Committee member Camlin mentioned to require a drawing for proposed awnings and how awning requirements should be in a separate section of Code.

The Committee suggested replacing square footage with sign area; distinguishing blade signs from wall signs; keeping all signs no higher than the first floor; and sub-categories under prohibitions in windows.

Committee member Ameduri suggested making a distinction between downtown signs vs all other signs when it comes to internally lit signs.

The Committee wanted to look at Frederick's sign code.

The meeting adjourned at 7:22 PM.
