive safe places in the city . The gym brings a group of people downtown that would normally not come. We support all the activities, runs, events like Fallfest etc. Look around at these events. We (the staff and members of the Family Center) are the ones VOLUNTEERING our time to make these events successful. These events bring the people to your city and we work hard to make these events successful so they come back. It's more than just a gym.

It bothers me that this has been going on for years and we were not aware . Why was it allowed to get this bad? What effort was made to avoid this? What efforts have been made to fix this? Seems to me raising the dues would be a simple way of bringing more money. Im hearing its too late for that so through no fault of the community we will suffer the consequences of poor leadership.

Imagine if this was done years ago. In the 15 years ive been there I am not aware of an increase in membership fees. What business could possibly survive? I cant help feeling like the survival of the Rec has been sabotaged for years and this is exactly the outcome you were working for. Now that we know the Rec is struggling finically, let us help! There are so many people what would be willing and eager to pay and support the Family Center. Please reconsider your decision. Let us work together with you to come up with a solution. Had we been made aware of this much earlier,even years ago we may not be in this situation now.

Thank you

**Sara Malbrough
3600 Hooper Road
New Windsor, MD 21776**

Hello,

I have been a member of the gym for 2.5 years. As a part of the New Windsor community, I chose the Family Fitness Center specifically because it was a local gym opposed to joining Planet Fitness. It was cheaper for me to join Planet Fitness, but I wanted to support our community and take part in the many classes offered by the fitness center.

I sincerely hope you will reconsider closing the gym. While the machines are not as technologically superior to Planet Fitness or Merritt and the locker room is subpar, the family friendly atmosphere at the Family Fitness Center cannot be matched. I've always felt welcomed and encouraged. The vibe is amazing and not being a part of the gym is heartbreaking.

Every trip I take to Westminster to attend the gym is followed up by visits to local stores. I specifically plan my shopping outings to Westminster opposed to Eldersburg or Frederick. The fitness center brings me to Westminster and keeps me there.

I sincerely hope that you will keep the Family Fitness Center a viable option.

Rebecca Duvall
834 Quiet Meadow Court
Westminster, MD 21158

Good afternoon-

I am writing to you in regards to the upcoming vote on the city's 2021 budget and how it pertains to the Westminster Family Fitness Center.

I have been a member at the Fitness center or "the Rec" for the last 7 years or so. I was invited by a friend to attend a class as a drop in and then began attending classes on a regular basis. As an active person and former high school/college athlete, I have attended many gyms in my life, both in and outside of Westminster. The Rec is so different from any of them. On top of being caring, friendly, and helpful, the instructors at the fitness center make their own class plans, they don't pay to be licensed and teach the same boring Les Mills routine for weeks at a time like other gyms. This is a big reason people like the classes! The members there are of all different ages, sizes, and ability levels and we all sweat and swear together without judgment of each other. I know you have already received many emails and messages from other members and they all say the same thing, "the Rec is a tribe, it is a family." These statements are so true. The Rec has the most amazing staff I have ever met, which in turn brings in some really great people. Never have I felt so accepted or so encouraged to work on the best version of myself. While I cannot attend every day due to my work schedule, I am always looking forward to the days I can get to class. Working out does amazing things for both my body and soul, as it does for so many others. I could go on and on about the incredible people and instructors there and how we are a family. I could tell you how I was completely blindsided and heartbroken to find out that one of the places I have missed the most during this quarantine is probably going to be shut down. The truth is, my heartbreak and devastation mean nothing to you.

It has been said that this is all a business decision and that the center has been running at a deficit for years. Since I started at the Rec, the number of members has appeared to increase, especially after the closing of Gold's Gym. Class attendance has been up (I have been in classes where the instructor had to turn people away) and I am seeing more people on the equipment than before which makes me wonder why hasn't the revenue gone up?. Never once, in my years at there have my membership dues increased. I have seen comments from council members on social media saying that people won't want to pay increased dues, often followed up with saying that we can go join the YMCA. The Y is way more expensive and the classes are not the same. This is also the case with many of the other gym options in Westminster. My point is, maybe check with all the members and see if they would be willing to pay more for their membership, or pay a maintenance fee before stating it's not a viable option. It would also be nice if the members could have a chance to help brainstorm ways to help decrease the deficit.

I know that budgets are difficult and sometimes hard decisions need to be made. but I implore you all to give the fitness center more time. I don't believe that everyone was aware of the financial struggles and now that they are aware they can help work to find a solution.

Thank you for your time and consideration.

**Aaron Ryan Kennedy
1300 Fridinger Mill Rd
Westminster MD 21157**

To Whom it May Concern:

I wanted to express my disappointment in hearing about the possible closing of the Westminster Family Rec Center.

I have been a member of that facility since I was a child. Going there to start a lifetime of health and wellness with my family. I went there during my teenage years, preparing myself for high school sports. I went there during the summers back from college. I now go there permanently since moving back to Westminster.

The rec center is iconic as any building in Westminster. You'll see it in almost any media that is highlighting or promoting the city. The basketball court inside was featured in a national advertisement for Under Armor.

This should be a building that highlights the healthy and vibrant atmosphere we want the city of Westminster to be. It would be a shame for it be used to facilitate any services/utilities that wasn't a hub of activity for the life of the city.

The staff that run the gym are also steadfast faces and managers of the many community events, fairs, and races that bring people into downtown Westminster. The center is a facility that provide great services and amenities that other fitness centers cannot provide, from child care, to summer camps, and large scale fitness classes. This is something you should want the city to represent and provide, and not leave it to just private enterprise to fulfill. Downtown Westminster already struggles in comparison to other nearby downtown areas in terms of atmosphere, business activity and vibrancy. It would not do the city well to take a key part of the area and turn it into something faceless and meaningless.

I have not heard about financial issues up to this point and would not have hesitated to pay an increased membership price in order to support the operation of this key facility. I would also donate to any periodic fund raising events for revenue generation, as I am sure any of the lifelong members I have seen there throughout my whole life would also do.

In this time of struggle and despair, it would be the antithesis of what is needed to see a public, front facing center of wellness and community be shutdown. I say we use the willingness of it's members and city residents to keep the Rec open and operating, and use creativity and eagerness to make it even more of an asset to the city.

Westminster, MD 21157

I joined the Family Fitness Center in 1998 and have been an active member for 22 years. Also, over the last year, I have been an employee working in the Childcare facility. I attend classes 4 times a week and personally train once a week with certified trainer, Gabrielle Collins.

The Family Center is a vital part of my daily routine. It provides me with a wonderful jump start to my day. So important in helping me maintain a healthy physical and mental lifestyle! I've met members who have become friends and then the friendships becoming FAMILY! Encouraging and supporting one another through life and its many challenges as FAMILIES do!

What truly stunned and devastated me was the fact that we didn't find out that the Family Center was going to be on the agenda to be discussed as a possibility of it being closed! What a way for the dedicated instructors, trainers, and employees to find out they no longer had a job! We were blindsided by your agenda to close our family gym with only an hour or two's notice! This was not right!!! You might have had the closing of the family center on your agenda for many years, but it was never brought to our attention so we could brainstorm and come up with possible solutions as a team! Once again, this was not right!!

This is more than just a GYM! It's a FAMILY! Based on love and respect for one another's well being, dedication and encouragement for each other's physical and mental health and well being! And most importantly being there to support and encourage each other! Why? Because we are a FAMILY unit!!!

Please reconsider your decision to close our second home! Let's take the time to reason together and come up with solutions and ways to keep the Family Center open to the benefit of all of us!

Thank you for your consideration!

Hi,

My family and I have been members of the Westminster Family Fitness Center from almost the beginning. This place has been a big part of our family's pursuit of maintaining a healthy and fit lifestyle. All ages and abilities can workout here in a relaxed atmosphere without feeling judged or out of place. The fitness classes offered are amazing! The fitness trainers really mix up each class to make working out challenging, but also fun. The staff is always friendly and helpful and we feel like a family because we have been members for so long.

Please consider raising membership fees and adding a yearly maintenance fee to make up the yearly deficit. Maybe even charging members that live outside the city, like myself, a higher membership fee. Honestly, I'm surprised after all these years the membership fee hasn't gone up!

**Barbara Brenner
20 Golden Eagle Ct
Westminster, MD 21158**

My name is Barbara Brenner and I have been a member of the Family Fitness Center for decades. I am also a city resident. The decision to close the fitness center was made at a time where local residents could not attend a meeting and voice their opinion. I believe the way this was handled was the coward's way out. I am **very upset** but this decision. If the budget has been off for several years, why did you not address the problem before now. It sounds to me like there has been serious mismanagement. As a city resident I would like to see an independent audit of the city's budget & expenses and those findings need to be released the city residents.

My property taxes keep rising, but I know that one of the benefits was having a discounted gym membership. So, since bulk trash and yard waste has not been picked up for weeks and now you are closing the gym, I expect a **REDUCTION** in my taxes.

**Josh Knauer

Westminster, MD 21157**

Dear City Clerk Shannon,

Below is the email that I have sent to the entire Westminster City Council. I am also sending it to you for clerical purposes.

City Council,

I am very frustrated & disheartened to hear the decisions that are being made so quickly and with very little input from the electorate with regard to the Westminster Family Center. I feel very little time was given to actually solve the deficit problem that has been plaguing the Family Center & instead the decision to close the Family Center was the only option discussed by the City Council.

I am urging you & the entire city council to reconsider voting on the FY2021 budget until you can find other very plausible alternatives to fund the Westminster Family Center. What about rate increases for members? What about reductions in personnel? It is my understanding that increasing the rate by \$10-\$15 per month would make up a huge portion of the yearly deficit. It is also my understanding that the city would still keep the building because it would still run the Parks & Recreation & summer day camps from there. If that is the case, how much money will really be saved by closing the Westminster Family Center. I think fund-raising & increased membership rates would go most of the distance to saving this fantastic Westminster outreach.

What if the Family Center were funded for fiscal year 2021 & during this year, the public that uses it could be brought into the discussion on how to continue to keep the Family Center open, such as, through donations, pledges, & increased membership rates? I think it could also be a huge positive bonding experience for the city, building relational equity between the members of the Center & the city at large. The Castle could be more than just a building and a fitness center to the city of Westminster. It could be a rallying cry.

To whom it may concern,

I am writing to appeal the decision during Monday May 4th's council work session to close the Family Fitness Center of Westminster. This historic building has become so much more than just another gym to so many people. To close the fitness center at this time would truly be devastating to so many during these uncertain times. **Please do not take away the place that people have housed their hope for when this crisis is over!**

As council members I cannot imagine the difficult position you are faced with to balance a budget. During the meeting, the consensus seemed that upgrading the pool seemed to be the better option than to keep the Family Center. I have a hard time understanding upgrading a pool that is only open 4 months out of the year. On the other hand, the Family Center is pouring back into the community to help the members of the city and surrounding areas year-round. **The pool is a fair-weather friend while the Family Center will be there rain or shine.**

The main argument for closing the Family Center seemed to center around the ratio of memberships of city residents and nonresidents. If this is your primary issue, why not raise membership fees so that the gym is self-sustaining or use fundraisers for improvements. **A valued public good should not be given up on without some efforts to make it work.**

I am part of this statistic. I live outside of Westminster, but I work out and meet friends at the Center. I am also an employee so my interests in keeping one of Westminster's anchor locations open is multi-faceted. Experiencing the center as both a client and an employee, I see the non-specific financial benefits of keeping it open. My friends and I spend money in Westminster after workouts or after meetings. The Family Center not only provides funding through dues, but its draw of non-residents is exactly the type of financial pull a city should want.

Elaine Rafferty

Westminster , Md.21157

Please do not close the gym.
It is a vital part of Westminster.

Chris Rowe
1015 Sullivan Road
Westminster, MD 21157

I too was upset seeing the closure of the Westminster Family Fitness Center. Both of my children who are now grown worked out at the facility and participated in the camps. Now that I have the time with them being grown, I have taken advantage of the Fitness Center yoga classes. I'm disappointed that this will be taken away.

I find this facility to be warm, friendly and non-discriminate of your age. Their staff is able to work with all ages in a combined group. This is not the case in other fitness facilities that you pay more money to attend. Perhaps if this was discussed with members and non-members of the Fitness Center, you will of probably have found that increase in fees would have been more than acceptable.

Thank you.

Pam Faries
6 Tiffany Court
Westminster, MD 21157

As a very long-time member, the news of the gym closing came as quite a shock. I have always felt that the Family Center was one of Westminster's hidden "gems." A great facility, amazing instructors and a vital part of the community. Please reconsider this action.

Rachel Lloyd
98 Marhill Court
Westminster, MD 21158

To whom it may concern,

My name is Rachel Lloyd and I am a resident of the city of Westminster, Maryland. Last night I was deeply upset to hear that the Westminster City Council voted to close the Westminster Family Fitness Center after a few minutes of discussion and only a few hours notice to the voting public in regards to the meeting's agenda. The council also voted to close the fitness center without having a creative discussion with its constituent's input and did not allow the fitness center's members or employees time to propose solutions to keeping the center open and improving the city's financial deficit.

The Westminster Family Fitness Center is the only affordable fitness center in the Westminster area that not only provides a great variety of exercise programs but also provides meaningful childcare by trained and loving staff members. Every time I dropped my daughter off in the daycare room I was reassured that my child was safe while I took time to exercise and improve my health and quality of life. This gym so important to me and my family and I have met so many people at this establishment that have encouraged and motivated me on my journey to good health. To hear that it was closed down without any notice or input from its members was appalling.

I urge you to reconsider the fitness center's closure and meet with its members and staff towards reaching a financially solvent solution to the city's budget deficit.

Thank you for your consideration.

Bob Sommerville
422 London Ct.
Westminster, MD21157

Mayor, Council and Common Council,

The announced closure of the Family Fitness Center hits a lot of people poorly. My wife and friends joined the gym after the closure of Contours Express, a small locally operated gym in late 2000's. My wife and her "gym friends" are elderly, 86 down, and the small and quaint atmosphere of the gym is definitely not intimidating. The staff is always upbeat and friendly which helped make for a fresh daily start to their day. There are others going through rehabilitation and/or have a disability who feel comfortable in the Fitness Center's environment. I'm sure the other members feel the same and it is doubtful that any would join a gym such as Planet Fitness. Yes, she and the others live outside the city limits but are encouraged and do patronize businesses in the city. It is hoped that the closure will be reconsidered and other monetary solutions can be found.

BL Slater

Please keep the Family Center open! Many members like myself have been loyal members for 10 or more years. Affordability friendly staff and some of the best instructors in the state! We would be devastated to lose this facility, especially those of us who are not looking for the big gym environment. Please put the Family Center back in the budget!

Aubrey Schwartzbeck

As a family of first responders we value the Westminster Rec and their staff. We will be deeply saddened to see this gym that keeps our family fit and healthy to help the community in other ways. Please consider upping the membership fees before closing the doors.

April D. Cornett

Good afternoon,

It is my understanding the City is thinking of closing the fitness center due to budget constraints. I became a member 2 years ago after retiring from County service and enjoy using the weight machines and taking the fitness classes.

As a former aerobics instructor, I know how hard it is to motivate and retain members. Your instructors are very talented and make us want to keep coming back. The classes are fun and quite beneficial, physically and mentally, both of which are so important to our well-being. I was so satisfied with the workouts that I took advantage of an offer to pay for a year in advance.

I have made many friends at the gym. It is truly a "family" center. I ask that you reconsider your decision and keep the fitness center open. Perhaps a slight fee increase would help ease the financial issues. I'm sure you would agree that a healthy city and community benefit everyone.

Thank you for allowing me to share my opinion.

Diana Whitson

I live in Atlanta Georgia, but one of my dear lifelong friends lives in Westminster and goes to that gym on a regular basis. She raves about the gym and the people who work there. I am fairly shocked that you didn't give the members time to bring their side to the table or digest the fact that it was closing, as you arbitrarily voted to close it even earlier than you were planning.

I wish you would give this plan a little more time before carrying it out so the people who love the gym can plead their case, or at least get used to the fact it will be no more, and perhaps find another place to continue their classes.

Alice Malin

I am writing to request that you please reconsider your decision to close the Family Center. My family and I have been members since 2009. This place is so much more than just a gym. We are a family. I will say that since 2009 our monthly rate has never changed. If the closing is over a deficit why not give members a chance to help keep the gym open by increasing fees? Most of us would gladly pay more rather than lose what is so important to us. We are a big part of this community, why are our voices and opinions not being heard? Please reconsider this decision.

Kathy Firman

I just heard some depressing news. The Westminster Family Fitness Center will be closing! I am very SAD! I love that gym, not the building, but the family. The classes, instructors, staff and members were top notch! I'm very sad.

Also, right before the fitness center shut for covid I paid the full year gym membership. How will I get a refund?

Very Sorry for all involved,

Genice Rill

Someone told me they were voting to shut it down, I was devastated to hear this. I don't know why I was not informed of such meeting. This is our only place to go and get workouts in Westminster at nice place. I have been a member for several years because I loved what it offered.. this is our family and like a home.. I will Greatly disappointed if this gets closed as there is no other safe place to workout in the area.. free of judgment free or harassment free of what other gyms allow.. please if there is anything that can be done to save this gym.. do it..

Respectfully

Sarah Delaney

Good Morning Mayor

As a resident of the city of Westminster, I implore our government to retain The Family Fitness Center. Thank you for your time in reading the below.

It is so important to SO many membership and tax paying residents who need a safe and convenient place in our town to be active! Sadly, despite some not wanting to admit it the town continuously battles unsafe areas where loitering, littering, graffiti, drug and alcohol abuse take place. This limits centrally located areas where families and individuals feel safe exercising.

Why would the town's leaders consider removing such a positive place that promotes exactly the opposite activities, is heavily used year round, and adjacent to the city park grounds which also promotes family and individual fitness and activities both indoor and out? Why would during a state of flu pandemic the town's leaders consider taking away a place that people PAY to visit, which promotes health and well being for its residents without polling the residents? Will the town's leaders also be taking away the park grounds to build more offices or parking garages rather than focus on filling the ones it already has vacant?

As a city resident homeowner, small business owner and property manager with a degree in business and marketing, I comprehend and sincerely appreciate the need to work to annual & multi-year budget plans however why not consider increasing cost of membership to account for gaps in the budget? Town residents are already contributing to and watching things take place like the renovation of the old BB&T for new city offices, please leave the one community centric building left that is FOR the people!

It is truly a gem and an attraction for residents when moving into town, having an affordable family fitness center within walking distance. Additionally, I am personally aware of non-city members who travel IN to town to spend their money and attend our gym. While they are here they likely also pay for parking, grab a coffee, grab lunch, get gas... how can this not be good for our businesses?

This fitness center is attracting the right type of people, hardworking tax paying families, to our downtown. I think a successful campaign for rejuvenating Westminster after all of this pandemic is through is an "#ourdowntown" campaign to promote businesses in town, events and make it a place people want to open their small shop or move their family, and develop more old fashioned American pride of their hometown. I would be happy to help with this.

If the city of Westminster wants to continue to improve the downtown area and culture (which honestly in recent years with street festivals, carnivals, increased police presence, paving roads and more it has been doing a great job) and reduce vacant homes and empty business buildings, it should keep the 'good' that is already here!

Thank you for listening! Please show us our leaders priorities are aligned with your people, and consider alternative ways to make up for budget deficits. SAVE THE REC!

MWCoons

Please allow me to add my voice to those protesting the proposed closing of the Family Fitness Center.

It has been my experience that this facility has been a public boon to local folks of all ages. I have witnessed this on a personal level. I feel closing Longwell will be a glaring negative in terms of public health and well-being.

In addition, the proposal to apply the "savings" to the evidently under funded fiber optic project (CC Times 5/6/20) is unconscionable on many levels, not the least of which is trading physical activity for more and more sedentary pursuits.

Also, the twilight nature of this decision making process is worthy only of your federal counterparts. I would expect better at the local level.

Please work to keep the Family Fitness Center open.

Lois Weaver

Please do not close the Fitness Center. I have lived in Westminster for 61 years (now at CLV) and go to the center 3 times per week. It is the only place for older citizens like myself to have an aerobics class with a live instructor, along with many other friends, who have all been together for over 30 years. The Old Armory is a big part of our lives and we would miss it so much. After class we walk in downtown Westminster, visit the Library, stop at coffee shops, etc. I love Carroll Co. and Westminster. Please consider my plea. Thank you.

Kelly Price

To Whom it may concern:

I am sending this email in regards to the possible closing of Westminster Family Center. This gym is more than just a gym. It is a family who works out together and supports one another not only in the gym but in life. They have amazing instructors and classes as well as support staff. Please don't break this gym up. It is the best gym I've ever gone to and feel like it is part of my family. Thank you for taking this in to consideration.

Kristi Wilson

To whom it may concern,

Please don't close our gym! As a public servant and mom I cannot tell you how much the few months I have been a member has changed my life. It is one of the only places locally that I can afford to bring my children and get a quality workout. The staff has been beyond wonderful and the trainers are supporting us through all of this time without the facility. Beyond the improvement of my physical health I have found my mental health to be much better. This facility provides such a well rounded variety of classes. I have benefited from the peace of yoga and the push from the trainers in the high intensity classes and cycle. There is a wide variety of ages and fitness levels that utilize the facility. I have never been made to feel awkward or out of place like other gyms. My kids absolutely love the childcare staff! I feel safe leaving them and they always ask to stay longer.

In a time of such change and uncertainty please allow the gym to remain a part of our lives.

Please show your support for the physical and mental health of your local community. And the safety of our children.

Elizabeth Gibson

My name is Elizabeth Gibson, I live here in Westminster. I'm also a member of the Family Rec center, this center is not only the place I go an work out, it's a place where we are a family. This place provides a summer camp for the kids in the community, there are a lot of parents out there that cannot afforded the expensive camps, and this center helps them to provide their kids with a place where they can make new friends and creat new memories.

Instead of just throwing in the towel give us the members a change to try and save this center... which we all fondly call our castle.

Why not raise our fee by \$10.00 a month. Let us have fundraisers.

Please take into consideration that people would be losing their jobs, and they have families also to take care of.

In time like this we should be standing together not try and take away from us the people something that holds us together.

Elizabeth Naomi Gibson.

Elise Davis

To whom it may concern. As a volunteer at the community I value Westminster rec as a gym to keep me fit and healthy please consider upping the membership fees before closing the doors. I love the gym and the community it has created.

Juliette Clark

To whom it may concern,

I am sending this email in hope to help persuade you to not close the family rec center. It is another home for so many of us. I went when I was in college and started coming again now that I am a mother of 2. It is a place I trust to have my children taken care of when I work out and get a little alone time to myself. I have met so many wonderful people I now consider my close friends at the family center. If there is anyway possible you can reconsider and help keep the gym open for the community it would be a huge benefit to everyone. Westminster has some bad parts to it and the family center brings a lot of good to the community.

Thank you for time. I truly hope you read everyone's emails and take our thoughts into consideration.

Julia Smith

Hello,

I just saw tonight's budget meeting and wanted to share how deeply important this gym is to me. I have never felt such a sense of community. PLEASE do not close this place.

Lauren Whitecotton

My family and I have been going to the Rec for 4+ years. We value our relationships with our fitness family and attribute our overall health and wellness to our 5 day-a-week workout schedule. We've never been in better shape. Please consider increasing prices before you close.

Meg Haines

To whom it may concern,

If you close The Family Rec Center you will be doing the Westminster community a huge disservice. Not only did my husband grow up going to the gym, but now our kids get to! They get to see mom and dad have a healthy active life. I dont want to sound cliché but this gym gave me friends and my life back after having my first child. It's part of our everyday life and my kids (3 years old & 10 months old) have made so many friends in childcare. We attend just about every single event the gym has and my son and I run together in all the fun runs. The gym has brought the community together in such a positive way and I can not see anything good from closing it. I hope you take this into consideration.

Brittany Smetzer

Hi!

Not sure if the rumor I hear going around is true or not but closing the Westminster family fitness center would be detrimental to our little cities economy, aesthetic, and atmosphere. There is absolutely no positive effect that this can have. The events that the city puts in are highly advertised at this gym. Many if not all of the members who belong to this gym use it religiously and attend all of these city wide events to help support each other, our town and our gym. You will be severing a huge family of Westminster city supporters by closing down our one space where we can safely meet and support one another.

In short, by closing this gym you will lose advertisement for your city events which will in turn effect participation, which will then effect the extra funds you would have received from these events. Let's face it. Our city needs all the funding it can get to remain liveable for many. This gym is the only affordable option of its kind and is a bright spot in a seemingly dark part of town.

You have no idea the family that unites within these walls and the support they give one another physically, mentally and emotionally. If you did this would not be an option.

I hope you will hear my words and feel the emotions that are tied to allowing this service to remain for its members.

Have a nice evening.
